NAICS: 562910. The Department of Veterans Affairs (VA) is conducting market research to obtain information regarding potential qualified sources and their size classification (service-disabled veteran-owned small business, veteran-owned small business, HUBZone, 8(a), small disadvantage business, woman-owned small business, or large business) to make appropriate acquisition decisions and to gain knowledge of potential qualified businesses interested and capable of performing asbestos abatement and asbestos monitoring at Edward Hines, Jr. VA Hospital in Hines, IL. The project magnitude range is between \$25,000 and \$100,000. The NAICS code being considered is 562910. Great Lakes Acquisition Center is anticipating awarding two separate contracts in the near future: one contract for asbestos abatement and one contract for asbestos monitoring. The same contractor cannot be awarded both abatement and monitoring at the same time. Submit any questions to isabell.coad@va.gov no later than 3:00 PM CT on January 30, 2017. SUBMIT EXPRESSIONS OF INTEREST AND CAPABILITY BY OR BEFORE 3:00 PM CT ON FEBRUARY 3, 2017.

NAICS: 562910. A market survey is being conducted to determine the following: (1) how to best maximize competition; (2) determine the impact of our acquisition strategy on competition; and (3) determine if there are a reasonable number of interested small business concerns. While all firms (large or small) are encouraged to respond, if your firm is a Small Business, certified HUBZone, 8a, Woman-Owned Small Business, or Service-Disabled Veteran-Owned Business, please respond appropriately. The proposed project is for the award of two separate pools of IDIQ Multiple-Award Task-Order Contracts (MATOC) for Environmental Restoration Services under NAICS Code 562910 within the Lakes and Rivers Division mission boundaries (KY, IN, IL, OH, MI, WI, WV, TN, PA and NY). The proposed contracts will have a 5-year ordering period from date of award. The total estimated capacity is anticipated to be \$90M for two MATOC pools (\$50M for a small business set-aside pool and \$40M for an unrestricted pool). ALL FIRMS UNDER NAICS CODE 562910 ARE ENCOURAGED TO RESPOND TO THIS SURVEY BY EMAIL (10 PAGES MAX) NO LATER THAN 1:00 PM ET ON FEBRUARY 7, 2017.

NAICS: 541380. This notice is a market research tool used only for planning purposes to determine the availability and capability of small business sources. Naval Facilities Engineering Command Mid-Atlantic (NAVFAC MIDLANT) Acquisition is seeking certified 8(a) businesses with current relevant qualifications, experience, personnel, and capability to perform a proposed contract. A combination firm-fixed-price/indefinite-quantity type, performance-based contract is anticipated. The total contract term including the exercise of any options, shall not exceed 60 months. Source Selection procedures will be used to evaluate and select the proposal that is most advantageous to the Government. The Contractor shall provide all labor, management, supervision, tools, material and equipment and other items necessary to perform Environmental Analytical Services for the Hampton Roads Area, Virginia. General Work Requirements include (1) Sampling, Field Testing and Laboratory Services, manage a written Sampling Plan, and (2) Storm Event Sampling, Laboratory Operations and Field Testing, Laboratory Waste Disposal and develop a Chemical Hygiene Plan (CHP). One of the main functions of this synopsis is to assist the Contracting Officer in determining whether certified 8(a) is an acceptable strategy for this procurement. All qualified firms are encouraged to respond. The appropriate NAICS Code is 541380. BRIEF CAPABILITIES STATEMENTS MUST BE RECEIVED NO LATER THAN 4:00 PM ET ON FEBRUARY 9, 2017. Electronic submission will be accepted.

