

# Federal Business Opportunities (FedBizOpps) Update

Notices for October 19-25, 2015

This update contains summaries of procurement notices issued between October 19-25, 2015 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

## **S--HAZARDOUS WASTE REMOVAL SERVICES (COMBINE)**

**SOL:** VA24716Q0034

**DUE:** 102715

**POC:** Janica Francis-Hunter, Contracting Officer (90C), [Janica.Francis@va.gov](mailto:Janica.Francis@va.gov), 843-789-6448, Fax: 843-789-6406.

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/VA/ChaVAMC/VAMCCO80220/VA24716Q0034/listing.html>

**NAICS:** 562112. This announcement constitutes the only solicitation; quotes are being requested and a written solicitation will not be issued. Hazardous waste removal services will include all service, supplies, labor, analysis, and support to categorize, package, transport, prepare documentation, and dispose of hazardous wastes requested WITH THE EXCEPTION OF biohazardous and/or radioactive wastes. This requirement is for one base year and four option years. Vendors are therefore asked to completed price list for each year (30-day performance period) in their response, and to include a Grand Sum Total for Base year and 4 Option Years. THIS SOLICITATION IS ISSUED AS A TOTAL SMALL BUSINESS SET-ASIDE, NAICS code 562212 with a size standard of \$38.5M. OFFERS ARE DUE BY OR BEFORE 1:00 PM ET ON OCTOBER 27, 2015. Only electronic offers (email) will be accepted.

## **AFICA ENVIRONMENTAL SERVICES & CONSTRUCTION ESC-PACAF (SRCSGT)**

**SOL:** FA8903-16-R-0006

**DUE:** 110315

**POC:** Tracy E Harris, Contract Specialist, [tracy.harris.8@us.af.mil](mailto:tracy.harris.8@us.af.mil), 210-395-8714; Katherine P. Zapata, Contracting

Officer, [katherine.zapata@us.af.mil](mailto:katherine.zapata@us.af.mil), 210-395-8732.

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/notices/f8a78fd8c76655408fd07fefeecd897a>

**NAICS:** 562910. The 772d Enterprise Sourcing Squadron/Environmental Services Contracting (772 ESS/PKS) at Joint Base San Antonio (JBSA), Lackland, TX, is planning to contract with firms to perform environmental services and construction to address environmental needs at Air Force installation locations within Pacific Air Forces (PACAF) regions. IF OR WHEN THE RFP IS ISSUED, THE GOVERNMENT WILL SEEK TO AWARD MULTIPLE IDIQ CONTRACTS UTILIZING 100% COMPETITIVE SMALL BUSINESS SET-ASIDES. All categories of small businesses are being looked at during this market research phase. 772 ESS/PKS is considering the inclusion of firm-fixed-price and cost-plus-fixed-fee pricing arrangements in each contract. Each contract likely will have a 5-year basic ordering period with performance to continue up to 36 months after the end of the ordering period. It is anticipated that contractors will be required to provide for environmental conservation, environmental compliance, pollution prevention, environmental remediation, and environmental operations and maintenance support activities necessary to support AF and Air Force Civil Engineer Center (AFCEC) environmental mission requirements. Activities include but are not limited to Environmental, Safety, and Occupational Health Compliance Assessment and Management Program (ESOHCAMP); air quality; cultural resources; hazardous material management; hazardous waste management; natural resources; pollution prevention; remedial action operations and maintenance; long term monitoring; pesticide management; petroleum, oil, and lubricants (POL) management; solid waste management; storage tank management; asbestos, radon, lead-based paint and other lead-containing materials; wastewater and stormwater annual permitting; drinking water surveillance; ordnance removal and disposal; precision leak testing; environmental baseline surveys; and environmental impact analysis process. Examples of specific services include tasks such as operating and maintaining pollution control or remedial action operations equipment; characterizing waste streams; environmental monitoring, sampling, and analysis; operating a hazardous waste accumulation site; and updating existing environmental plans. The following are not expected to be included in the scope of any contract: stand-alone design, traditional construction, advisory and assistance services, and basic research. The Questionnaire attached to the FedBizOpps notice is to be completed electronically and submitted via email to the Contracting Officer and Contract Specialist. RESPONSES MUST BE RECEIVED BY OR BEFORE 12:00 CT ON NOVEMBER 3, 2015. This RFI is issued for the purpose of developing a viable solicitation that will best communicate the Government's requirements to industry. Response to this RFI is strictly voluntary and will not affect any firm's ability to submit an offer if, or when, a solicitation is released.

