

Federal Business Opportunities (FedBizOpps) Update

Notices for July 20-26, 2015

This update contains summaries of procurement notices issued between July 20-26, 2015 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

S--HAZARDOUS WASTE REMOVAL & DISPOSAL (SRCSGT)

SOL: VA25615N0835

DUE: 072915

POC: Bailey Long, bailey.long@va.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/VA/VACAHCS598/VACAHCS598/VA25615N0835/listing.html>

NAICS: 562112. The purpose of this notice is to gain knowledge of potential qualified sources and their size classification (service disabled veteran owned small business, veteran owned small business, HUBzone, 8(a), small disadvantage business, woman-owned, small business, or large business) relative to NACIS 562112 (size standard \$38.5 Million). Responses to this notice will be used by the Government to make appropriate acquisition decisions. The Central Arkansas Veterans Healthcare System is seeking sources that can classify, package, transport, and destroy hazardous materials from Eugene J. Towbin Health Care Center and John L. McClellan Memorial Hospital according to local, state, and EPA regulations and laws. The government intends to award a single contract to purchase the services listed. Email responses to this notice to Bailey Long: bailey.long@va.gov. RESPONSES MUST BE RECEIVED BY OR BEFORE 12:00 NOON CDT, JULY 29, 2015. Telephone responses will not be accepted.

CHEMICAL ANALYSIS SERVICES (SRCSGT)

SOL: FDA-SS-15-1146769

DUE: 073015

POC: Emmanuel T. Mbah, Contract Specialist, Emmanuel.mbah@fda.hhs.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/HHS/FDA/DCASC/FDA-SS-15-1146769/listing.html>

NAICS: 541380. The sole intent of this Sources Sought Notice is to obtain capabilities for set-aside and procurement planning purposes. The potential small business will need to demonstrate the capability to perform ALL facets of the described work. The NAICS code for the proposed acquisition is 541380, Testing Laboratories, with a small business size standard of 500 employees. The U.S. Food & Drug Administration (FDA), Office of Acquisitions and Grant Services has a requirement to purchase "Chemical Analysis Services" for a base year (12 months) and four option years. FDA's Center for Food Safety and Applied Nutrition (CFSAN) and its various offices nationwide, including the Office of Regulatory Science, the Office of Food Safety, the Office of Food Additive Safety, and the Office of Compliance, has a need to obtain information about the levels of chemicals in a wide variety of foods, dietary supplements and cosmetics through the collection of food, dietary supplement, and cosmetic samples, and their subsequent analysis by chemical analytical methods to be specified by CFSAN. The Contractor shall collect raw, minimally processed (e.g., bagged), and processed/package foods, dietary supplements, and cosmetics from local supermarkets and stores in major metropolitan areas in some parts of the United States. The types of samples to be collected for these studies will include food products from across the United States, including fresh fruits and produce, packaged and processed foods of all types, dietary supplements, and cosmetics. The analytical targets of these studies will include chemical contaminants in foods (e.g., pesticides, industrial chemicals), direct food additives, indirect food additives (those produced by processing or transfer from packaging), deliberate adulterants, nutrients, and naturally occurring chemical components (such as metals), as well as the chemical constituents of dietary supplements, botanical extracts, and cosmetics. The analytical methodology for any specified study will be established and provided by CFSAN, and shall include methods based upon state-of-the-art analytical techniques, including many based on instrumental analysis with various types of separation techniques and spectrometers. The contractor shall possess an ISO 17025 Accreditation or the equivalent. This is a "Go" or "No Go" requirement. All services, unless otherwise agreed to by the COR (TBD), must occur or shall be performed at the contractors facility. Responses to this sources sought notice shall unequivocally demonstrate that the respondent is regularly engaged in the performance of the same or substantially similar services, tasks or items. RESPONSES ARE DUE BY OR BEFORE 12:00 PM ET, JULY 30, 2015.

