## SOURCES SOUGHT: ASBESTOS REMOVAL (SRCSGT)

**SOL:** FA4887-16-RFI-ASBT

**DUE:** 020916

**POC:** SrA Ryan Shappell, Contract Administrator, [ryan.shappell@us.af.mil](mailto:ryan.shappell@us.af.mil), 623-856-2784; Joshua Wolery, LGCB Team 2 Lead, [joshua.wolery.2@us.af.mil](mailto:joshua.wolery.2@us.af.mil), 623-856-9665.

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/USAF/AETC/LukeAFBCS/FA4887-16-RFI-ASBT/listing.html>

**NAICS:** 562910. The 56th Contracting Squadron, Luke AFB, Arizona, is conducting market research to determine the existence of interested sources capable of providing all personnel, equipment, supplies, transportation, tools, materials, supervision, other items and non-personal services necessary to perform all operations required in connection with the IDIQ remediation contract, which includes response to and assessment, containment, decontamination, mitigation, removal, transportation, disposal, and stabilization of asbestos-containing material (ACM), mold, and/or lead-containing material (LCM), and related projects as specified. Particularly, the purpose of this notice is to gain knowledge of potential small business sources in the following categories: small business, certified 8(a), certified HUBZone, service-disabled veteran-owned small business (SDVOSB), and woman-owned small business (WOSB) having the skills, capabilities, and bonding necessary to perform the described project. Interested firms are encouraged to provide feedback via email to Ryan Shappell at [ryan.shappell@us.af.mil](mailto:ryan.shappell@us.af.mil). The capabilities will be evaluated solely for the purpose of determining whether to set the procurement aside for the small business community or to conduct the procurement under full and open competition. The anticipated aggregate not-to-exceed amount for this IDIQ contract is \$500,000 or five years (one base plus four option years), whichever comes first. The NAICS Code is 562910, the size standard is \$20.5 million, and the Federal Supply Code is F108, Hazardous Substance Removal, Cleanup, and Disposal Services. CAPABILITY STATEMENTS ARE DUE NO LATER THAN 9:00 AM MT ON MONDAY, FEBRUARY 8, 2016.

#### **ENVIRONMENTAL / ORDNANCE ACTIVITIES (COMBINE)**

**SOL:** W912DY-15-R-0216

**DUE:** 021216

**POC:** Kimberly Robinson, [Kimberly.M.Robinson@usace.army.mil](mailto:Kimberly.M.Robinson@usace.army.mil), 256-895-1151.

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA87/W912DY-15-R-0216/listing.html>

**NAICS:** 562910. The U.S. Army Engineering and Support Center, Huntsville (CEHNC) will be soliciting proposals on A SMALL BUSINESS SET-ASIDE BASIS for environmental/ordnance activities at various locations and areas within the Pacific Ocean Division (POD) area of responsibility (AOR) under solicitation W912DY-15-R-0216. For this acquisition, CEHNC proposes to award an IDIQ firm-fixed-price multiple-award task-order contract (MATOC). RELEASE OF THE RFP IS ANTICIPATED APPROXIMATELY 15 DAYS AFTER THE POSTING OF THIS ANNOUNCEMENT [I.E., ON OR ABOUT FEBRUARY 12]. CEHNC is seeking three small business contractors to provide environmental services for the Honolulu District. These services are to assist the Honolulu district in the acquisition and execution of their environmental and ordnance work and with the adherence to the requirements of the various state, federal, and/or local requirements. The firms selected for this MATOC shall have experience in working within the Pacific Rim and should be knowledgeable in the regions geology, hydrogeology, biology, historic preservation, and sociology. The service required include the preparation of environmental documents to meet environmental requirements of various federal, state or local laws and/or regulations and to provide environmental cleanup and remediation for hazardous/toxic radioactive waste studies and the military munitions response program. This also includes services for any ordnance issues, surveys, remediation, and removal. The contractors shall, under the performance work statement in each task order, perform the following tasks: conduct appropriate field surveys, visits, interviews; prepare required safety and health plans; conduct literature or document searches; execute suitable studies and prepare satisfactory reports; prepare required research designs; perform site monitoring, hazards investigations, and human health and ecological risk assessments; execute suitable cleanup activities; assist with community relations and public outreach as needed; and prepare site assessment reports, site characterization reports, and site monitoring and disposal of HTRW and/or ordnance. This work will be conducted by the contractor with a primary emphasis on assisting in compliance with environmental laws and regulations.

**NAICS:** 562910. This announcement is directed to the SB ERSC MATOC Contractors for IDIQ Contracts W912QR-12-D-0006 through W912QR-12-D-0011 to provide environmental & restoration services contract services for a broad spectrum of environmental services for the Louisville District, and all of the USACE mission boundaries. Submittal of a price proposal is requested for NESHAPS/Hazardous Materials Survey at Beale AFB, CA, as detailed in the scope of work, drawings, and specifications posted on FedBizOpps. The documents are locked and are available for download only on the FBO website. The basis for award of this task order is lowest evaluated price. Each proposal should include a price breakdown and/or labor category table demonstrating the use of the binding rates included in the MATOC contract. The submitted price breakdown should include sufficient detail to allow the Government to verify that your proposed price incorporates the binding rates from the base contract. Any level of effort shown in the submitted information will not be used for evaluation purposes and will be used only to ensure that the proposal is in compliance with the binding rates from the base contract. Proposals that fail to submit a price breakdown or fail to use the binding rates from your MATOC will not be considered. Proposals submitted in response to this RFP shall be good for no less than 90 days. PROPOSALS ARE DUE NO LATER THAN 2:00 PM ET ON FEBRUARY 17, 2016, via email to [Justin.K.Bennett@usace.army.mil](mailto:Justin.K.Bennett@usace.army.mil) All questions regarding this RFP must be submitted via ProjNet at [www.projnet.org](http://www.projnet.org) using bidder inquiry key 79AG52-TQ77M2.

