

Federal Business Opportunities (FedBizOpps) Update

Notices for February 6-12, 2017

This update contains summaries of procurement notices issued between February 6-12, 2017 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

S--CHEMICAL SPILL RESPONSE (SRCSGT)

SOL: VA26117Q0294

DUE: 021417

POC: Rico Johnson, Rico.Johnson@va.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/VA/VANCHCS/VANCHCS/VA26117Q0294/listing.html>

NAICS: 541620. This announcement is a sources sought notice for market research purposes only. The Department of Veterans Affairs is in the process of determining the acquisition strategy for Hazardous Spill Cleanup service for VA Palo Alto Health Care Systems located in Palo Alto, Menlo Park, and Livermore, CA. Please note that this RFI is for information only and does not constitute a solicitation for competitive bids/proposals and is not to be construed as a commitment by the Government. However, all interested parties who believe they can meet the requirement are invited to submit information describing their capabilities toward providing the required services. The contractor shall be qualified to carry out a wide range of hazardous chemicals, non-hazardous chemicals, universal waste, and DEA drug waste emergency spill response services; manpower to transport hazardous waste in relationship to a spill response from all facilities within VAPAHCS to a central accumulation area or to a Treatment Storage and Disposal Facility, on an as needed basis. This contract will NOT include the disposal of radiological, infectious or bio-hazardous waste, but may include small quantities for dual waste (i.e., infectious and hazardous waste). The contractor shall provide all labor, supervision, materials, equipment, sanitized, disinfected and labeled containers, transportation, facilities, supplies, and waste manifests. Contactor shall collect, analyze, prepare, package, label, remove, transport, store, treat and dispose of hazardous waste under the resulting contract in accordance with the terms and conditions, specifications and in accordance with the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), in accordance with all federal, state, and local laws, policies and guidelines, and VA infectious medical waste requirement. Period of performance is one base year plus 4 option years. The NAICS code is 541620. The Small Business size standard is \$15 million. The information received as a result of this notice will be considered solely for the purpose of determining whether to conduct a competitive procurement. SUBMIT CAPABILITIES STATEMENTS VIA EMAIL BY OR BEFORE 2:00 PT ON FEBRUARY 14, 2017.

F--BPA IS SEEKING SOURCES FOR ALL TYPES OF HAZARDOUS MATERIAL ABATEMENT (SRCSGT)

SOL: F17PS00287

DUE: 022217

POC: Daniel Guffey, Contracting Officer, 360-619-6083, Fax: 360-524-1932.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DOI/FWS/CGSWO/F17PS00287/listing.html>

NAICS: 562910. Bonneville Power Administration (BPA) is seeking sources for all types of Hazardous Material Abatement for IDIQ Multiple-Award Task-Order Contracts (MATOCs). Interested vendors are invited to fill out the survey at SurveyMonkey: <https://www.surveymonkey.com/r/MBYH8JV>. BPA does not follow the FAR; it has its own regulation called the BPI that uses meaningful competition rather than full and open. Interested vendors must fill out the survey in order to receive the RFP. No other notice will be given on FedBizOpps for this opportunity. THE CLOSING DATE FOR RESPONSES IS FEBRUARY 22, 2017.

NAICS: 541330. USACE, Baltimore District intends to extend the current Multiple Award Environmental Service (MAES) Contract Nos: W912DR-12-D-0006, W912DR-12-D-0007, W912DR-12-D-0008, W912DR-12-D-0009, and W912DR-12-D-0010. The current contract expires January 31, 2017, and is anticipated to be extended to September 30, 2017, to ensure the Agency has contracts in place while the new MAES contract is being procured. This notice is not a request for competitive proposals. All responsible sources may submit a capability statement, which shall be considered by the agency. CAPABILITY STATEMENTS MUST BE RECEIVED BY 11:59 PM ET ON FEBRUARY 23, 2017. Submissions will be reviewed to determine if they can meet the requirement. A determination by the Government to compete this proposed contract based upon responses to this notice (i.e., as any type of set-aside) is solely within the discretion of the Government.

ENVIRONMENTAL COMPLIANCE AND HAZARDOUS MATERIAL/WASTE MANAGEMENT SUPPORT SERVICES (SRCSGT)

SOL: W912GB-17-X-0033

DUE: 022817

POC: Bjorn T. Hale, Contract Specialist, bjorn.t.hale2@usace.army.mil, Phone: 49061197442301; Delos C Halterman, Contracting Officer, Delos.C.Halterman@usace.army.mil.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA90/W912GB-17-X-0033/listing.html>

