

Federal Business Opportunities (FedBizOpps) Update

Notices for March 13-19, 2017

This update contains summaries of procurement notices issued between March 13-19, 2017 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

ENVIRONMENTAL SERVICES (COMBINE)

SOL: W912K6-17-Q-2004

DUE: 031617

POC: Mark V Metcalf, mark.v.metcalf@mail.mil, 410-918-6217.

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/bb607d5153edfc09429b84754530edaa>

NAICS: 541380. This notice is being posted as an avenue to provide Request for Quotation. The Maryland Air National Guard 2701 Eastern Blvd. Baltimore Md. 21220 is requesting quotes for environmental services, including monitor and inspect 4 outfall sites; monitor and clean 7 oil/water separators; and perform hazardous waste sample collection, laboratory analysis, and reporting. In accordance with FAR 5.202 (a)(13), Exceptions to publicizing contract actions, no pre-solicitation notice will be posted for this required action. This announcement constitutes the only solicitation; quotes are being requested and a written solicitation will not be issued. This request will be for a base year plus four option years. THIS PROCUREMENT WILL BE FULL AND OPEN, NAICS code 541380. The Government intends to make one award. QUOTES ARE DUE NO LATER THAN 2:00 PM ET ON MARCH 23, 2017. Note: Funds are not presently available for this contract. This solicitation supersedes solicitation number W912K6-17-Q-2000 (issued 1-27-17), which has been cancelled.

NAICS: 562910. The Bureau of Alcohol Tobacco, Firearms and Explosives has a requirement for cleaning and maintenance of Bullet Traps, & Water Tanks for four fire range locations: (1) Atlanta GA, (2) San Francisco CA, (3) Ammendale MD and (4) Martinsburg WV. The address for each location can be located in the statements of work attached to the FedBizOpps notice. A site visit is required for each location in order to be considered for award. Quotes will not be accepted from vendors that do not attend all four fire ranges. To schedule site visits, email tabitha.wheeler@atf.gov. Provide the location, date and time you would like to attend. Each location has a different bullet trap or water tank system in place. The Contracting Officer will coordinate the site visit with the requesting office. THIS REQUIREMENT IS A TOTAL SMALL BUSINESS SET-ASIDE. The period of performance for this requirement will be one Base Year and four Option Years. RESPONSES TO THIS SOURCES SOUGHT ARE DUE BY OR BEFORE 10:30 AM ET ON MARCH 31, 2017.

ENVIRONMENTAL COMPLIANCE AND OPERATIONS 2 (ECO2) REQUEST FOR INFORMATION (RRFI) (SNOTE)

SOL: NNJ17609194L

DUE: 033117

POC: Elizabeth D. Tapia, Contract Specialist, elizabeth.d.tapia@nasa.gov, 575-524-5048; Rogelio Curiel, Contracting Officer, rogelio.curiel@nasa.gov, 575-524-5191.

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/a62c5fbeccd91427d64f75a0a9e354d5>

NAICS: 562910. The National Aeronautics and Space Administration (NASA) Lyndon B. Johnson Space Center/ White Sands Test Facility (WSTF) is planning to recomplete the Environmental Compliance Operations contract NNJ13HA03B. This future requirement will constitute the Environmental Compliance Operations 2 (ECO2) for groundwater monitoring and restoration, sustainability program operations, multi-media environmental compliance, and general environmental program and project management activities. This synopsis is a Requirements Request for Information (RRFI) to solicit comments for information and planning purposes and to allow industry the opportunity to verify the reasonableness and feasibility of the requirement, as well as to promote competition. Prospective offerors are invited to submit written comments, suggestions, or questions to jsc-eco2@mail.nasa.gov. RESPONSES MUST BE RECEIVED NO LATER THAN 5:00 PM MT ON MARCH 31, 2017. The RRFI cover letter attached to the FedBizOpps notice contains specific areas of interest for which NASA seeks feedback; however, feedback is not restricted only to the listed areas. The Government intends to review the responses submitted but will not respond to individual submissions. No solicitation exists; if a solicitation is released it will be synopsized in FedBizOpps.

ENVIRONMENTAL COMPLIANCE AND OPERATIONS 2 (ECO2) NNJ17609194L -INDUSTRY DAY (SNOTE)

SOL: NNJ17609194L-IndustryDay

DUE: 041117

POC: Elizabeth D. Tapia, Contract Specialist, elizabeth.d.tapia@nasa.gov, 575-524-5048; Rogelio Curiel, Contracting Officer, rogelio.curriel@nasa.gov, 575-524-5191.

