

Federal Business Opportunities (FedBizOpps) Update

Notices for April 10-16, 2017

This update contains summaries of procurement notices issued between April 10-16, 2017 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

UP TO TWO MULTI-DISCIPLINED A-E IDIQ CONTRACTS TO SUPPORT THE USACE PLANNING DIVISION FOR BALTIMORE DISTRICT AND NORTH ATLANTIC DIVISION (SRCSGT)

SOL: W912DR-17-S-0014

DUE: 042117

POC: Tamara A. Wright, Contracting Officer, Tamara.A.Wright@usace.army.mil, 410-962-4958, Fax: 410-962-2001; Andrei Tobias, Contract Specialist, Andrei.tobias@usace.army.mil, 410-962-3131.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA31/W912DR-17-S-0014/listing.html>

NAICS: 541330. This is a Sources Sought Notice issued for informational/market research purposes only; it is not a request for proposals, quotations or bids. The U.S. Army Corps of Engineers (USACE), Baltimore District seeks to determine the availability and adequacy of potential sources to support acquisition of up to two multi-disciplined A-E IDIQ contracts to support the USACE Planning Division for Baltimore District and the North Atlantic Division. USACE Baltimore District requests capability statements from certified 8(a), certified HUBZone, economically disadvantaged woman-owned, service-disabled veteran-owned, and small business firms. Responses to this sources sought announcement will be used by the Government to make appropriate acquisition decisions. The total contract capacity is unknown at this time, but is anticipated to be \$5M per contract. Capacity will be determined based on customer need and results of the market research. The contract will be issued and awarded in compliance with The Brooks Act. The applicable NAICS code is 541330 and the standard size is \$15M. The contract period of performance will be five years from date of award. The work may encompass a wide range of planning and environmental services in the general areas of planning and environmental compliance, sustainability, and quality at various military and non-military locations. Services would include civil works investigations and ecological; cultural; economical, social, and financial; water resources; computer data management; facility planning; and public involvement; and environmental planning and compliance services. CAPABILITIES STATEMENTS (7 pages max) ARE DUE BY OR BEFORE 12:00 NOON ET ON APRIL 21, 2017.

B--CASTLE POINT ASBESTOS SURVEY (COMBINE)

SOL: VA24217Q0492

DUE: 042517

POC: Aletha Bourke, Contract Specialist, Aletha.Bourke@va.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/VA/BroVANAP/VAMD/VA24217Q0492/listing.html>

NAICS: 541620. THIS REQUIREMENT IS A 100% SDVOSB SET ASIDE. The place of performance for this contract is VA Hudson Valley Healthcare Castle Point, NY. A contractor is needed to provide services of a Certified Industrial Hygienist to perform a survey update of the current Asbestos Survey Documentation for the overall campus. It is a requirement to address asbestos contaminants potentially on campus as per VA requirements and Engineering Service SOP. The objective is to alleviate safety and health issues during operations and routine maintenance of the facility, and construction/renovation new work. The study provides baseline data documentation showing the type, condition, and vicinity of ACM used integrally in building materials (i.e., caulk, gasketing, floor tiles, insulation). The period of performance will be 195 calendar days from NTP. Investigation time frame would be 60 days from NTP. 75% working drawings are due 90 calendar days from the NTP and allow 15 days for VA review. 95% working drawings are due 135 calendar days from NTP and allow 15 days for VA review. 100% working drawings are due 180 calendar days from the NTP. RESPONSES ARE DUE BY OR BEFORE 3:00 PM ET ON APRIL 25, 2017.

NAICS: 562112. THIS REQUIREMENT IS SOLICITED AS A COMPETITIVE 8A SET-ASIDE. This is a non-personal services contract to provide Hazardous Material / Hazardous Waste(HM/HW) Management Support Services located at Fort Stewart and Hunter Army Airfield, Georgia. The Government shall not exercise any supervision or control over the contract service providers performing the services herein. Such contract service providers shall be accountable solely to the Contractor who, in turn is responsible to the Government. The Contractor, in turn, shall be accountable to the Government for Contractor or subcontractor personnel. The Contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and non-personal services necessary to perform HM/HW Support services, as defined in the Performance Work Statement, except for those items specified as Government-furnished property and services. The deadline for the submittal of all questions is 4 PM ET on April 21, 2017. PROPOSALS ARE DUE BY OR BEFORE 4:00 PM ET ON MAY 5, 2017. A site visit is scheduled for Thursday, 20 April 2017 at 9:00 AM ET. Contractors desiring to participate in the site visit are asked to meet at 1550 Veterans Parkway, Bldg 1137, DPW Environmental, Fort Stewart, GA. No picture-taking will be allowed on the site visit. All interested firms may attend with a limit of 2 attendees per team. Please submit, in writing, the names of attendees to Mr. Shondell Jordan at Shondell.jordan.civ@mail.mil no later than Wednesday, 19 April 2017, 4:00 P.M. ET.

