NAICS: 541620. This RFI is issued as market research to identify contractors capable of providing the Michael E. DeBakey VA Medical Center (MEDVAMC) with the services requirement described in the Draft Performance Work Statement (PWS) attached to the FedBizOpps notice. This notice is not a request for competitive quotes; however, any firm that believes it can meet the requirement may give written notification prior to the response due date and time. Supporting evidence must be furnished in sufficient detail to demonstrate the ability to perform the requirement. The Michael E. DeBakey MEDVAMC is interested in establishing a professional service contract. The MEDVAMC is looking for highly qualified, experienced firms to provide analytical and technical consulting services. Credentialed professionals experienced in conducting industrial hygiene, asbestos, mold, and lead abatement assessments and sampling protocols are needed to support the MEDVAMC main campus, nine community-based out-patient clinics, and four Vet Centers. RESPONSES TO THE RFI ARE DUE BY OR BEFORE 9:00 AM CT ON FEBRUARY 21, 2018.

RFP 212018-GTJ - TECHNICAL SUPPORT FOR CERCLA FATE AND TRANSPORT MODELS, OVERALL GROUNDWATER ANALYSES AND RCRA REGULATORY OBLIGATIONS

SOL: RFP212018GTJ

DUE: 022218 and 030618

POC: Ginny Jacobsen, 509-376-7955, Ginny_T_Jacobsen@rl.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/9bda8d8c9405536828367713d33e079b>

NAICS: 541620. ANY RESULTING CONTRACT SHALL BE AWARDED TO A SMALL BUSINESS. CH2M HILL Plateau Remediation Company (CHPRC) is interested in receiving proposals for Technical Support for CERCLA Fate and Transport Models, Overall Groundwater Analyses, and RCRA Regulatory Obligations in support of the Soil and Groundwater Remediation Project, Richland, Washington, under Prime Contract DE-AC06-08RL14788 with the U.S. Department of Energy. The intent of this RFP is to issue a priced basic ordering agreement as a vehicle to facilitate award of services to be provided by the Contractor. Contractual commitments to perform work will be established only by award of a Task Order Release. PROSPECTIVE OFFERORS MUST NOTIFY CHPRC IN WRITING BY 1:00 PM PT ON FEBRUARY 22, 2018, TO INDICATE THE OFFEROR'S INTENT TO SUBMIT A PROPOSAL IN RESPONSE TO THIS RFP along with any questions about this procurement. This solicitation requires all contractors submitting proposals to access the Supply Chain Management Center (SCMC) eSourcing Tool to input pricing. Upon receipt of contractor notification of intent to propose, CHPRC will provide the contractor an email notification with a link to the SCMC eSourcing event, including access instructions. Contractor will be afforded the opportunity to preview the application and place pricing information prior to the commencement of an event. This preview phase is called the pre-bid period. At the conclusion of the pre-bid period, the eSourcing event will commence and continue until its expiration. Events typically last 15-30 minutes. The eSource event will take place at 1:00 PM PT on March 6, 2018. The event is a one-time price submittal deadline. PROPOSALS MUST BE RECEIVED WITHIN THREE HOURS OF COMPLETION OF THE ESOURCING EVENT ON MARCH 6, 2018. The anticipated award date for this RFP is March 15, 2018. Proposals for this acquisition are solicited from small business concerns, including small disadvantaged, small woman-owned, service-disabled veteran-owned, and HUBZone small businesses. CHPRC may award one contract as a result of this RFP. See additional information at <https://chprc.hanford.gov/page.cfm/CurrentSolicitations>.

R--SPECIAL NOTICE: SOURCES SOUGHT, START V (SRCSGT)

SOL: 68HE0518R0005

DUE: 031918

POC: Thomas Harrison, 312-353-2000, Fax: 312-353-4135, harrison.thomas@epa.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/EPA/OAM/MMC-10J/68HE0518R0005/listing.html>