NAICS: 562910. NASA's White Sands Test Facility (WSTF) will conduct an Industry Day for Environmental Compliance and Operations 2 (ECO2) support in Las Cruces, New Mexico, on Tuesday, April 18, 2017. The Government will also provide one-on-one communication opportunities in individual 30-minute time blocks that will be scheduled from 12:30 PM to 5:00 PM MT on April 18; from 8:00 AM to 5:00 PM MT on Wednesday, April 19, 2017; and from 8:00 AM to 5:00 PM MT on Thursday, April 20, 2017. The meetings will be scheduled on a first-come/first-served registration basis. ECO2 is anticipated to provide environmental compliance, restoration, and sustainability services/programs for WSTF. ECO2 Industry Day is open to firms interested in pursuing contracting opportunities on the ECO2 procurement whether or not they have previously performed work at any NASA facility. All interested parties are encouraged to participate. One-on-one meeting attendance is strictly limited to four persons per company. To attend Industry Day or a one-on-one meeting, all interested parties must RSVP at <https://baforms.typeform.com/to/xi2V40> no later than 12:00 PM MT on Tuesday, April 11, 2017. The due date for registration will not be extended.

ARCHITECT-ENGINEERING PROFESSIONAL ENVIRONMENTAL REMEDIATION SERVICES (COMBINE)

SOL: NNK17615783R

DUE: 041417

POC: Sharon L. White, Contracting Officer, Sharon.L.White@nasa.gov, 321-867-7230, Fax: 321-867-1166; Stefania I. Wanzie, Contract Specialist, stefania.i.wanzie@nasa.gov, 321-867-4982, Fax: 321-867-1166.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/NASA/KSC/OPDC20220/NNK17615783R/listing.html>

NAICS: 541620. THIS NOTICE IS A REQUEST FOR A STANDARD FORM 330, ARCHITECT-ENGINEERING QUALIFICATIONS. This acquisition is for the Architect-Engineer (A-E) professional environmental remediation services to investigate, design, and implement remedial actions at Kennedy Space Center (KSC), Florida and Cape Canaveral Air Force Station (CCAFA), Florida. KSC and CCAFA are regulated under a RCRA permit, which includes hazardous and solid waste amendments (HSWA) corrective action requirements. HSWA corrective actions requirements are managed under a compliance schedule known as a Corrective Action Management Plan (CAMP). The CAMP contains regulatory compliance dates, including stipulated penalties for failure to meet required dates for submittal of RCRA corrective action documents. This acquisition may occasionally include work for other NASA Centers. A FULL AND OPEN COMPETITION PROCESS allows maximum participation from large and small businesses. The NAICS code and small business size standard for this procurement is 541620 and \$15M in average annual receipts. NASA's KSC intends to award up to three IDIQ contracts for this effort. Each IDIQ contract will have a minimum value of \$1,000, which represents the minimum value of work the Government is required to order. Each IDIQ contract will have a maximum value not to exceed \$80M, and the total maximum amount of work to be ordered under all of the IDIQ contracts will not exceed \$80M. The awarded contract(s) will have a 5-year ordering period with no options. Work will be accomplished as individual firm-fixed-price task orders under each IDIQ contract. The IDIQ contract scope of work includes A-E Services with a major emphasis on development and implementation of contamination assessment and remediation requirements for RCRA sites and petroleum contamination at KSC and CCAFA. Firms shall provide the Past Performance Questionnaire ("PPQs" attached to the FedBizOpps notice) to each past performance customer contact identified in Section F of the SF 330. Firms shall request customers to submit their completed questionnaires via email to arrive no later than 2:00 PM ET on April 14, 2017. SF330 PACKAGES MUST BE RECEIVED BY OR BEFORE 2:00 PM ET ON APRIL 14, 2017.

ARCHITECT ENGINEERING ENVIRONMENTAL SERVICES CONTRACT - USAG BAVARIA (COMBINE)

SOL: W912GB-17-R-0033

DUE: 041717

POC: Bjorn Hale, Contract Specialist, bjorn.t.hale@usace.army.mil, +49(0)611-9744-2301; Delos C Halterman, Contracting Officer, Delos.C.Halterman@usace.army.mil.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA90/W912GB-17-R-0033/listing.html>