ABATEMENT OF LEAD AND ASBESTOS-CONTAINING COATINGS (SRCSGT)

SOL: HSCG40-15-S-LDABT

DUE: 080315

POC: Walter A. Mack, walter.a.mack@uscg.mil, 410-672-6162.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DHS/USCG/USCGELC/HSCG40-15-S-LDABT/listing.html>

NAICS: 562910. This notice is issued by the U.S. Coast Guard, Surface Force Logistics Center, Baltimore, MD to identify sources capable of providing services to abate lead and asbestos-containing coatings from the bulkhead, deck, and overhead surfaces onboard CGC Eagle located at USCG Yard, 2401 Hawkins Point Road, Baltimore, MD 21226. It is anticipated that a firm, fixed priced one-time contract will be awarded for this service. Delivery schedule is critical since

expected services are to take place during the vessels availability. The applicable NAICS Code is 562910, Remediation Services and the size standard is \$20.5 million. This is a SOURCES SOUGHT NOTICE, not a pre-solicitation notice or solicitation for proposals/quotations. The purpose of this notice is to: (1) determine if sources capable of satisfying the agency's requirements exists, (2) determine if commercial items suitable to meet the agency's needs are available or could be modified to meet the agency's requirements, and (3) determine the commercial practices of company's engaged in providing the needed service or supply. Pursuant to FAR Part 6 and FAR Part 19, competition and set-aside decisions may be based on the results of this market research. The Government will allow competitive offers to be submitted for this requirement; however, all offers MUST provide experience with lead and asbestos-coating abatement onboard MARINE vessels. Concerns having the expertise and required capabilities to provide the services described in this notice are invited to submit complete information discussing the same within 14 calendar days from the day this notice is posted. Companies may respond to this Sources Sought Notice via email to walter.a.mackir@uscg.mil RESPONSES ARE DUE BY OR BEFORE 12:00 PM ET, AUGUST 3, 2015.

NAICS: 236220. This is a Sources Sought Synopsis announcement; market survey for information only, to be used for preliminary planning purposes. The purpose of this synopsis is to gain knowledge of interest, capabilities and qualifications of various members of the small business community to compete and perform a firm-fixed-price contract. The contractor shall furnish all plant, supervision, labor, material, equipment, incidentals, supervision and transportation for work necessary to remediate and repair (7) Live Action Target Shoot Houses, at Fort Bliss Range 69, Texas. Asbestos and lead-based paint testing was conducted by the Government. The contractor shall provide an abatement plan in accordance with all federal, state, and local regulatory requirements for Government review and approval prior to the start of work. The contractor shall adhere to the "Guidance for Cleaning and Maintenance of Indoor Firing Ranges." After work is complete the contractor shall provide clearance report for all areas. The proposed project will be a sole-source, firm-fixed-price construction contract procured in accordance with FAR 15, Negotiated Procurement using "Best Value" trade-off process. The type of set-aside decision to be issued will depend upon the capabilities of the responses to this synopsis. The estimated construction price range for this project is between \$1,000,000 and \$5,000,000. Estimated duration of the project is approximately 180 calendar days and is subject to change with the solicitation. The NAICS code for this procurement is 236220, with a small business size standard of \$36.5 million. RESPONSES TO THIS SOURCES SOUGHT ARE DUE BY OR BEFORE 12:00 PM CT, AUGUST 6, 2015, via email to Mike Duran, Contract Specialist, at robert.m.duran@usace.army.mil. The anticipated solicitation issuance date is on or about 10 Aug 2015, and the estimated proposal due date will be on or about 10 Sept 2015.

NAICS: 541690. The Department of Defense, Rapid Reaction Technology (RRTO) Innovation Outreach Program and the National Aeronautics and Space Administration (NASA) Johnson Space Center will conduct a Solutions Meeting at Houston, Texas, in October 2015. The Solutions Meeting provides selected innovative companies with an opportunity to make short technical presentations to government representatives about their technologies and products. There is potential that companies may be selected for pilot projects or experimentation if their technology appears to match specific agency needs. Among the listed innovative technologies and capabilities sought by the Department of Defense and NASA Johnson Space Center are the following needs within the area of Environmental Sensing: *Improved gas chromatography/mass spectrometry; *Autonomous /miniaturized atmospheric monitors for constituent gases; *Real-time volatile organic compound (VOC) analysis; and *Anomaly detection. Companies interested in participating in the Solutions Meeting should submit an application to RRTO Innovation via email to osd.pentagon.ousd-atl.mbx.rrto-innovation@mail.mil (Note: Only 1 application is permitted per company.) ALL APPLICATIONS MUST BE RECEIVED BY OR BEFORE 5:00 PM EDT, AUGUST 13, 2015.

