

Federal Business Opportunities (FedBizOpps) Update

Notices for March 21-27, 2016

This update contains summaries of procurement notices issued between March 21-27, 2016 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

F--SERVICES TO PROVIDE HAZARDOUS WASTE PICK UP, TREATMENT AND DISPOSAL (COMBINE)

SOL: N6883616T6314

DUE: 040116

POC: Miguel E Rivera, 904-270-5699 x 125, Fax: 912-573-2659, EMAIL QUESTIONS TO miguel.e.rivera1@navy.mil.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DON/NAVSUP/N68836Mayport/N6883616T6314/listing.html>

NAICS: 562211. Naval Station (NAVSTA) Mayport is a Large Quantity Generator of hazardous waste with a RCRA Part B Permit that allows storage of hazardous waste for up to one calendar year. Contract is to obtain services to provide hazardous waste pickup, treatment and disposal services for the waste generated at the Naval Branch Health Clinic (NBHC). NBHC routinely generates hazardous waste that has been in contact with human body fluids. In accordance with Florida Statue Chapter 64E-16 waste must be managed as a RCRA hazardous waste. NAVSTA Mayport will provide laboratory analysis, Product Data Sheets (PDSs) and/or Safety Data Sheets (SDSs) and completed waste profiles characterizing this waste. Contractor shall complete and provide hazardous manifests and Land Disposal Restriction (LDR) documents for waste for review and changes prior to scheduling shipment. Contractor shall provide transportation from NAVSTA Mayport, Hazardous Waste Storage Facility (HWSF) to the permitted Treatment, Storage and Disposal Facility (TSDF) and comply with all local, state, and federal regulations. Contractor shall provide copies of current facility operating permits, licenses, and insurance showing they are authorized to provide services requested under this contract. Initial Waste Shipment must leave NAVSTA Mayport no later than June 6, 2016. Current waste profile and analysis are provided for the spent contact and non-contact mercury amalgam and manufacturer information for the expired flulaval vaccination. Subsequent waste shipment (1-3/year): waste descriptions for future waste to be managed under contract. QUOTES ARE TO BE RECEIVED BY OR BEFORE 4:30 PM ET ON FRIDAY, APRIL 1, 2016.

HAZARDOUS WASTE REMOVAL BARSTOW CALIFORNIA AND OTHER LOCATIONS (SRCSGT)

SOL: 16RBC-Barstow

DUE: 040416

POC: Raymond Empie, Contract Specialist, 269-961-5034, Fax: 269-961-4474, raymond.empie@dla.mil.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DLA/J3/DRMS/16RBC-Barstow/listing.html>

NAICS: 562211. This sources sought is a market research tool being used to determine availability and adequacy of potential business sources prior to determining the method of acquisition. The intent of this synopsis is to identify qualified 8(a) small business concerns, Historically Underutilized Business Zone (HUBZone) small business concerns, Service-Disabled Veteran-Owned small business concerns, Emerging Small Businesses, and Woman-Owned small business concerns, for a firm-fixed-price and indefinite-quantity contract for removal, transportation, and disposal services for RCRA, state-regulated and nonregulated hazardous waste, PCBs, and compressed gas cylinders, and related management services. Services include but are not limited to providing containers, waste analysis, tank cleaning, for military generators located in Barstow, California, and other military and government entities located possibly in multiple states. The contractor shall be solely responsible for cleanup of any and all spills or leaks during the performance of this contract that occur as a result of or are contributed to by the actions of its agents, employees, or subcontractors to the satisfaction of the Government and at no cost to the Government. Contractors must use a transportation company that is on the DLA Disposition Services Qualified Transporters list to transport all wastes, and contractors must only dispose of the property on the contract at a facility that is on the approved DLA Disposition Services Qualified Disposal Facility list. Any prospective bidders must demonstrate their ability to process large volumes of property. The NAICS Code is 562211. Upon review of industry response to this sources-sought synopsis, the Government will determine whether a further set-aside acquisition in lieu of a small business only set-aside is in the Government's best interest. No solicitation is available at this time. CAPABILITY STATEMENTS MUST BE RECEIVED BY OR BEFORE 2:00 PM ET ON MONDAY, APRIL 4, 2016.

