

# Federal Business Opportunities (FedBizOpps) Update

Notices for May 7-13, 2018

This update contains summaries of procurement notices issued between May 7-13, 2018 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

## COMBAT ARMS LEAD ABATEMENT (SRCSGT)

**SOL:** LeadAbatementSSGFABF

**DUE:** 051418

**POC:** Jen Joe Canezal, Contract Administrator, [jen\\_joe.canezal@us.af.mil](mailto:jen_joe.canezal@us.af.mil), 701-747-4891, Fax: 701-747-4215; Jeremiah J Snedker, Contracting Officer, [jeremiah.snedker@grandforks.af.mil](mailto:jeremiah.snedker@grandforks.af.mil), (701) 747-5299, Fax: (701) 747-4215.

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/USAF/AMC/319CONS/LeadAbatementSSGFABF/listing.html>

**NAICS:** 562910. This is a sources sought announcement for information only; it is not a request for proposal. The Air Force is seeking sources for a firm-fixed-price requirements contract, with a potential for a competitive 100% set aside for 8(a), HUBZone, service-disabled veteran-owned, woman-owned, or small business concerns, NAICS code 562910 (Remediation Services), small business size standard \$20.5M. The purpose of this sources sought is to obtain information on qualified and experienced contractors interested in providing proposals on Combat Arms Lead Abatement at Grand Forks AFB, North Dakota. The contractor shall provide all management, labor, parts, materials, equipment, and tools necessary to complete lead abatement of Combat Arms Range (unless otherwise stated). Workers and supervisor must be Hazardous Waste trained. All training documentation shall be provided to Contracting Official (CO). Ensure the 21-point target retrieval system, including rails, vertical supports, and individual units are eliminated of lead and lead dust residue and HEPA vacuum/lead abatement of all floors, walls, underside of roof, rafters, and tables of lead and lead dust residue below the specified lead level of 40 micrograms per square foot. All work shall be accomplished with the best standard practices (OSHA standards), and shall be completed by experienced trained/certified personnel. The solicitation will result in a firm-fixed-price type contract for a one-time service. The period of performance will be 30 days after notice of award. CAPABILITIES STATEMENTS MUST BE RECEIVED NO LATER THAN 3:00 PM CT ON MAY 14, 2018. If adequate responses are not received from any of the listed types of small businesses, the acquisition may be solicited on an unrestricted basis.

## DISPOSAL SERVICES FOR HAZARDOUS WASTE MATERIALS (SRCSGT)

**SOL:** RFI05092018

**DUE:** 051618

**POC:** Phyllis A. Reaves, Contract Specialist, [phyllis.reaves@hq.dhs.gov](mailto:phyllis.reaves@hq.dhs.gov), 609-813-2894; Jesse Goldy, [Jesse.Goldy@hq.dhs.gov](mailto:Jesse.Goldy@hq.dhs.gov), 609-813-2803.

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/DHS/OCPO/DHS-OCPO/RFI05092018/listing.html>

**NAICS:** 562211. This Request for Information constitutes market research to ascertain the level of interest of certified hazardous/universal/energetic waste removal companies capable of providing services for the removal and disposal of hazardous waste materials from the Transportation Security Laboratory (TSL). The TSL is currently classified as a Small Quantity Generator. Volumes listed will vary; and the TSL makes no guarantee that a pick-up will contain or be limited to the estimated amounts. This action is made in anticipation but not the guarantee of the award of a three-year (base year plus two option years) firm-fixed-price (FFP) contract to be solicited under GSA Schedule SIN 00CORP/899.5. Hazardous, Universal, and Energetic waste management services include the segregating, packaging, transportation, and disposal of hazardous and non-hazardous wastes. All applicable federal, State of New Jersey, and local regulations shall be adhered to. LAND DISPOSAL OF THIS WASTE IS NOT AN ACCEPTABLE MEANS, EVEN IF ALLOWED BY REGULATIONS. Excluded from this solicitation is the disposal of municipal type trash and refuse, radioactive waste, and sharps waste. The Contractor shall handle and dispose of a wide variety of Hazardous, Universal, and Energetic wastes and chemicals. There will be wastes in liquid, solid, and semisolid forms, and wastes that come from material that has become deteriorated or unsuitable for use. It is anticipated that pickups of Hazardous and Universal wastes will occur on a monthly basis, whereas pickups of Energetic Materials Waste will occur as needed, up to four times a year. The price of disposal for each type of waste will include costs for segregating, packaging, transporting, and disposing of the waste. The Contractor shall be required to pick up waste within 10 business days, once notified by a TSL representative. NO LATER THAN 9:00 AM ET ON MAY 16, 2018, INTERESTED VENDORS SHOULD CONTACT: (Primary Contact) Mr. Jesse Goldy (COR) - [jesse.goldy@hq.dhs.gov](mailto:jesse.goldy@hq.dhs.gov) OR (Alternative Contact) Bill Harmon - [William.harmon@associates.hq.dhs.gov](mailto:William.harmon@associates.hq.dhs.gov).

