

Federal Business Opportunities (FedBizOpps) Update

Notices for May 23-29, 2016

This update contains summaries of procurement notices issued between May 23-29, 2016 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

LABORATORY ANALYSIS FOR ENVIRONMENTAL WATER SAMPLING SERVICES (INORGANIC AND ORGANIC PARAMETERS) (SRCSGT)

SOL: R16PS01166

DU: 060316

POC: Mouang Phan, mphan@usbr.gov, 916-978-5127.

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/d38f6c8ba8e315f1217f0c446ae51403>

NAICS: 541380. Based upon responses to this announcement, the Government may determine to set this acquisition aside or proceed with an unrestricted solicitation. The applicable NAICS code is 541380, with a small business size standard of \$15M. This notice is not a request for proposals. The principal components of the work to be performed include Laboratory Analyses for Environmental Water Sampling Services (Inorganic and Organic Parameters). TO receive an award the laboratory must be approved by Mid-Pacific Region's Northern California Area Office (NCAO). RESPOND BY OR BEFORE 4:00 PM PT ON JUNE 3, 2016, via EMAIL tomphan@usbr.gov. The information provided in this announcement is the only information the Government has available at this time. No specifications, drawings, bid packages, or source lists are available.

NAICS: 562112. This is a SOURCES SOUGHT technical description to conduct market research and determine the availability and technical capability of small businesses (including Small Disadvantaged Businesses; HUBZone Firms; Certified 8(a); Service-Disabled Veteran-Owned Small Businesses; and Woman-Owned Small Businesses) to provide the required products and/or services. The Environmental Compliance Section is seeking information for potential sources for the disposal/recycling of used oil, antifreeze, JP-8, and F24 jet fuel. Marine Corps Base Quantico (MCB Quantico) has a requirement for a contractor to collect and recycle used oil, antifreeze, JP-8, and F24 jet fuel generated, accumulated, and stored on MCB Quantico. The contract life will be 4 years, one base year with three option years. The contract proposal is from 6/13/2016 through 6/12/2020. The Incumbent large business contractor, FCC Environmental LLC, is now Heritage-Crystal Clean LLC. The NAICS code for this requirement is 562112, with a size standard of \$38.5M. This Sources Sought requests responses ONLY from small businesses that can provide the required services under the NAICS code. To make a determination for a small business set-aside, two or more qualified and capable small businesses must submit responses that demonstrate their qualifications. SUBMIT CAPABILITIES STATEMENTS VIA EMAIL BY OR BEFORE 8:00 AM ET ON JUNE 6, 2016.

NAICS: 541330. This is not a solicitation for proposals, proposal abstracts, bids, or quotations. The purpose of this notice is to obtain information regarding the availability and capability of all qualified sources to perform a potential requirement. Responses to the information requested will assist the Government in determining the appropriate acquisition method. The Great Lakes Acquisition Center (GLAC) - Southern Tier in North Chicago, IL, is soliciting businesses for consultant services to review records, interview staff, and physically inspect each underground and aboveground storage tank (UST/ AST) system for compliance with federal, state, and local environmental regulations at the Edward Hines Jr. VA Hospital (VAH) in Hines, IL. This inspection will include at a minimum aboveground storage tanks and underground storage tanks as required by the Energy Policy Act of 2005, 40 CFR 280 under RCRA, and other regulatory programs, including air programs and environmental response as they apply to UST/AST programs. The Edward Hines Jr. VAH has 7 ASTs and 18 USTs subject to assessment. The Contractor shall provide all labor, materials, and transportation necessary to complete the required work. The NAICS code is 541330 with a size standard of \$15M. Firms shall identify whether they are a small business or other than small business in accordance with the size standard for NAICS code 541330. If another NAICS code may be applicable, please identify it. CAPABILITIES STATEMENTS MUST BE RECEIVED NO LATER THAN 11:00 AM CT ON JUNE 10, 2016.

B--SPECIAL NOTICE: NAVAJO NATION AUM (SNOTE)

SOL: SOL-R9-16-00002

DUE: 062416

POC: Autumn Roe, (415) 972-3000, roe.autumn@epa.gov.