NAICS: 541620. The purpose of this sources sought announcement is to identify potential small businesses with the capability to perform the requirements defined in the draft Statement of Work (SOW). The draft SOW is available only on FedConnect at <https://www.fedconnect.net/FedConnect/?doc=68HE0518R0005&agency=EPA> [Note: It might be necessary to copy and paste the URL into your browser for direct access]. The NAICS code for this requirement is 541620 (Environmental Consulting Services), size standard \$15M. Most of the technical support that the contractor shall be tasked with is applicable to nationally consistent advisory and assistance to EPA's on-scene coordinators and other federal officials implementing EPA's responsibilities under the national response system for the Superfund Technical Assessment and Response Team (START) class of contracts. These services primarily support the Emergency Response Branch in the Superfund Division in EPA Region 4 (AL, FL, GA, KY, MS, NC, SC, TN) and EPA Region 5 (IL, IN, MI, MN, OH, and WI). The interested party shall be prepared to provide scientific/technical support and align its activities with EPA activities to further the Agency's primary mission of protecting human health and the environment. The majority of work that an offeror would be tasked per the SOW falls in the areas of emergency response, oil spill response, Fund lead removal, and removal site evaluation. Interested parties are invited to submit a capability statement (20 pages max) for one region or for both, but SEPARATELY FOR EACH REGION. RESPONSES MUST BE RECEIVED VIA EMAIL NO LATER THAN 2:00 PM CT ON MARCH 19, 2018. Electronic submissions shall be in a PDF format and less than 10MB as email boxes in the EPA office have limited capabilities; therefore, it is advised to submit electronic responses 24 hours in advance and to verify that electronic submissions were received. EPA reserves the right to set this action aside for small businesses.

HAZARDOUS WASTE (OTTO FUEL II) TRANSPORTATION AND DISPOSAL SERVICES (PRESOL)

SOL: N0025318Q0096

POC: Kathleen R. Harrigan, kathleen.harrigan@navy.mil, 360-315-3429.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DON/NAVSEA/N00253/N0025318Q0096/listing.html>

NAICS: 562211. Naval Undersea Warfare Center Division Keyport is soliciting for Hazardous Waste (Otto Fuel II) transportation and disposal services in support of Joint Base Pearl Harbor (JBPH, Honolulu, Oahu, HI) and the Pacific Missile Range Facility (PMRF, Barking Sands, Kauai, HI). A modified base year will cover JBPH only from 1 May 2018 or date of award, whichever is later, through 19 March 2019, with four one-year option periods running from 20 March to 19 March of the following year. Optional service for PMRF will start in year 2, with a potential for four one-year option periods running from 20 March to 19 March of the following year. For JBPH, annual services are estimated at 8500 gallons of liquid waste stored in 550-gallon intermediate bulk containers, and 180 55-gallon drums of solid waste, plus transportation and demurrage costs. For PMRF, annual services are estimated at 60 55-gallon drums of liquid waste and 20 55-gallon drums of solid waste, plus transportation and demurrage costs. Disposal facilities and transporters used by any contractor or subcontractor must be on the current Defense Logistics Agency Disposition Services Qualified Lists located at <http://www.dla.mil/Portals/104/Documents/DispositionServices/Hazardous/OF.pdf> and <http://www.dla.mil/Portals/104/Documents/DispositionServices/Hazardous/OT.pdf>. The Defense Priorities and Allocations System (DPAS) applicable assigned rating for this requirement is DO-S1. The applicable NAICS code for this requirement is 334515 or 562211, size standard \$38.5M. RELEASE OF SOLICITATION N0025318Q0096 IS ANTICIPATED ON OR ABOUT MARCH 2, 2018, AS AN UNRESTRICTED COMMERCIAL REQUIREMENT.

NAICS: 562910. THE RFP WILL BE SET ASIDE FOR SMALL BUSINESSES under NAICS code 562910, size standard 750 employees. The U.S. Army Corps of Engineers (USACE) Louisville District intends to issue an RFP to establish IDIQ MATOCs for Environmental Restoration Services within the Great Lakes and Ohio River Division (LRD) and Louisville District (LRL) mission boundaries. The Government intends to award up to seven small business IDIQ MATOCs utilizing the forthcoming solicitation. The task orders under these contracts will be competed within the established pool and will be either firm-fixed-price (FFP) or cost reimbursement. The proposed MATOCs will include performance-based outcomes to provide environmental and MMRP services (for those with the authority as an MM Design Center or with proper coordination with a MMDC) in support of the LRL and LRD. These services may include, but are not limited to the control and remediation of environmental contamination from pollutants, toxic substances, munitions, and hazardous materials, in addition to a wide range of environmental compliance operations & maintenance (O&M) tasks. The majority of the task orders will be performance-based acquisitions (PBAs). Specific outcomes are defined in each competitive task order's Performance Based Work Statement (PWS). Awardees within the established MATOC pool will compete on a per-task-order basis for up to the maximum shared capacity, not to exceed \$48M. The contract ordering period will be 5 years from the date of award. This is a single-phase procurement. The proposals will be evaluated using a Best Value Trade Off source selection process. THE GOVERNMENT ANTICIPATES RELEASING THE SOLICITATION ON OR ABOUT MARCH 9, 2018.