HAZARDOUS WASTE DISPOSAL AT FT RILEY AND SURROUNDING LOCATIONS (COMBINE)

SOL: SP450017R0005

DUE: 021917

POC: Melissa A. Herrick, Contract Specialist, melissa.herrick@dla.mil, 269-961-5962; Daniel Schuemann, Contracting Officer, daniel.schuemann@dla.mil, 269-961-5238, Fax: 269-961-4417.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DLA/13/DRMS/SP450017R0005/listing.html>

NAICS: 562211. THIS ACQUISITION IS SET ASIDE 100% FOR SMALL BUSINESS CONCERNS. This contract consists of one 30-month Base Period, followed by one 30-month Option Period. Pricing for containerized waste will largely be based upon container sizes and the assigned waste profile, rather than pricing on a per pound basis. Generators are responsible for ensuring their containerized wastes sent for disposal via this contract are in Department of Transportation shippable packaging. This contract is for various military and Government activities located in multiple states. Standard removal timeframe for all sites is 21 calendar days from the date of order issuance, with the exception of Base CLIN NR99. CLINs beginning with "NR99" have a standard removal timeframe of 14 calendar days from the date of order issuance. The Contractor agrees that, for those portions of the services provided on a Government installation, the services will be provided during normal hours of operations for the installation, which are available upon request from the COR. This contract requires the transportation and disposal of RCRA hazardous wastes, non-RCRA wastes, state-regulated wastes, non-state regulated wastes, compressed gas cylinders, and polychlorinated biphenyls (PCBs). Some CLINs ordered under this contract require the Contractor to provide Certificates of Destruction or Disposal (CD), e.g., certain demilitarization items and PCB-related wastes. The Contractor is cautioned to closely read all CLIN descriptions where such requirements are indicated. Unless explicitly required and written into this contract, only those CLINs requiring CDs as described in the Bid Schedule will require that the Contractor provide a CD. RESPONSES ARE DUE BY 3:00 PM ET ON FEBRUARY 19, 2017.

NAICS: 541620. This is combined synopsis/solicitation for award of a single Indefinite Delivery, Indefinite Quantity (IDIQ) task order commercial service contract is to provide dredged material evaluations and related services to customers of the U.S. Army Corps of Engineers (USACE). The IDIQ Contract is for a one (1) year period starting on the date of award with the options, for four (4) additional one (1) year periods. The maximum amount that may be awarded under this contract, base and all option years included, is \$7,000,000. Dredged material evaluations and related services generally consist of environmental compliance, testing and evaluation of environmental data predominantly within the boundaries of Galveston District, Texas and Louisiana. THIS IS A 100% WOMAN-OWNED SMALL BUSINESS SET-ASIDE. The NAICS code for this project is 541620, Environmental Consulting Services, with a business size standard of \$15M. The contractor shall furnish all personnel, facilities, plant, equipment, materials, supplies, travel and services necessary to conduct any investigation and to prepare any report as specified in this contract and in subsequent task order(s). Services anticipated to be ordered consist of: A. Evaluation of dredged material for placement suitability and assessment of dredged material effects to terrestrial, marine, estuarine, and freshwater environments, including: *Collection of water, sediment, elutriate, benthos, nekton and tissue samples; *Performance and analysis of various complex laboratory analysis, including chemical, contaminant, nutrient content, grain-size, bioassay and bioaccumulation studies; *Preparation of Section 103 Evaluation reports according to guidance under the Marine Protection, Research, and Sanctuaries Act (MPRSA) and other guidance documents, including the Regional Implementation Agreement (RIA), Inland Testing Manual (ITM) and Green Book; *Preparation of Section 404(b)(1) compliance evaluation and Section 404 sediment evaluations pursuant to the Clean Water Act (CWA); *Run and interpret data from models, Automated Dredging Disposal Alternatives Modeling System (ADDAMS), Trophic Trace, Bioaccumulation Risk Assessment Modeling System (BRAMS), Biological Evaluation Screening Tool (BEST), etc.; and *Determine environmental impacts for beneficial use of dredged material. B. Support services and special studies, including: *Management and monitoring of Ocean Dredged Material Disposal Sites (ODMDS), preparation of MPRSA Section 102 site designations, and formation of Site Management and Monitoring Plans (SMMP) and related National Environmental Policy Act (NEPA) documents; *Provide data, evaluation and summaries in various delivery formats, including contaminant reports, electronic submissions to the Galveston District and in state and national databases, such as Sediment Analysis Geo-App (SAGA); and *Conduct other special studies or operations as specified under individual Task Orders. SIGNED AND DATED QUOTATIONS ARE DUE BY 1400 CT ON FEBRUARY 21, 2017. A preproposal teleconference will be held January 31, 2017, from 10:00 AM - 11:30 AM.