PEER REVIEW PANEL TO REVIEW THE GROUNDWATER FLOW AND TRANSPORT MODEL (SRCSGT)

SOL: SS-NREI-41217

DU: 042617

POC: Debora Bryson, Contracts/Procurement Mngr, Debora.Bryson@nv.doe.gov, 702-295-2194, Fax: 702-295-1906; Venus M. Blumenstein, Contracts/Procurement Specialist, Venus.Blumenstein@nv.doe.gov, 702-295-1629, Fax: 702-295-1906.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DOE/SNJV/NNSANV/SS-NREI-41217/listing.html>

NAICS: 541990. Navarro, as a Prime Contractor to U.S. DOE's Office of Environmental Management (EM) Nevada Program, is seeking individuals to participate on an expert Peer Review Panel tasked with reviewing the groundwater flow and transport model and associated documentation developed for the Rainier Mesa/Shoshone Mountain Corrective Action Unit 99 of the Underground Test Area Activity, Nevada National Security Site. The purpose of the peer review is to determine whether the model, results, interpretations, and documentation are consistent with the requirements of the FFACO alternative modeling strategy and decision process for closure of the Corrective Action Unit. The panel will consist of four individuals (including one chairperson) with expertise in the following subject areas: (1) Modeling of radionuclide transport by groundwater; (2) Hydrogeology of the arid western United States; (3) Knowledge of risk-based regulatory closure of contaminated groundwater sites; and (4) Environmental regulation, risk-based decision making, and environmental regulation enforcement. Interested parties are invited to submit a capability statement, sample resume, and/or other descriptive literature that will provide sufficient detail to enable a preliminary functional evaluation. Qualified submissions will be issued a formal Request for Proposal. No pricing is requested or will be considered/accepted at this time. RESPONSES MUST BE RECEIVED NO LATER THAN 5:00 PM PT ON WEDNESDAY, APRIL 26, 2017.

NAICS: 541380. To proactively plan for a future requirement, the Washington Headquarters Services (WHS), Acquisition Directorate (AD) is conducting market research to locate qualified, experienced and interested large and

small businesses (e.g., 8(a), service-disabled veteran owned, HUBzone, small disadvantaged, veteran-owned, and woman-owned) to provide Laboratory Analysis and Collection Services and Supplies to the Pentagon Force Protection Agency, Chemical Biological Radiological Protection Division. The Contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and non-personal services necessary to perform analysis of environmental samples collected from the facilities and locations around and within the National Capital Region (NCR), as specified by the Government, or in support of other DoD missions as defined in the Performance Work Statement. Currently, this requirement is being contracted through a WHS/AD indefinite-delivery indefinite-quantity (IDIQ) contract vehicle. The contract number is HQ0034-12-D-0015 and the incumbent is MRI Global. This acquisition has an estimated value of \$10M to \$18M. For this requirement, the Contractor must have a SECRET Facility Clearance and Contractor personnel must be able to acquire and maintain a SECRET security clearance while performing all related tasks to this requirement. The applicable NAICS code assigned to this procurement is 541380 (Testing Laboratories). The estimated period of performance is for a base period of twelve (12) months with four (4) twelve (12) month option periods. Responses must be submitted no later than Friday, April 28th, 12:00 PM, Eastern Time (ET).

JACOBSTOWN REMEDIAL ACTION (PRESOL)

SOL: SOL-R5-17-00002

POC: Paul Seivert, seivert.paul@epa.gov.

NAICS: 562910. The Environmental Protection Agency (EPA) seeks a contractor to provide environmental remediation services at the Jacobstown Neighborhood Soil Contamination Superfund Site located in Evansville, Indiana. These services include the cleanup of privately owned residential yards contaminated by lead and/or arsenic and all actions associated with the cleanup on residential properties. The scope of the cleanup will consist of 50 residential properties within a designated area within the boundaries of the Jacobstown Neighborhood Soil Contamination Site. The requirement magnitude range is between \$1M and \$5M. EPA REGION 5 INTENDS TO ISSUE THE SOLICITATION ON OR ABOUT APRIL 28, 2017, via FedConnect at

<https://www.fedconnect.net/FedConnect/?doc=SOL-R5-17-00002&agency=EPA> [Note: It might be necessary to copy/paste the URL into your browser for direct access]. THIS ACQUISITION IS COMPLETELY SET ASIDE FOR HUBZONE SMALL BUSINESS CONCERNS under NAICS code 562910 (Environmental Remediation Services), with a size standard of 750 employees. A site visit is tentatively scheduled for 8:00 AM CT on May 9, 2017, at the Jacobstown Neighborhood Soil Contamination Site. Further information regarding the site visit will be available in the solicitation. A draft Statement of Work (SOW) is attached to the notice posted on FedConnect. Currently, EPA is funded on a Continuing Resolution that is set to expire on April 28, 2017. In the unlikely event that a shutdown occurs, the site visit date and other actions/events associated with the solicitation may be delayed.