NAICS: 541620. This announcement seeks information from industry which will be used for preliminary planning purposes. No proposals are being requested or accepted with this announcement. Sources are being investigated for IDIQ contract(s) for Environmental Compliance and Hazardous Material/Waste Management Support Services in Germany, Poland, Hungary, Romania, Belgium and the Netherlands under NAICS code 541620. These contracts may be used to support U.S. Army Europe installations and/or other U.S. Government Agency requirements. It is estimated that the bulk of the work will take place in Germany, Poland, Hungary, Romania, Belgium and the Netherlands. To a lesser extent, work may be located in a wide variety of other countries (see list in FedBizOpps notice). The amount of work for each contract will not exceed \$9.5M across the base and all option periods with a maximum limit per task order of \$2.5M. Work will be issued by negotiated firm-fixed-price task orders not to exceed these maximum limits. The contract will include a base period of three years and two option periods (not to exceed one year), for a total contract performance period not to exceed five years. The contract is anticipated to be awarded in 1st Quarter FY18. Small and Small Disadvantaged Business requirements are waived for this project due to its OCONUS location. The Government reserves the right to award an additional contract from the solicitation within one year from contract award date. Under the planned contract(s), the contractor shall provide all labor, supervision, transportation, supplies, vehicles, tools, materials, equipment and incidental services required to execute and document results of environmental compliance and hazardous material/waste management support at DoD facilities. The purpose of this sources sought is to gain knowledge of interest and qualifications of firms who have the capabilities to complete and perform contracts of this magnitude, and to address any questions, recommendations, or concerns from Industry. The Government must ensure there is adequate competition among a potential pool of responsible contractors. Prior Government contract work is not required for submitting a response under this sources sought. Responses to this notice will assist the Corps of Engineers in tailoring requirements in a future solicitation to be consistent with industry capabilities. INTERESTED CONTRACTORS SHOULD SUBMIT CAPABILITIES STATEMENTS VIA EMAIL BY 1600 HOURS CENTRAL EUROPEAN TIME ON TUESDAY, FEBRUARY 28, 2017, to bjorn.t.hale2@usace.army.mil. No hard copies will be accepted.

NAICS: 562910. DOE's next Office of Environmental Management (EM) Business Opportunity Forum has been scheduled for March 7, 2017, from 10:20 AM to 12:00 noon MT (Arizona). Topics will include a discussion on status of ongoing and upcoming procurement opportunities. Interested firms are invited to attend the event to learn the latest news on doing business with EM. The event will be held in Phoenix in Exhibit Hall 4, Phoenix Convention Center during the Waste Management Conference. Attendees must be registered for the conference and be in possession of a

conference badge to gain access. There is no charge to attend, but pre-registration is a must. To do so, please contact Ms. Carol Ward at carol.ward@em.doe.gov by March 2, 2017. Provide your name, title, and company name. This Business Opportunity Forum will offer WebEx capability for those not attending the Waste Management Conference. Information on connecting via the web will be sent out prior to the forum. Pre-registration for WebEx is essential to timely receipt of the connection information. Direct questions to Ms. Carol Ward at carol.ward@em.doe.gov.

OPERATION OF LANDFARM FACILITIES, CP CASEY (COMBINE)

SOL: W91QVN17T0004

DUE: 030517

POC: Kyong Ae Yi, kyongae.vi4.ln@mail.mil, Phone: 3157246400.

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/fb19fc0658f127f387407e2c2342a132>

NAICS: 562211. The Contractor shall provide all personnel, equipment, labor, supplies, tools, materials, transportation, supervision and any other resources necessary to operate a land-farm facility. All work shall be executed after consultation with COR. The contractor shall ensure that a minimum of 1,050 cubic meters of the contaminated soils shall be treated/cleaned by batching three times a year in treatment beds. The Contractor shall reach a target level of 500 milligrams per kilogram (mg/kg) by TPH (Total Petroleum Hydrocarbon) test at the time of completion of POL-contaminated soil land farming. This target level shall be lower than the cleanup goal of 800 mg/kg set by Korean Environmental Regulation. The Contractor shall provide on-site lab testing equipment to monitor the progress of the decomposition of the contaminants in the soil. When the treated soils meet target level (less than 500mg/kg) by TPH test, contractor shall remove the treated soil from the treatment bed. Contractor shall coordinate with the COR before removing any soil from the treatment area. Contractor shall protect the clay bedding material during all phases of operations. The contractor shall ensure the liners, berms, and all piping systems of the Land-farm facility are protected from damage during removal operations. Contractor shall store the treated soil at a treated soil stockpile area designated by the COR. Contractor shall record the volume of the treated soil removed from the treatment beds. Contractor is responsible for dust and erosion control of soil before, during, and after treatment. The soil collected at the untreated and treated stockpile areas shall be protected from wind and heavy rain. The contractor shall be responsible for removing any eroded soil outside of the berm area and placing the soil back into the berm. RESPONSES ARE DUE BY OR BEFORE 11:59 PM ET ON MARCH 5, 2017.