NAICS: 541330. The USACE NAU hereby solicits for two general A-E Environmental Service Indefinite Delivery Contracts to be procured in accordance with Public Law 92-582 (the Brooks Act) and FAR Part 36. The requirement

includes submission of SF330s. Firms will be selected for negotiation based on demonstrated competence and qualifications for the required work. The cumulative total of all Task Orders for the base and all option periods shall not exceed \$9.5M. All Task Orders will be negotiated and awarded as firm fixed-price. The minimum task order amount will be \$2,500. No one Task Order shall exceed \$2.5M. The contracts will include a base period of three years and two one-year option periods, for a total contract performance period of five years. Award is anticipated in August 2017. Small and Small Disadvantaged Business requirements are waived for this project due to its location in Europe. The Government reserves the right to award an additional contract from the solicitation within one year from the first contract's award date. The main purpose of this procurement is to provide environmental engineering services to the U.S. Army Corps of Engineers for the execution of various U.S. military and environmental programs in Germany - USAG Bavaria. Services will be called to support the development of the military installations, e.g., by providing various environmental data needed for the design, planning, and permitting process of construction projects. The general Scope of Work (SOW) incorporated in the FedBizOpps notice provides a basic description for the efforts under this contract. Submit any questions in writing no later than 1600 HRS Central European Summer Time on Thursday, March 30, 2017, to allow the Government adequate response time. Submit proposals utilizing the AMRDEC SAFE Application at <https://safe.amrdec.army.mil/safe>. PROPOSALS MUST SUBMITTED BY OR BEFORE 1000 HRS CENTRAL EUROPEAN SUMMER TIME ON APRIL 17, 2017. No facsimiles or regular email submissions are permitted

C--INDEFINITE DELIVERY/INDEFINITE QUANTITY ARCHITECT-ENGINEER SERVICES FOR ENVIRONMENTAL APPLICATIONS AND RELATED STUDIES AT VARIOUS NAVY AND MARINE CORPS ACTIVITIES, NAVFAC PACIFIC AOR

SOL: N6274217R1802

DU: 042017

POC: Norine Horikawa, 808-471-4666.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DON/NAVFAC/N62742/N6274217R1802/listing.html>

NAICS: 541330. THIS NOTICE IS A REQUEST FOR A STANDARD FORM 330, ARCHITECT-ENGINEERING QUALIFICATIONS. THIS ACQUISITION IS BEING SOLICITED AS A 100% SMALL BUSINESS SET-ASIDE under NAICS code 541330 (Engineering Services) with a size standard of \$15M. This acquisition will result in the award of one IDIQ contract for multi-discipline Architect-Engineer (AE) services in support of the Department of the Navy's Environmental Restoration (ER) Program, consisting of the Installation Restoration (IR) Program in compliance with CERCLA and other similar programs. Required services will be performed at various Navy and Marine Corps facilities within the Naval Facilities Engineering Command (NAVFAC) Pacific Area of Responsibility. Work will be performed predominantly in Hawaii and Guam and may potentially include other locations, such as Japan, Diego Garcia, and other areas in the Pacific or Indian Oceans. Engineering services are required to conduct environmental studies and safety-related studies at various locations under the cognizance of NAVFAC Pacific. The services may include the preparation of analytical studies; reports; management plans; technical evaluations; permit applications; preliminary engineering designs; cost estimates and supporting documents for corrective projects; and performing monitoring, testing and inspection actions. The firm must have or be able to obtain microbiology, toxicology, and chemistry laboratory services. The Government will be seeking the most highly qualified firm to perform the required services, based on demonstrated competence and qualifications. The contract term is anticipated to be a 12-month base period with four 12-month option periods and will include the provision to extend the contract an additional 6 months in accordance with FAR 52.217-8 or \$40,000,000, whichever occurs first. By submission of its SF330, the firm agrees that all items proposed (e.g., key personnel, subconsultants, etc.) will be utilized for the duration of the awarded contract and any substitutions will require prior Contracting Officers approval. SF-330s MUST BE RECEIVED NO LATER THAN 2:00 PM HAWAII TIME ON APRIL 20, 2017.

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/3505f68f07bba0f89efcf0a297e9bf8f>

NAICS: 541620. The Naval Facilities Engineering and Expeditionary Warfare Center (NAVFAC EXWC) in Port Hueneme, California intends to solicit proposals for a contract to provide Oil Spill Response Training. This contract's purpose is to provide instruction of three classes: Facility Response Plan Training, Spill Management Team Training, and New Skimmer Training, at various locations worldwide, including Navy facilities in both the continental United States (CONUS) and outside the continental United States (OCONUS). THE SOLICITATION WILL BE AVAILABLE ON FEDBIZOPPS NO LATER THAN MARCH 28, 2017. The resulting contract will be a single-award, firm-fixed-price IDIQ contract. Based on the market research results, the Government has determined that THIS REQUIREMENT WILL BE SET ASIDE FOR SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS (SDVOSB) under NAICS code 541620 (Environmental Consulting Services), with an annual small business size standard of \$15M. The NAVFAC EXWC small business office concurs with the decision. The contract will be awarded for a base ordering period of 60 months, and a minimum guarantee of \$5,000.