NAICS: 541620. THIS SPECIAL NOTICE IS A REQUEST FOR COMMENT ONLY -- it does not constitute an RFP or any other solicitation. Any information provided by industry to the Government as a result of this notice is voluntary. The purpose of this notice is to request comment on POTENTIAL EVALUATION CRITERIA for "The Navajo Area Uranium Mines: Response, Assessment and Evaluation Services" (for which an RFI was posted under SOL-R9-15-00014 in October 2015). To ensure the future formal solicitation is executed in the most effective manner possible, EPA is posting the draft evaluation criteria to offer an opportunity for industry feedback. Questions and comments will be used to further refine, improve, or clarify the evaluation factors. All information posted under this notice are preliminary in nature and may be updated or amended prior to the release of the formal solicitation. The items listed represent only those items EPA wishes to receive comment on and do not represent all potential evaluation factors. A 5-year IDIQ contract is anticipated, between \$65M and \$100M. RELEASE OF THE RFP IS ANTICIPATED AROUND AUGUST 2016. For details on the type of services that may be required in the future solicitation, see the DRAFT SOW posted with RFI SOL-R9-15-00014 on FedConnect at <https://www.fedconnect.net/FedConnect?doc=SOL-R9-15-00014&agency=EPA> [Note: It might be necessary to copy and paste the URL into your browser for direct access.]; however, DO NOT submit comments or questions on the draft SOW, which is attached for reference only. **** DRAFT EVALUATION CRITERIA (Comments ARE requested for the following information, which is not listed in any order or importance.) (A) Location in the General Geographical Area and Ability to Maintain Appropriate Office and Staff Presence. Subfactor 1: Offerors shall demonstrate their ability to successfully employ local Navajo-owned businesses and/or individuals during the performance of this contract. The Government will evaluate the following: a. Percentage of Work to be Performed by Navajo businesses and individuals. b. Feasibility: Evaluation of how realistic and attainable employment plan is. c. Type of Employment Opportunities: Evaluation of varieties and types of job opportunities available to Navajo businesses and individuals. d. Outreach Efforts: Evaluation of thoroughness of outreach performed to develop proposed employment plan and likelihood of

continual Navajo employment opportunities and sustained outreach efforts throughout the life of the contract. Subfactor 2: Offerors shall create a detailed plan to establish a local training program and/or utilize an existing program, such as those provided by local tribal colleges and other local universities, with attention to labor, technical, scientific, contracting, and other professional skillsets. Also provide a detailed outline of the proposed training program. The outline must include the proposed curriculum, a description on how the Offeror plans to maintain continual training opportunities and outreach efforts, job opportunities that will be available after completion of the program, and a matrix that demonstrates how the success of the program will be measured. The Government will evaluate the following: (a) Quality of Hands-on Training. (b) Feasibility of Success. (c) Likelihood of Future Job Placement Opportunities. (d) Quality of proposed curriculum. END OF DRAFT EVALUATION CRITERIA **** The Government will NOT review any capability statements, comments on the attached SOW, or any questions or comments not directly related to the Draft Evaluation Criteria. Comments should be specific and candid. Do not submit any proprietary information. There is no page limit to responses, but vendors are encouraged to be concise. SUBMIT ALL RESPONSES ELECTRONICALLY TO THE CONTRACTING OFFICER VIA FEDCONNECT NO LATER THAN 3:00 PM PT ON JUNE 24, 2016.

NAICS: 562910. THIS REQUIREMENT IS A TOTAL SMALL BUSINESS SET-ASIDE. The contractor shall furnish all plant, labor, equipment, materials, supplies and supervision required in performing all operations in conjunction with project CSC-16743 in strict accordance with the specifications, contract drawing No. 3-1641, complete and subject to terms and provisions of this contract. Contractor shall perform the following work to complete this project: Asbestos, lead Paint and Mold Remediation at Bldg 201 and 27, DLA Land and Maritime, Columbus, OH. The project requires the use of specialized skills and equipment. Contractors submitting offers for this project shall have no less than a minimum of 3 years of work experience in having satisfactorily performed work of the types required by this project. All work associated with the performance of this project must be completed within 120 calendar days after receipt of the Notice to Proceed. THE SOLICITATION WILL CLOSE AT 3:00 PM ET ON JUNE 24, 2016. The award will be a firm-fixed-price contract with a magnitude in terms of estimated cost between \$25,000 and \$100,000. The prospective contractor is expected to attend the site visit and become familiar with the project prior to submitting a proposal. The site visit is scheduled for June 7, 2016, at 1:00 PM ET at Building 308. Access to DLA Land and Maritime, Columbus, Ohio, is restricted. All individuals wishing to attend the site visit must request access no later than 24 hours prior to the site visit. Those individuals wishing to attend must provide their name and corporate affiliation to the contracting officer by email at Karl.Hinch@dla.mil. Individuals will need to enter the Center through the Visitor Processing Center and a valid federal or state issued photo identification will be required.

