

Federal Business Opportunities (FedBizOpps) Update

Notices for December 10-16, 2018

This update contains summaries of procurement notices issued between December 10-16, 2018 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

ENVIRONMENTAL SERVICES (SRCSGT)

SOL: W912PM19R0005

DUE: 122118

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/35d8d826993957fa752d8820ce319ff9>

NAICS: 541620. The U.S. Army Corps of Engineers (USACE) Wilmington District is conducting this market research to gauge the level of interest and capabilities with regard to an upcoming acquisition for an Environmental Service contract for this requirement. The findings of market research will be used in considering a 100% set-aside for Small Businesses [8a concerns are of particular interest]. The project is subject to the availability of funds. The USACE Wilmington District is contemplating a solicitation for a full range of environmental and related services to the USACE and its customers. The environmental services generally consist of environmental compliance (including but not limited to the National Environmental Policy Act, National Historic Preservation Act, Endangered Species Act, and Clean Water Act), environmental restoration, environmental conservation (to include ecosystem restoration), and pollution prevention. The contractor shall furnish all materials, equipment, supplies, personnel, and all other services required to perform these environmental services. The work is located predominantly in the states of North Carolina and Virginia, but may also include South Carolina, Georgia, Florida, Alabama and Mississippi. However, work can be awarded for projects located outside of the geographical boundary at the specific request of a customer. RESPONSES MUST BE RECEIVED NO LATER THAN 4:00 PM ET ON DECEMBER 21, 2018.

DOE OFFICE OF ENVIRONMENTAL MANAGEMENT MODIFICATION TO END STATE CONTRACTING MODEL (SNOTE)

SOL: Special_Notice_ESCM_12-12-18

DUE: 122118

WEB: FBO.gov Permalink at https://www.fbo.gov/spg/DOE/PAM/HO/Special_Notice_ESCM_12-12-18/listing.html

NAICS: 562910. DOE's Office of Environmental Management (EM) recently released two end-state-oriented Draft RFPs to seek industry input. DOE held industry discussions to obtain feedback on EM's Draft RFPs and the EM End State Contracting Model (ESCM). EM held an Industry Exchange on August 14-16, 2018, and a Pre-Solicitation Conference on October 15-18, 2018, in Richland, WA, for the Central Plateau Cleanup Contract (CPCC) Acquisition. CPCC was the first draft "end state" Cost-Plus Incentive Fee contract model. Concurrently, EM held a Pre-Solicitation Conference on August 14-16, 2018, in Henderson, NV, for the EM Nevada Environmental Program Services (EPS) Acquisition. EM released Nevada as a single-award IDIQ contract model soliciting end-state input from industry. As a result of the comments received from interested parties (industry, community, and stakeholders), EM decided to move forward with the ESCM utilizing a single-award IDIQ contract for each acquisition with the ability to issue both cost-reimbursable and firm-fixed-price Task Orders. The ESCM is attached to the FedBizOpps notice with additional details. DOE invites all interested parties to review the ESCM and to submit comments as instructed in the attachment. All comments shall be submitted in the Microsoft Word format provided on the procurement website at https://www.emcbc.doe.gov/SEB/em_escm/News and Announcements.php. COMMENTS MUST BE RECEIVED NO LATER THAN 5:00 PM ET ON DECEMBER 21, 2018.

FIRING RANGE MAINTENANCE SERVICE (COMBINE)

SOL: 140P3019R0001

DUE: 010319

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DOI/NPS/APC-IS/140P3019R0001/listing.html>

NAICS: 562910. THIS SOLICITATION IS ISSUED AS A TOTAL SMALL BUSINESS SET-ASIDE under NAICS code 562910 (Remediation Services), size standard \$20.5M, for Firing Range Cleaning Services at the U.S. Park Police Anacostia Training Facility, 1901 Anacostia Dr. SE, Washington, DC 20020. Period of Performance is one Base Year (Jan 14, 2019 - Jan 13, 2020) and four option years. The U.S. Park Police operates a 25-yard, 14-point indoor pistol/shotgun range containing a bullet trap and a 3-stage filtered ventilation system. This range generates quantities of lead particles, lead dust, and lead-contaminated ventilation filters. The contract requires the regularly scheduled cleaning of the indoor firing range to include the floor, bullet trap, shooting booths, and other vertical and horizontal surfaces. This contract also includes scheduled replacement of ventilation filters, to include proper packaging, removal, and disposal (recycle if appropriate) of all lead and lead-contaminated by-products. OFFERS MUST BE RECEIVED VIA EMAIL BEFORE 12:00 NOON ET ON JANUARY 3, 2019. All questions are due before 12:00 noon ET on December 18, 2018. A site visit is to be held at 10:00 AM ET on Friday, December 14, 2018.