NAICS: 562211. RFP SP4520-17-R-0003 is for non-personal services for inspection, unloading, containerization, removal, transportation, storage, recycling, recovery, treatment, and ultimate disposal of hazardous property generated by U.S. military activities within Qatar. The contractor agrees to provide all services necessary for the final treatment/disposal of the hazardous property listed in the schedule in accordance with all Host Nation, FGS, OEBDG, IMDG, ADR, DoD, and federal laws and regulations and the terms and conditions of this contract. These services shall include all necessary personnel, including applicable subcontractors, labor, transportation, equipment, and the compilation and submission of all documentation required by this contract. RELEASE OF THE SOLICITATION IS EXPECTED ON OR ABOUT THE FIRST WEEK OF APRIL 2017. The closing date is approximately 30 days after issuance, currently estimated as early May 2017. This solicitation will result in IDIQ-type contract(s). There will be two bid schedules, each of those schedules being awarded to a single firm. Contract(s) will have a 30-month base period and a 30-month option period. Performance will be requested by issuance of written task orders against the basic contract(s). The evaluation will be based on a combination of price and other factors described in the solicitation.

NAICS: 562211. RELEASE OF SOLICITATION SP4520-17-R-0004 IS EXPECTED ON/ABOUT MARCH 30, 2017, requesting proposals for the non-personal services of inspection, unloading, containerization, removal, transportation, storage, recycling, recovery, treatment and ultimate disposal of hazardous property generated by US Military Installations within the countries of Bahrain, Jordan, Oman, Saudi Arabia, and United Arab Emirates (UAE); however, interested offerors are advised to monitor FedBizOpps frequently, as the solicitation will be issued as soon as practical, with the closing date expected 30 days after issuance. The resultant contract will be an IDIQ-type contract, with award to a single firm. The anticipated contract will have a 30-month base ordering period, with one 30-month option period, and an option to extend services for up to an additional six months. Performance under any resultant contract shall be via issuance of written task orders. Selection of a company/firm for contract award is determined on a Best Value decision based on a combination of price and other factors described in the solicitation. The contractor agrees to provide all services necessary for the final treatment/disposal of the hazardous property listed in the schedule in accordance with all Host Nation, FGS, OEBDG, ADR, DoD, and federal laws and regulations, and the terms and conditions of this contract. The contractor shall hold current authorization to operate and conduct business in the countries of performance, and comply with all the laws, decrees, labor standards, customs standards, and regulations of these and any (potential) transit countries, to include ascertaining proper Basel Agreements. These services shall include all necessary personnel, including applicable subcontractors, labor, transportation, equipment, and the compilation and submission of all documentation required by this contract.

PROPOSED MODIFICATION to N62742-12-D-1829, ENVIRONMENTAL TECHNICAL AND ENGINEERING SERVICES FOR COMPREHENSIVE LONG-TERM ENVIRONMENTAL ACTION NAVY (CLEAN) IV CONTRACT (SNOTE)

SOL: N6274212D1829

POC: Priscilla Tamboa, Contract Specialist, (808) 474-5719, Fax (808) 474-5909, priscilla.tamboa@navy.mil ; Kristopher Tom, Contracting Officer, (808) 474-6476, Fax (808) 474-5909, kristopher.tom@navy.mil.

NAICS: 541330. Notice of intent to award a sole source contract modification to contract N62742-12-D-1829, a Cost-Plus-Award-Fee (CPAF) IDIQ contract, under the authority of FAR 6.302-1. The proposed modification will increase the not-to-exceed contract amount by \$13.5M to \$98.5M. Under the authority of FAR 6.302-1, the Government intends to award the sole source contract modification to AECOM Technical Services based on the Contractor's extensive knowledge of ongoing projects for which they are able to provide continuity of services and timely completion of project requirement and avoid duplication of effort and unacceptable delays. AECOM has had extensive work at JBPHH over many years, including specific investigation in the Red Hill Oily Waste Disposal Facility (RHOWDF) area. The contractor also has the combination of essential technical expertise, experience, and capacity to handle the large and complex effort needed to address the Red Hill Administrative Order on Consent (AOC) and related regulatory requirements. The current contract capacity is inadequate to support additional work requirements associated with the RHOWDF and Red Hill Bulk Fuel Storage Facility AOC Statement of Work Section 6 (Investigation and Remediation of Releases) and section 7 (Groundwater Protection and Evaluation) requirements. The additional capacity will also support Fiscal Year 2017 Environmental Restoration, Navy (ERN) new task order awards and modifications. The additional \$13.5M will satisfy the Governments immediate requirements until the follow-on contract is awarded.