NAICS: 562211. THIS REQUIREMENT FOR HAZARDOUS WASTE REMOVAL AND DISPOSAL FROM VARIOUS PICKUP POINTS IN AND AROUND TUCSON/LUKE, ARIZONA, IS SET ASIDE FOR WOMAN-OWNED SMALL BUSINESSES. The contract is a firm-fixed-price IDIQ contract written as a performance-based contract. Pricing for containerized waste will largely be based upon container sizes and the assigned disposal profile, rather than pricing on a per pound basis. This contract is for various military and Government activities, which may encompass several states. Standard removal timeframe for all sites is 30 calendar days from the date of order issuance. MCAS Yuma, Yuma Proving Grounds, Camp David, and the Cannon Air Defense Complex require a 15 calendar day standard removal timeframe from the date of order issuance. This contract requires the transportation and disposal of RCRA wastes, non-RCRA wastes, Compressed Gas Cylinders, and Polychlorinated Biphenyls (PCBs). OFFERS ARE DUE BY OR BEFORE 3:00 PM ET ON JUNE 24, 2016.

R--WETLANDS AND AQUATIC RESOURCES TECH SUPPORT (SRCSGT)

SOL: SOL-CI-16-00043

DUE: 062616

POC: Kimberly Loesch, Loesch.Kimberly@epa.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/EPA/OAM/OH/SOL-CI-16-00043/listing.html>

NAICS: 541620. The Environmental Protection Agency (EPA) is performing market research to identify the capabilities of firms that can provide support to EPA's Office of Water with section 404 of the Clean Water Act (CWA). The CWA section 404 regulatory program permits a wide range of projects that impact waters of the US. Under section 404, the U.S. Army Corps of Engineers or states that have assumed the permit program issue the permits in compliance with regulations established by EPA. EPA reviews public notices for proposed projects and policies, approves assumption of permit program, and works with the Corps and states on ways to more efficiently and effectively implement the 404 program. One of the key components of the Guidelines is the review of projects for additional potential avoidance and

minimization of impacts to waters of the US. Identifying and comparing project-specific opportunities for additional avoidance and minimization often requires advanced technical knowledge of the design and implementation of the proposed activities. Given the complexity of some of these projects and proposals, EPA is seeking technical expertise for the review of proposed activities requiring authorization under CWA section 404. Common activities under review include transportation infrastructure development, residential and commercial developments, and mineral and coal mines and facilities. Based on the circumstances of the proposed project and impacts, review of these projects may focus on the identification of jurisdictional waters on site; direct impacts to aquatic resources; effects on the physical, chemical, and biological integrity of downstream waters; and secondary and cumulative environmental impacts. It is anticipated that the contract will be an IDIQ single award with firm-fixed-price and time-and-materials task orders in an ordering period of 5 years. The NAICS code is 541620, Environmental Consulting Services, with a size standard of \$15M. In the capabilities statements, contractors must provide their size status for the above referenced NAICS code, (i.e., large, small) and whether or not they are a certified HUBZone, 8(a), woman-owned, small disadvantaged, or service-disabled veteran-owned concern. EPA INTENDS TO SET THIS ACTION ASIDE 100% FOR SMALL BUSINESSES. A draft copy of the performance work statement (PWS) is available only on FedConnect at <https://www.fedconnect.net/FedConnect/?doc=SOL-CI-16-00043&agency=EPA> [Note: It might be necessary to copy and paste the URL into your browser for direct access.]. Interested parties with the ability to provide any of the services described in the draft PWS are invited to submit a capabilities statement (max 5 pages). SUBMIT RESPONSES THROUGH FEDCONNECT ONLY BY OR BEFORE 4:00 PM ET ON JUNE 26, 2016. A separate synopsis will be issued for the RFP resulting from this sources sought. Some of this work has been performed previously on U.S. EPA Blanket Purchase Agreement EP-BPA-13-C-0003 with Atkins North America Inc.