B--SOURCES SOUGHT - WATER QUALITY SAMPLE ANALYSIS (SRCSGT)

SOL: R17PS00461

DUE: 031617

POC: Jennalyn Schilke, jschilke@usbr.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/6be402c00002ad71500777b264faeb3e>

NAICS: 541380. THIS REQUIREMENT IS A TOTAL SMALL BUSINESS SET-ASIDE. This is a sources sought synopsis for

acquisition planning purposes and no formal solicitation exists at this time. The Bureau of Reclamation, Lower Colorado Region, requires an experienced laboratory familiar with the Colorado River and its tributaries to conduct laboratory analysis of water samples. Reclamation currently tests for chlorophyll (a,b,c), nitrogen (ammonia, nitrates/nitrites, totals, etc), phosphorous (total and ortho-), silica, chlorate (ClO4), total selenium, total suspended solids, total boron, total chromium, chromium VI and mercury. Additional parameters may be requested depending on the project needs. Samples are generally collected by the Government on a quarterly basis from the Colorado River and its tributaries. It is estimated that 437 various samples will be collected per year. In addition to laboratory analysis of samples, firms will provide sample bottles for the expected number of samples collected, prepared with preservatives when necessary, and coolers sufficient to hold ice for at least 48 hours during shipping. Firms will be required to complete reporting within 30 days from the receipt of any samples. The Government anticipates award of a single blanket purchase agreement (BPA) with a 5-year performance period to a vendor that can provide all of the required analyses outlined in this sources sought. RESPONSIBLE FIRMS ARE WELCOME TO SUBMIT A CAPABILITY STATEMENT ON OR BEFORE BY 4:00 PM LOCAL TIME ON MARCH 16, 2017. Submittals will be reviewed and considered by Reclamation during the solicitation planning process.

A--ANNUAL BROAD AGENCY ANNOUNCEMENT (BAA) - FY17 ENVIRONMENTAL INITIATIVES FOR NAVAL FACILITIES ENGINEERING AND EXPEDITIONARY WARFARE CENTER (NAVFAC EXWC) ()

SOL: N3943017R7201

DUE: 020918

POC: William J. Hepler, 805-982-3872.

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/87c373a16ac62f5d6e57d2eeef2d2fc6>

NAICS: 541712. This announcement constitutes a Broad Agency Announcement (BAA) for the Naval Facilities Engineering and Expeditionary Warfare Center (NEXWC). THIS ANNOUNCEMENT IS OPEN FOR ONE YEAR FROM THE DATE OF PUBLICATION, UNTIL FEBRUARY 9, 2018. Proposals may be submitted at any time during this period. This announcement seeks out technologies and methodologies to reduce environmental impacts from current and past Navy operations, and applies to Navy installations worldwide, specifically environmental technologies and methodologies that are either new, innovative, advance the state-of-the-art, or increase knowledge or understanding of a technology or methodology. The 6 areas of interest include TOPIC NO. 1: ENVIRONMENTAL ASSESSMENT, RESTORATION AND CLEANUP. Services to assess and/or remediate existing pollution generated by military operations, including methodologies for evaluation of ecological risk, risk reduction, and/or establishing risk based cleanup goals; and TOPIC NO 3: UNEXPLODED ORDNANCE (UXO). Services for explosive ordnance detection, location, de-energizing, disposal or remediation of UXO generated by military operations. This announcement is for abstracts/white papers only. Each abstract must be specific to one of the topic areas. Multiple submissions are acceptable. Abstracts will be evaluated on relevance and merit. The abstract may be supplemented by resumes and lists of relevant publications and prior government projects. Abstract submittals to this BAA can be made using the abstract form and instructions located at

http://www.navfac.navy.mil/navfac_worldwide/specialty_centers/exwc/products_and_services/ev/ec/baa.html. When an abstract aligns with a customer need and funding, the contracting office may request a full proposal. Additional guidance will be provided at that time regarding cost and pricing submittals, in addition to a more comprehensive technical submission. Unsuccessful abstracts will NOT receive a detailed description of the reasons for abstract rejection due to the anticipated volume of submissions. As no funding for contracts has been reserved in advance, NEXWC will be sharing qualified abstracts with other federal government activities to seek demonstration sites and/or funding.

NAICS: 562910. For a forthcoming procurement, the VA Illiana Healthcare System in Danville, IL, intends to seek a contractor to provide all labor, materials, equipment, supervision, and all other resources necessary to remove all floor tile (approximately 2600 total square feet) and asbestos containing mastic located in the tramways between buildings 98, 104, and 103 per the drawings, specifications, and Statement of Work for Project 550-17-109: B98 Tramway Asbestos Abatement. THIS CONSTRUCTION PROJECT IS SET ASIDE FOR VETERAN-OWNED SMALL BUSINESSES (VOSBs). The contractor MUST be licensed in the State of Illinois for Asbestos Abatement/Removal. The contractor MUST be registered with the Illinois Department of Public Health. The contractor MUST show proof of OSHA/EPA Supervisor and Employee training for all personnel. The construction magnitude range is less than \$25,000. THE SOLICITATION WILL BE ISSUED ON FEBBIZOPPS ON OR ABOUT MARCH 3, 2017, with the bid opening on or about April 7, 2017. There will be pre-construction conference held for this project and all prospective bidders are encouraged to attend. Details of the pre-construction conference will be included in the solicitation package.