ENVIRONMENTAL COMPLIANCE ARCHITECT/ENGINEERING SERVICES (SRCSGT)

SOL: FA875119R0011

DUE: 011119

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USAF/AFMC/AFRLRRS/FA875119R0011/listing.html>

NAICS: 541330. The Air Force is seeking 8(a), HUBZone, Woman-Owned (WOSB), Economically Disadvantaged Woman-Owned (EDWOSB), Service-Disabled Veteran-Owned Small Business (SDVOSB), or Small Business sources for Architect and Engineering Services for design of miscellaneous environmental compliance projects and supporting services at the Air Force Research Laboratory, Information Directorate, and various remote sites (Newport, Stockbridge, Verona - all located in New York State). Design services required will be in conjunction with environmental compliance-type projects, including preparation of drawings, specifications, estimates, and schedules. Due to the nature of site conditions, the Government reserves the right to require the contractor to be present on site within 2 hours of receiving emergency response requests. Firms beyond a 120 mile radius of Rome, NY, should be prepared to demonstrate ability to meet the emergency response time. A firm-fixed-price IDIQ contract will be issued for a period of five years. It is anticipated that no delivery order will exceed \$950,000 and that the cumulative amounts of all delivery orders will not exceed \$4,500,000 over the five-year contract life. The NAICS code for this procurement is 541330, small business size standard \$15M. Firms that meet the requirements described in this announcement are invited to submit hardcopy documentation (including SF330 Part II), 15 pages max. Prime contractors who are 8(a), HUBZone, WOSB, EDWOSB, SDVOSB, or SB concerns and who intend to submit a proposal for this notice MUST respond to this notice. RESPONSES MUST BE RECEIVED NO LATER THAN 3:30 PM ET ON JANUARY 11, 2019.

RFI - SUPERFUND RESEARCH PROGRAM - SCIENCE COMMUNICATION AND INFORMATION TRANSFER (SNOTE)

SOL: BS2019001

DUE: 011319

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/HHS/NIH/NIEHS/BS2019001/listing.html>

NAICS: 541620. Responses to this Request for Information (RFI) will allow the National Institute of Environmental Health Sciences (NIEHS) to acquire industry feedback that ultimately will support the its Superfund Research program needs. Through cooperative relationships with the National Institutes of Health and with public and private institutions and organizations, the NIEHS Division of Extramural Research and Training (DERT) maintains an awareness of national research efforts and assesses the need for research and research training in environmental health. This RFI concerns DERT's science communication and information transfer needs. The operational assets currently addressing that program area accomplish the following: (1) Create and maintain data information systems that support ready access to programmatic information; (2) Enhance the dissemination and communication of research advances in the format most appropriate for the intended audience; (3) Promote the use of the science from and within the program; and (4) Provide meeting support for select conferences and workshops. NIEHS invites interested vendors to review the Draft Statement of Work and appendices attached to the FedBizOpps notice and then respond to the 5 questions posed in the notice. Respondents may answer as many or as few questions as they wish. RESPONSES MUST BE RECEIVED NO LATER THAN 11:59 PM ET ON JANUARY 13, 2019.

PERFORM LAND USE CONTROL (LUC) MONITORING AND ENFORCEMENT/EROSION CONTROL AND REPAIRS AT BARKSDALE AFB, LA (COMBINE)

SOL: FA8903-19-R-0010

DUE: 012319

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/4ef03539140379c0855481ae81c7c9d2>

NAICS: 562910. THIS REQUIREMENT IS A TOTAL SMALL BUSINESS SET-ASIDE, NAICS code 562910, to perform land use control (LUC) monitoring and enforcement at landfill (LF) 034 and erosion control and repairs at LF 2 at Barksdale Air Force Base, Louisiana. In support of the DoD ERP initiative to remediate contamination and restore base property from prior Air Force operations, FY19 funding has been allocated by AFCEC to perform cleanup operations at Barksdale AFB through a contract administered by the 772nd Contracting Squadron. Contractor will perform remedial project to repair storm and erosion damage to the cover at Landfill #2 located adjacent to the Flat River. Project will include repairing holes in the landfill cover caused by falling trees and subsidence, and clearing tress and large limbs from the vicinity of the landfill access road. Contractor will bury any landfill materials exposed by erosional processes, ensuring the debris is covered as required by Louisiana DEQ Solid Waste regulations, and regrade the damaged areas to prevent surface water ponding. Contractor will also perform Land Use Controls inspection of a former munitions burn kettle area at Claiborne Range. Project to be awarded in FY19 at cost of \$185.6K with a Performance Period of approximately 380 days. Questions regarding this solicitation are due by 2:00PM CT on December 28, 2018. OFFERS MUST BE RECEIVED NO LATER THAN 2:00 PM CT ON JANUARY 23, 2018.
