MISSION

Food Well Alliance is a collaborative network of local leaders working together to build thriving community gardens and urban farms across metro Atlanta.

VISION

We believe that locally-grown food is a tool to build healthier communities and that thriving community gardens and farms strengthen the heart of cities.

OUR TEAM

HOW WE WORK

Food Well Alliance accomplishes its mission through **three core programs**:

RESOURCE CENTER: We provide centralized access to funding, volunteers, technical assistance, compost, and tools to help gardens and farms grow more food for their communities.

POLICY & ADVOCACY: We empower local government leaders to develop inclusive policies and plans that include resources for gardens and farms, like compost and land, to ignite a regional coalition for urban agriculture.

EVENTS & EXPERIENCES: We design and execute unforgettable events, stories and educational experiences that connect communities — young and old — to where fresh, locally-grown food comes from.