REQUEST FOR INFORMATION (RFI) FOR CHARACTERIZATION OF AND MEDICAL COUNTERMEASURES AGAINST BIOLOGICAL TOXINS (SRCSGT)

SOL: HDTRA1-15-RFI-CBM

DUE: 082815

POC: J9CBM Sources Sought Mailbox: dtra.belvoir.J9.list.hdtra1-15-rfi-cbm@mail.mil.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/ODA/DTRA/DTRA01/HDTRA1-15-RFI-CBM/listing.html>

NAICS: 541711. The Defense Threat Reduction Agency (DTRA) is seeking sources of fundamental toxin characterization, and new or repurposed medical countermeasures (MCMs) against naturally occurring biological toxins. MCMs include both vaccines and therapeutics with efficacy against either pre- or post-exposure toxin indications. This is a Request for Information (RFI) issued for planning purposes, NOT a solicitation for proposals, proposal abstracts, or quotations. DoD is not seeking proposals at this time and will not accept unsolicited proposals. This notice is open to all sources. DTRA is interested in exploring characterization and countermeasure strategies that are capable of informing and protecting the warfighter against the lethal or incapacitating effects of biological toxins. DoD welcomes engagement of all qualified sources of technologies in the aforementioned domain. Interested parties should fully describe their technology and provide all available information with respect to the criteria listed in the notice at FBO.gov. RESPONSES ARE DUE BY OR BEFORE 14:00 PM ET, AUGUST 28, 2015, via email to dtra.belvoir.J9.list.hdtra1-15-rfi-cbm@mail.mil.

R--SCIENTIFIC HEALTH AND ENVIRONMENTAL ASSESSMENT AND DOCUMENT PROCESSING SUPPORT (PRESOL)

SOL: SOL-DC-14-00041

POC: Christine Edwards, Edwards.Christine@epa.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/EPA/OAM/HO/SOL-DC-14-00041/listing.html>

NAICS: 541620. EPA's Office of Acquisition Management (OAM) intends to issue a solicitation as competitive full and open procurement on behalf of EPA's Office of Chemical Safety and Pollution Prevention (OCSPP), which is based in Washington, DC. SOLICITATION RELEASE IS EXPECTED ON OR ABOUT AUGUST 10, 2015. The subject requirement will provide scientific technical support for EPA's OCSPP, Office of Pollution Prevention and Toxics (OPPT). The purpose of this requirement is to provide support for hazard evaluation, exposure assessment, risk screening, and assessment functions of OPPT related to programs for Premanufacture Notice (PMN) reviews and existing chemicals reviews. It is the government's intent to award a cost-plus-fixed-fee contract for a potential period of performance of 5 years, including all available options. It is anticipated that the level of effort for each performance period will be 25,000 hours, with an available optional quantity amount of 10,000 hours, for a total level of effort of 175,000 for the contract. In order to be awarded a contract under this requirement, a contractor and any subcontractors who may require access to Toxic Substances Control Act (TSCA) Confidential Business Information (CBI) must have the ability to receive and maintain TSCA clearance. For additional information on the requirements of the TSCA clearance, refer to the TSCA CBI Protection Manual, which is available at <http://www.epa.gov/oppt/pubs/tsca-cbi-protection-manual.pdf>. When the RFP is released, all documentation will be available ONLY ON FEDCONNECT, and proposals and all correspondence must be submitted via FedConnect at <https://www.fedconnect.net/FedConnect/?doc=SOL-DC-14-00041&agency=EPA>.