NAICS: 541330. This is a Sources Sought Synopsis to conduct market research, is for information only and is to be used for preliminary planning purposes. No proposals are being requested or accepted with this synopsis. This is not a solicitation or a request for proposal (RFP) and no contract shall be awarded from this synopsis. After review of the responses to this notice, and if the Government still plans to proceed with the acquisition, a separate solicitation announcement will be published in FedBizOpps. The purpose of this synopsis is to determine the interest, availability, qualifications and capabilities of both large and small businesses located in Washington, Oregon, Idaho, Montana, and Alaska (Alaska if 8(a)). This notice is to gain knowledge of potentially qualified large businesses, small businesses, 8(a), small disadvantage business, woman-owned business, economically disadvantaged woman-owned small business, service-disabled veteran-owned small business, or HUBZone prime contractor business sources and their size classifications relative to NAICS code 541330, Engineering Services. For the purposes of this procurement, a firm is considered a small business if its annual average gross revenue, taken for the last 3 fiscal years, does not exceed \$14M. Responses to the information requested will assist the Government in determining the appropriate acquisition method, including whether a set-aside is possible. The U.S. Army Corps of Engineers, Seattle District anticipates soliciting, negotiating, and awarding a 3-year IDIQ contract with a firm-fixed-price task. The total monetary capacity for the contract is up to \$5M. The purpose of this contract is to provide A-E HTRW/Environmental Indefinite Delivery Contracts services required for execution of the environmental mission in the USACE Northwestern Division for Army, Air Force, and other agencies projects within the USACE Seattle District boundaries, which cover Washington, Oregon, Idaho and Montana. Work may also be performed on projects for other agencies served by Seattle District Corps within any of the four states listed and miscellaneous locations outside the Northwest related to the USACE Seattle District mission in support of the Army, Air Force, and other agencies. RESPONSES TO THIS SOURCES SOUGHT ARE DUE VIA EMAIL BY OR BEFORE 16:00 PT ON APRIL 5, 2016. All interested contractors must be registered in CCR to be eligible for award of Government contracts.

INDEFINITE DELIVERY CONTRACT (IDC) FOR SINGLE AWARD TASK ORDER CONTRACTS (SATOCs) FOR ARCHITECT AND ENGINEERING (AE) COST ENGINEERING SERVICES TO SUPPORT THE MOBILE DISTRICT, U.S. ARMY CORPS OF ENGINEERS (PRESOL)

SOL: W91278-16-R-0029

DUE: 042716

POC: Allison Jones, sally.a.jones@usace.army.mil, 251-690-3442; Janis R. Steiner, janis.r.steiner@usace.army.mil, 251-694-3871.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA01/W91278-16-R-0029/listing.html>

NAICS: 541330. THIS ANNOUNCEMENT SOLICITS THE SUBMITTAL OF SF 330s. A-E services are required for an IDC to provide professional Cost Engineering Services and Support to military, civil, and federal agencies. The contractor will be required to perform services in support of the USACE South Atlantic Division military, civil, and federal customers and projects as assigned to Mobile District. USACE PLANS TO ISSUE ONE UNRESTRICTED IDIQ SINGLE AWARD TASK ORDER CONTRACT (SATOC), AND UP TO TWO SMALL BUSINESS IDIQ CONTRACTS. The Government may award less than three SATOCs depending on the source selection decision regarding how many contractors are considered most highly qualified in accordance with Brooks Act procedures. The total shared capacity of all awards will be \$10M. All firms responding to this solicitation MUST identify in which category they are submitting by stating UNRESTRICTED or SMALL BUSINESS after the solicitation number in PART I, A Block 3 of form SF 330. A separate proposal MUST be submitted for each category in which the firm wants consideration. Selection of A-E firms is not based upon competitive bidding procedures, but rather upon the professional qualifications necessary for the performance of the required services. Only firms considered most highly qualified will be awarded a contract. Multiple awards will be made from this solicitation to a combination of Unrestricted and Small Business. The contracts will be awarded for a term not to exceed a total of five years. Work under this contract will be subject to satisfactory negotiation of individual task orders. A firm-fixed-price contract will be negotiated. In the event that a contract cannot be awarded in the small business category, the IDIQ contract capacity will be awarded to other most highly qualified firms in the unrestricted category. No one firm will receive more than one award. A-E Services for this District-wide Cost Engineering contract will be used to provide a full range of programming and design efforts to support CESAM's Cost Engineering Program and its Customers. Projects will be located in the states of Alabama, Florida, Georgia, Mississippi, Tennessee; with possible work for customers in South or Central America and other locations as may be assigned to the Mobile District. The capabilities of the pool of A/E IDIQ contractors will include services from programming/conceptual phases through final design, advertising, and post-award project phases on a variety of civil, military, U.S. Army Medical Command (MEDCOM), Support For Others (SFO), and Hazardous, Toxic and Radioactive Waste (HTRW) projects. Interested AE firms or joint ventures having the capabilities to perform this work are invited to submit one complete pdf on CD or DVD of their SF 330 AE Quals proposal. Proposals submitted on anything other than a CD or DVD will not be accepted. SUBMITTALS MUST BE RECEIVED NO LATER THAN 2:00 PM CT ON APRIL 27, 2016.