**NAICS:** 562211. The Recovered Chemical Material Directorate (RCMD) of the Chemical Materials Activity (CMA) has the mission responsibility as mandated by Public Law 102-484 for the disposal of all applicable chemical warfare material (CWM) in a safe and environmentally acceptable manner. The RCMD has developed various mobile treatment technologies capable of deploying to various geographical locations for disposing of CWM items. These deployments generate waste that must be managed in accordance with local, state, federal, and in some instances international treaty requirements. Under this sources sought synopsis, the Government plans to exercise an option and award a sole source delivery order, in accordance with FAR 17.207 and FAR 6.302-1(iii), under contract W52P1J-12-D-0018 with Chicago Bridge & Iron Company for RCMD Waste Management Support. The planned contract action is anticipated to include the following: Task Management and Program Support, Waste Disposal Services, Pueblo Chemical Depot (PCD) Support, Health and Safety Program, Permitting, and Public Outreach, Waste Ownership, Chemical Weapons Convention (CWC) Treaty Compliance, General Task Requirements, Reviews and Meetings. As such, no written request for proposal will be issued. Award of the subject contract is anticipated no later than 28 February 2017. Submit responses to the Contract Specialist, Brandon McKinnis, [brandon.E.McKinnis.civ@mail.mil](mailto:brandon.E.McKinnis.civ@mail.mil).

**NAICS:** 562910. ERTEM (Emergency Response Technical Equipment Maintenance) for EPA Region 4 emergency equipment warehouse in Atlanta. EPA Region 4 requires a full-service equipment maintenance, training and logistics contractor for its hazardous materials response equipment. Services are to be performed at the EPA Regional Readiness Center (RRC) located at 2999 Pacific Drive Suite F, Norcross, Georgia as well as in the EPA Regional Office, the out-posted On-Scene Coordinator (OSC) offices, and response sites. Region 4 includes the states of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, and Tennessee. The contractor will be required to manage an inventory of equipment and supplies and maintain and calibrate government-owned equipment used by the Emergency Response Removal and Prevention Branch (ERRPB) at its RRC. The contractor shall track the equipment and maintain a complete inventory and maintenance schedule of the equipment. All equipment shall be maintained according to the manufacturer's specifications, unless otherwise directed. The equipment must be kept in a continuous state of response readiness meaning 24/7 readiness for routine and emergency use on site, demonstration of the use of the equipment during drills and exercises, and transportation or shipment of the equipment and necessary supplies. The contractor will be required to assist the ERRPB in the development and delivery of preparedness drills and exercises utilizing the response equipment and may be tasked to procure specialized training. See the Combined Synopsis/Solicitation at FedBizOpps for details. RESPONSES ARE DUE BY OR BEFORE MARCH 4, 2016.

**NAICS:** 562910. The U.S. Army Engineering and Support Center, Huntsville (CEHNC) will be soliciting proposals on an 8(A) SET-ASIDE BASIS for environmental activities at various locations within the Areas of Responsibility of the Pacific Rim District for Honolulu under solicitation number W912DY-15-R-0240. For this acquisition, CEHNC proposes to award a SATOC/IDIQ firm-fixed-price contract. This notice is not a Request for Proposal (RFP). RELEASE OF THE RFP IS ANTICIPATED APPROXIMATELY 15 DAYS AFTER THE DATE OF THIS ANNOUNCEMENT (I.E., RELEASE ON OR ABOUT FEBRUARY 8). CEHNC is seeking one 8(a) Business contractor to provide environment services for the Honolulu District. The firm selected for this task order shall have experience in working within the Pacific Rim and should be knowledgeable in the regions geology, hydrogeology, biology, historic preservation, and sociology. The objective of the SATOC is to effectively execute the requirements of the task order; addressing the environmental laws/regulations and issues specific for this region and complete the specific tasks identified in the notice at FedBizOpps in the broad areas of (1) Community involvement/public relations; (2) Archeological and Biological Studies; (3) Human Health and Ecological Risk Assessment; and (4) Environmental Investigations and Planning Studies. The services may also include but not be limited to furnishing labor, transportation, equipment, material, supplies and supervision to perform each task specified in individual orders. The SATOC/IDIQ contract will have an ordering period of five years (two-year base period and three one-year option periods) with a maximum total value of \$3.6 million. The intent is to award one contract to the most highly qualified 8(a) business and responsible offeror whose proposal is determined to be the "Best Value" to the Government, price and other factors considered by the Source Selection Authority.
