Explanation

- Subunit A Extraction Well
 - Subunit A Injection Well
 - Subunit B Extraction Well
 - Subunit C Extraction Well
 - Groundwater Treatment System
 - Treated Groundwater From Treatment Systems
 - Untreated Groundwater From Extraction Wells
 - Former UPI Property

| TCE Concentration (ug/L) | <ul style="list-style-type: none"> 5 - 20 20 - 50 50 - 100 100 - 1,000 >1,000 |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Note:
The isoconcentration contours shown represent interpolated approximations of the distribution of TCE in groundwater based on available data.