NAICS: 562910. Work for this future solicitation consists of, but is not limited to, furnishing all labor, supervision, tools, equipment, materials, and transportation necessary for the removal of all asbestos-containing material from up to 8 buildings/areas located at Crab Orchard National Wildlife Refuge, Marion, IL, Williamson County. The contractor will be responsible for the demo and removal of Diagraph buildings and a small office building, and demolition of building to cement slab. Removal and disposal of all ACM/PCM materials, lead, all universal waste (fluorescent light bulbs, PCB ballasts, and mercury switches, oils, etc.), and chemicals from buildings, located at Crab Orchard National Wildlife Refuge. The contractor will be responsible for the removal of Type 2 asbestos: galvasbestos roofing and siding, transite, floor tile and mastic, and some Type 1 asbestos, such as Pipe insulation, and other material that contain PACM. The contractor will be responsible for filling trench and loading docks with grade 4 crush rock. The estimated magnitude of this requirement in terms of physical characteristics and estimated price range is between \$250,000 and \$500,000. A firm-fixed-price contract is contemplated. THIS PROCUREMENT IS ISSUED AS A SET-ASIDE EXCLUSIVELY FOR SMALL BUSINESS CONCERNS under NAICS code 562910, Remediation Services, with a size standard of \$20.5M. THE SOLICITATION PACKAGE WILL BE AVAILABLE AT FEDBIZOPPS AND FEDCONNECT ON OR ABOUT APRIL 5, 2016, with a Bid Opening occurring on or about May 5, 2016. No telephone requests for the solicitation can be accepted.

UNRESTRICTED PRE-PLACED REMEDIAL ACTION CONTRACT (PRAC), INDEFINITE DELIVERY/INDEFINITE QUANTITY (IDIQ) MULTIPLE AWARD TASK ORDER CONTRACT (MATOC) (PRESOL)

SOL: W912DQ-16-R-3001

POC: William J. Hill, william.j.hill@usace.army.mil, 816-389-3827.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA41/W912DQ-16-R-3001/listing.html>