OFFICE OF SITE REMEDIATION ENFORCEMENT-4 (SRCSGT)

SOL: SOL-HQ-16-00008

DU: 062716

POC: Susan Neiheisel, Contracting Officer, Neiheisel.Susan@epa.gov.

NAICS: 561110. The purpose of this sources sought synopsis is for market research purposes to determine if any small businesses relative to NAICS code 561110, Office Administrative Services, with a size standard of \$7.5M, possess the qualifications and capabilities to support the Environmental Protection Agency's Office of Site Remediation Enforcement requirement. No solicitation exists at this time. The Government's evaluation of the capability statements received will factor into whether any forthcoming solicitation will be conducted as a full and open competition or as a set-aside for any particular small business designation. EPA is conducting market research into whether capable small business sources are able to provide analytical, technical, and support services for EPA's Office of Site Remediation Enforcement (OSRE), which supports remediation efforts to plan, implement, and enforce programs, strategies, guidance, and regulations under the Agency's statutes. EPA will use any future resultant contract to acquire assistance in developing nationwide implementation strategies, monitoring regional and state enforcement activities, and providing enforcement support. This assistance shall involve analytical support used by EPA in implementing any policies, regulations, or guidance pertaining to EPA enforcement activities under CERCLA, RCRA Corrective Action, LUST, or OPA or future re-authorizations or amendments. The Government will evaluate the qualifications of interested parties based on their responses regarding capability of performing the draft SOW, which is available only through FedConnect at

<https://www.fedconnect.net/FedConnect/?doc=SOL-HQ-16-00008&agency=EPA> [Note: It might be necessary to copy and paste the URL into your browser for direct access.]. SUBMIT CAPABILITIES STATEMENTS BY 4:00 PM ET ON JUNE 27, 2016, via email to Susan Neiheisel, Contracting Officer, neiheisel.susan@epa.gov.

ASBESTOS, LEAD, AND MOLD REMOVAL/ABATEMENT SERVICES AT DLA DISTRIBUTION SUSQUEHANNA, PENNSYLVANIA (PRESOL)

SOL: SP330016R5006

POC: Medard R. Kowalski, Contract Specialist, medard.kowalski@dla.mil, 717-770-5979.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DLA/J3/DDC/SP330016R5006/listing.html>

NAICS: 562910. This Synopsis is not a request for quote or proposal. This notice is only a presolicitation announcement for an upcoming requirement, WHICH WILL BE ADVERTISED AROUND OR ABOUT THE WEEK OF JUNE

27, 2016, under RFP SP3300-16-R-5006. Defense Logistics Agency (DLA) Distribution requires a Contractor to provide Asbestos, Lead, and Mold Removal Services at the DLA Distribution Susquehanna, New Cumberland, Pennsylvania 17070. The Contractor shall provide all personnel, equipment, tools, materials, supervision, transportation, and any other items and services necessary to perform the asbestos, lead, and mold removal services. A complete Statement of Work (SOW) will be provided when the solicitation package is issued. Work requirements under this solicitation will include but are not limited to the following: Remove/encapsulate and dispose of asbestos, lead, and mold under emergency and non-emergency conditions (emergency response time requires the contractor to be on site within two hours with minimal mobilization effort). Work will be required for all types of asbestos, lead, and mold removal conditions and locations, such as offices, supply areas, warehouses, and crawl spaces under buildings, and mold shall be removed from exterior finishes, interior walls, steam lines, condensate lines, return lines, floor finishers, ceilings, and door and window frames. The Government intends to award a single award Indefinite Delivery Requirements contract for a one-year base period and four one-year options. THIS REQUIREMENT WILL BE SOLICITED AS A 100% SMALL BUSINESS SET-ASIDE, pursuant to a full and open competition after exclusion of sources under FAR Parts 12 and 15. It is anticipated that contract award will be made in September 2016.