NAICS: 562211. AT THIS TIME, THIS PROCUREMENT IS SET ASIDE FOR SMALL BUSINESS. The Centers for Disease Control and Prevention is seeking an EPA-approved waste contractor to properly handle, package, label, and dispose of hazardous and recycled materials at an EPA-approved disposal or recycling site. Vendor must be located within a 25-mile radius of the two CDC NIOSH headquarters buildings at 4676 Columbia Parkway and 5555 Ridge Avenue loading dock area, Cincinnati, OH. We are planning on awarding this requirement as a Blanket Purchase Agreement, with costs to be paid on credit card so long as the price remains under the micropurchase limit of \$3,500.00; otherwise, invoices will be paid against BPA call through modification. Four option years are also being considered based on satisfactory performance at the end of the base year. You must submit five separate bid lists (template attached) for each option year (August 1, 2017 - July 31, 2018; August 1, 2018 - July 31, 2019; August 1, 2019 - July 31, 2020; August 1, 2020 - July 31, 2021; August 1, 2021 - July 31, 2021) with your proposal. Please keep any yearly cost increases in mind when bidding on the option periods. See Statement of Work attached at FedBizOpps for complete details. PROPOSALS MUST BE RECEIVED BY OR BEFORE 4:30 PM ET ON FEBRUARY 24, 2017. Each proposal should contain two separate documents, a technical proposal and a business proposal.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA51/W912DS-17-B-0001/listing.html>

NAICS: 541380. The U.S. Army Corps of Engineers, New York District intends to issue a solicitation package seeking to award one IDIQ contract for the chemical testing of dredged material. The IDIQ contract would consist of the sampling and testing of dredged material following procedures described in the US Army Corps of Engineers New York District/EPA Region 2 Guidance for Performing Tests on Dredged Material Proposed for Ocean Disposal (April 2016) and the 1991 EPA/USACE, Evaluation of Dredged Material Proposed for Ocean Disposal (Testing Manual, aka Green Book) and the subsequent updates to these two documents. Work orders would include all or some of the following: sediment and water collection (on contractor supplied ship); sample handling, processing, and shipping; physical and chemical analyses (e.g., sediment, water, and tissue analyses); QA/QC procedures, and necessary corrective actions. Reports containing the sampling logs, all testing results, and QA/QC information in a format required by the New York District Corps of Engineers (NYD) would have to be provided by the contractor for each work order. All sampling would be performed within the Port of New York & New Jersey, the length of the Hudson River, in the Atlantic Ocean at the Historical Area Remediation Site (HARS) and its Reference Site, and in Long Island Sound at the Western and/or Central Disposal Sites. COMPETITION FOR THIS ACQUISITION WILL BE 100% UNRESTRICTED FULL AND OPEN COMPETITION WITH HUBZONE EVALUATION PREFERENCE. The project magnitude will be between \$5M and \$10M. The Period of Performance will be one Base Year and four optional years from the issuance of the Notice to Proceed. The applicable NAICS code is 541380, Testing Laboratories. The small business size standard for this code is \$15M. THE PLANS AND SPECIFICATIONS FOR THE PROJECT LIKELY WILL BE POSTED ELECTRONICALLY ON OR ABOUT FEBRUARY 1, 2017. Lack of registration in SAM will make an offeror ineligible to download the solicitation.