**MARKET RESEARCH AND SOURCES SOUGHT NOTICE FOR INFORMATION ON CAPABILITY AND AVAILABILITY OF POTENTIAL CONTRACTORS INTERESTED IN PROPOSING ON AN IDIQ FOR A-E USACE, MOBILE DISTRICT TO PROVIDE WATER AND WASTE WATER ENGINEERING SERVICES (SRCSGT) Sol: W91278-16-L-0001**

**DUE:** 110315

**POC:** Joyce F Powell, Contract Specialist, [joyce.f.powell@usace.army.mil](mailto:joyce.f.powell@usace.army.mil).

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA01/W91278-16-L-0001/listing.html>

**NAICS:** 541330. This announcement constitutes a Market Research and Sources Sought Notice for information on capability and availability of potential contractors interested in proposing on an IDIQ contract for Architect and Engineering Services for the Mobile District Water and Wastewater Technical Center of Expertise (TCX) and South Atlantic Division, U.S. Army Corps of Engineers, to provide water and wastewater engineering services. The contractor should anticipate requirements to perform services at federal/military projects mainly in the Continental United States, with possible work in South or Central America and other outside the continental United States locations as assigned to the Mobile District. The purpose of this Sources Sought Notice is to gain knowledge of potential qualified small businesses, HUBZone, 8(a), service-disabled veteran-owned, and women-owned small business firms. Responses to this notice will be used by the government in making appropriate acquisition decisions. The U.S. Army Corps of Engineers, Mobile District, anticipates a future procurement to acquire an IDIQ contract for A/E services for the Mobile District to provide design and cost engineering services for Civil Works, Military, Support for Others (SFO), and Hazardous Toxic & Radioactive Waste (HTRW). A-E Services provided under this contract would include, but are not limited to, full 100% design, assessments, and evaluations, for projects that are highly correlated to water and wastewater projects. All the parametric services associated with the problem investigation and defining the problem solution shall be provided, including services such as information and data gathering, interviewing and investigations, utility locations and GIS application; utilization of membranes for water and wastewater applications, water treatment processes and technologies, and wastewater treatment technologies; bench-top chemistry, and/or testing for biological nutrient reduction as required; bio-gas production and capture, bio-filter technology, odor reduction, sludge reduction, and disposal technology implementation; energy reduction and optimization for water and wastewater applications; experience with leak detection methodologies and leak location pinpointing; utilization of software for development and calibrating models of water and wastewater networks such as WaterGems, SewerCad, etc.; processing programs simulating chemical precipitation unit operations, wastewater treatment processes such as Bio-Win or other proven in-depth biological, chemical, and physical process modeling software; extensive knowledge of pumping systems and pumping stations to include water, wastewater, stormwater, and irrigation systems; familiarity and experience with "purple pipe" applications and reuse of treated wastewaters, wastewater reduction programs, water conservation, energy conservation, and best management practices (BMPs) for water and wastewater applications. The proposed contract duration will be five years. Sources are being sought for firms with an NAICS code of 541330 and a Small Business Size Standard of \$15M annual receipts averaged over three years. CAPABILITY STATEMENTS ARE DUE BY OR BEFORE NOVEMBER 3, 2015, via email [joyce.f.powell@usace.army.mil](mailto:joyce.f.powell@usace.army.mil).

**NAICS:** 562910. This notice is NOT a solicitation. The purpose of this sources-sought notice is to perform MARKET RESEARCH. Responses to this notice will be used by the Government to make appropriate future acquisition decisions.

The U.S. Army Corps of Engineers, Europe District, requests letters of interest from qualified firms interested in performing work in support of environmental surveillance and remediation services. Under this planned contract, the Contractor shall provide all labor, supervision, transportation, supplies, vehicles, tools, materials, equipment, and incidental services required to execute and document results of environmental remediation projects at DoD facilities.

\*\*\* Examples of remediation work to be performed under this contract shall include but not be limited to: (1)

Construction and operation of a passive barrier/adsorption wall remedy previously approved by Host Nation authorities to remediate petroleum-contaminated groundwater for a large contamination area. In addition the work includes

operation and maintenance of an existing pump-and-treat system as a failsafe. Long-term management and

monitoring shall be included according to the Host Nation permit. (2) Performance of a study/evaluation of

perfluorochemical (PFC) contamination to include collecting and analyzing data, providing remediation

recommendations, and possibly evaluating PFC remediation effectiveness of existing systems. (3) Optimization of a

chlorinated solvent pump-and-treat system to include implementation and operation of the optimized system. (4)

Performance of site-wide annual environmental surveillance of groundwater, surface water, and sediment. Work

includes optimization of overall monitoring regime and achieving site closure at sites that have met all

post-remediation monitoring requirements. Contaminants include explosives, metals, TPH, POL, PAH, and VOCs. (5)

Landfill monitoring to include surveying, site inspections, sampling of groundwater, surface water, leachate, and gas.

(6) Preparing work plans, quality control plans, quality assurance plans, and health and safety plans. (7) Reports

written in technical English and German. Includes data entry and updates to existing databases at the installation. (8)

Host nation coordination. \*\*\* This Contract will be used to support the U.S. Army Garrison, Bavaria, Germany. Small

and Small Disadvantaged Business requirements are waived for this project due to its location being OCONUS. NOTE:

IF YOU DO NOT INTEND TO SUBMIT A PROPOSAL FOR THIS PROJECT WHEN IT IS FORMALLY ADVERTISED, PLEASE DO

NOT SUBMIT A RESPONSE TO THIS SOURCES SOUGHT SYNOPSIS. The Government intends to award a

firm-fixed-price commercial services contract. The contract performance period will be for one Base year of 12 months

and four 12-month option years. RESPONSES TO THIS ANNOUNCEMENT ARE DUE BY OR BEFORE 1000 HRS CENTRAL

EUROPEAN TIME ON NOVEMBER 6, 2015, via email [tcandace.c.lotomau@usace.army.mil](mailto:tcandace.c.lotomau@usace.army.mil).