NAICS: 562910. This Preplaced Remedial Action Contract (PRAC) will support work assigned to the U.S. Army Corps of Engineers (USACE) Northwestern Division and EPA Region 2 for hazardous, toxic, and radioactive waste (HTRW) remediation projects for both civilian and military agencies of the federal Government. This contract for environmental response actions will include service and construction activities mandated by the Defense Environmental Restoration Program; Superfund; environmental compliance and pollution prevention projects under the DoD Environmental Quality Program; Brownfields; Formerly Utilized Sites Remedial Action Program (FUSRAP); environmental cleanup activities under the BRAC Program; DHS and FEMA; and other environmental and homeland security laws and regulations requiring support activities for military installations, Corps' civil works projects, and work for other federal agencies. The DERP projects will include Installation Restoration Program activities on active Army and Air Force installations and on Formerly Used Defense Sites. It is anticipated that the majority of the work will be conducted within EPA Region 2. Architect-Engineer contracts under FAR Subpart 36.6 will not be awarded under this contract. THE SOLICITATION WILL BE ISSUED ON OR AFTER APRIL 12, 2016. This IDIQ MATOC is a part of the U.S. Army Corps of Engineers' Multiple Environmental Government Acquisition (MEGA) Strategy. This Solicitation will be for the award of one MATOC for environmental remediation services under NAICS Code 562910. The MATOC will include \$92.5M in shared capacity. The Government intends for five contractors to receive awards. The agency reserves the right to award more or less than 5 contracts. All Task Orders to be awarded under this MATOC will be competed in accordance with FAR 16.505(b)(1), Fair Opportunity, unless one of the exceptions to fair opportunity at FAR 16.505(b)(2)(i) applies. THIS RFP IS AVAILABLE FOR AWARD TO ALL FIRMS WITH ACTIVE SAM REGISTRATION UNDER NAICS CODE 562910, Environmental Remediation Services. Firm-fixed-price or cost-reimbursement task orders will be written against the IDIQ contracts. Contracts will have a base period of three years and a two-year option period.

F--WEST VALLEY DEMONSTRATION PROJECT SUPPLEMENTAL ENVIRONMENTAL IMPACT STATEMENT (PRESOL)

SOL: DE-SOL-0009226

POC: Jodi Gordon, Contracting Officer, Jodi.Gordon@emcbc.doe.gov, (513) 744-0977.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DOE/PAM/HQ/DE-SOL-0009226/listing.html>

NAICS: 541620. Within 15 to 30 days from the date that this notice is published, U.S. DOE anticipates the issuance of a Draft RFP, DE-SOL-0009226, to provide support for the West Valley Demonstration Project (WVDP) Technical Services for the Development of a Supplemental Environmental Impact Statement (SEIS) in support of the WVDP. DOE is preparing an acquisition to provide support for DOE and the New York State Energy Research and Development Authority in preparing documents to support Phase 2 decision-making for the DOE WVDP, the Western New York Nuclear Service Center, and the State-Licensed Disposal Area. The WVDP Technical Services for the Development of a Supplemental Impact Statement Contract will require the Contractor to perform all work specified in the contract and to determine the specific methods of accomplishing the work. Requirements include, but are not limited to, development of a project management schedule; development of the public scoping process; development of reasonable (as defined in both NEPA and the State Environmental Quality Review Act) Phase 2 alternatives; preparation of conceptual engineering design reports; preparation of an SEIS that incorporates an existing long-term probabilistic performance assessment; and preparation of Decommissioning Plans and/or other regulatory documents. Interested parties are encouraged to review the Draft RFP and provide suggestions, comments, questions, and changes in writing to Jodi.Gordon@emcbc.doe.gov. DOE will not respond to or post on the procurement website any oral or written questions or comments pertaining to the Draft RFP; however, DOE will respond to and post questions and answers on the Final RFP after its release. Interested parties should continue to monitor the WVDP Technical Services for the Development of a Supplemental Environmental Impact Statement Procurement website for specific details at https://www.emcbc.doe.gov/SEB/WVDP_Technical_Services/. In developing the Final RFP, DOE will consider all comments, proposed changes, and questions received. DOE TENTATIVELY ANTICIPATES ISSUANCE OF THE FINAL RFP FOR WHICH PROPOSALS WILL BE REQUESTED AND ACCEPTED IN THE 3RD QUARTER OF GOVERNMENT FY 2016. No additional synopsis will be released prior to issuing the Final RFP. The contract resulting from the Final RFP is expected

to be awarded in or about the 4th quarter of Government FY 2016.

NAICS: 541620. The Federal Aviation Administration (FAA) William J. Hughes Technical Center intends to enter into negotiations on a single-source basis with TRC Environmental Corporation of Windsor, Connecticut, for a two-month extension of one Task Order under the current IDIQ contract. This Task Order will provide 60 days of on-site Civil/Environmental Engineering support for the FAA Technical Center's Superfund Cleanup Program. A competitive solicitation is not available for this procurement. The FAA is not seeking or accepting unsolicited proposals.