NAICS: 541380. The 409th Contracting Support Brigade, Regional Contracting Office - Wiesbaden intends to solicit and award a firm-fixed-price follow-on contract for non-personal services for Laboratory Sampling and Analysis Services. Support is to collect and analyze samples of ground and surface water, air, soil, and building materials; assessment (evaluation); and classification of test results. Sampling and analysis will be on a scheduled and unscheduled (on-demand) basis. Place of performance will be in the Wiesbaden area. The Period of Performance will begin on or around April 1, 2017, and will consist of one base period of 12 months, plus four 12-month options under FAR 52.217-9, and up to a potential 6-month extension of services under FAR 52.217-8. RELEASE OF THE SOLICITATION ON FEDBIZOPPS IS ANTICIPATED ON OR AROUND FEBRUARY 6, 2013. A single award will be made to the responsible offeror that submits a technically acceptable offer and is the lowest price. All offers shall be in the English language. NOTE: All dates and times refer to Central European Time.

INDEFINITE DELIVERY CONTRACTS FOR BIOLOGY TESTING OF DREDGED MATERIAL (PRESOL)

SOL: W912DS-17-B-0002

POC: Alex Heinzl, alexander.t.heinzl@usace.army.mil, 917-790-8087.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA51/W912DS-17-B-0002/listing.html>

NAICS: 541380. This presolicitation notice is issued by the U.S. Army Corps of Engineers - New York District to inform interested potential contractors of the District's imminent issue of an Invitation for Bid Package for two Indefinite Delivery Contracts for Biology Testing of Dredged Material. The Operations Division in the New York District routinely utilizes outside contractors in order to perform field sampling and conduct the sediment physical analyses and biological tests associated with the District's mandated federal navigation channel maintenance and new work dredging projects. Potential contractors must be familiar with current New York District/USEPA, Region 2 guidance for performing tests on dredged material proposed for ocean disposal and other pertinent regulations, guidelines, and procedures. Contractors must also possess the ability to handle the large volume of work under strict deadlines. The New York District intends to award two IDIQ contracts for its Operations Division. One contract will be awarded as a TOTAL SMALL BUSINESS SET-ASIDE the other contract will be awarded on an UNRESTRICTED basis. THE INVITATION FOR BID PACKAGE WILL BE AVAILABLE AT FEDBIZOPPS ON OR ABOUT FEBRUARY 9, 2017, with bids due on or about March 14, 2017.

R--AIR MONITORING FOR REMOVE DEAD LEGS PROJECT - BATAVIA NY (PRESOL)

SOL: VA24217Q0232

POC: David Esmay, Contracting Officer, 585-297-1460 ext 72456, Davidm.Esmay@va.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/VA/VAWNYHCS528/VAWNYHCS528/VA24217Q0232/listing.html>

NAICS: 541620. This presolicitation notice is to inform potential offerors that the Upstate New York VA Medical Center in Batavia, NY, intends to post a Request for Quote. THE RFQ LIKELY WILL BE POSTED ON OR ABOUT FEBRUARY 15, 2017, to provide testing facilities, materials, equipment, transportation and qualified competent personnel (Project Monitors, industrial hygienist technicians, and laboratory personnel) to perform quality assurance air monitoring and asbestos containing materials (ACM) testing during asbestos abatement activities for Building 5 and Building 1. Building 5: located in the basement/crawl space at the Batavia Veterans Hospital in Batavia, New York. Refer to drawing P-101 for building 5. This will be a complete traditional abatement for the pipes and to remove approximately 6 inches of soil in the crawl space. The basement/crawl space is approximately 6,700 square feet and it is anticipated that the abatement and soil removal from building 5 will take 2 months. Building 1: refer to drawings P-101 through P-106, building 1 ground floor through the 4th floor. This will be a glove bag abatement where the contractor will have approximately 3,000 linear feet of asbestos piping insulation to be removed at 250 separate points. It is anticipated that this work shall take 6 weeks. It has been determined that there are qualified firms in accordance with Public Law 109-461 that are capable of performing under NAICS Code 541620, "Environmental Consulting Services," with a size standard of \$15M; therefore, THIS PROCUREMENT IS 100% SET-ASIDE FOR SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESSES.