**NAICS:** 562910. THIS NOTICE IS A SOURCES SOUGHT TO DETERMINE THE AVAILABILITY OF SERVICE DISABLED

VETERAN-OWNED SMALL BUSINESSES capable of performing the required services. The Contractor shall provide all labor, materials, equipment, and transportation to support the Eielson, JBER, and PRSC Hazardous Waste Programs. Specifically the contractor will operate the Hazardous Waste Centers (HWCs) to collect, manage and dispose of hazardous wastes, universal wastes, other regulated wastes, and recyclable materials. The HWCs are central accumulation areas (CAAs) as defined in 40 CFR 260.10, which will be managed by the contractor in compliance with federal regulation applicable to CAAs. The Contractor shall be responsible for identifying and complying with the most stringent/applicable federal, state, and local policies/regulations that will affect the contract. CAPABILITIES STATEMENTS ARE DUE NO LATER THAN 2:00 PM ALASKA TIME ON MAY 22, 2018.

**HAZARDOUS MATERIALS ABATEMENT, OLYMPIC NATIONAL PARK (COMBINE)**

**SOL:** 140P8318Q0051

**DUE:** 052518

**POC:** Phaedra Fuller, [Phaedra\\_Fuller@nps.gov](mailto:Phaedra_Fuller@nps.gov).

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/DOI/NPS/APC-IS/140P8318Q0051/listing.html>

**NAICS:** 562910. THIS ACQUISITION IS A 100% TOTAL SMALL BUSINESS SET-ASIDE, NAICS code 562910 (Remediation Services), small business size standard \$20.5M. This Request for Quotations will result in a firm-fixed-price contract to a single contractor/vendor determined to be responsive and responsible. The National Park Service, Olympic National Park (OLYM), has a requirement for removing hazardous materials, including asbestos abatement, from structures on 10 properties within the boundaries of Olympic National Park. Most of the properties include multiple structures. Six of the properties are located at Lake Crescent and four properties are located in Quinault. Eight additional properties are included in this RFQ as option items. This description does not contain all of the information included in the project Scope of Work, which is posted as Attachment no. 3 to the FedBizOpps notice. The hazardous materials to be removed by this contract include asbestos-containing materials, mercury-containing light tubes and bulbs, PCB-containing magnetic light ballasts, and building elements containing high concentrations of lead, such as stained glass windows. Though the included surveys identify lead paint in many of the structures, lead abatement, other than of specific items, is not an element of this contract. Specific lead-containing items for removal, as part of this contract, are identified on the Excel spreadsheet attachment. The government anticipates the work to be performed during June 2018 (anticipated to start the week of June 4 and be completed the week of July 2). QUOTES ARE DUE AT 4:30 PM PT ON FRIDAY, MAY 25, 2018.

**NAICS:** 562910. Army Contracting Command-Aberdeen Proving Ground (ACC-APG), Huachuca Division, Directorate of Contracting Operations Branch is conducting market research to determine the availability, capability, and interest of qualified companies and educational institutions to perform Underground Storage Tanks (USTs) maintenance, compliance testing, and inspection services for the Directorate of Public Works, Environmental Division at Fort Huachuca, Arizona. Responses to this sources sought will be used by ACC-APG Huachuca Division to develop an acquisition strategy. The purpose of the contract will be to perform monthly and annual visual and physical inspections, testing, and repair of all USTs and associated piping, sumps, and other tank system components at the locations listed in the technical exhibit (see the file attached to the FedBizOpps notice) that are located at Fort Huachuca, AZ. Performance shall be in accordance with the terms and conditions of a contract and with the current local, state, and federal regulations. The anticipated term of the contract is one year and four option years. Work currently is being performed for this requirement under NAICS code 237120 (Oil and Gas Pipeline and Related Structures Construction); however, NAICS code 562910 (Remediation Services) is being considered. RESPONSES TO THIS NOTICE MUST BE RECEIVED BY THE POC VIA EMAIL NO LATER THAN 11:00 PM MT ON MAY 25, 2018.

**NAICS:** 562211. The intent of this sources sought synopsis (as a market research tool) is to identify qualified HUBZone, 8(a), woman-owned, service-disabled veteran-owned, and small businesses for a firm-fixed-price IDIQ contract for RCRA hazardous, state-regulated, PCBs, CGCs, and non-hazardous waste removal, transportation, and disposal. Approximately 33 pickup points are located on military installations in the states of Virginia and West Virginia. Standard performance and removal timeframe for all sites is 21 calendar days from the date of order issuance unless otherwise specified. The duration of the contract is anticipated to be for one 30-month base period from the date of an initial contract award and one 30-month option period. Approximately 538 Base CLINs, special services CLINs, and profile-based waste CLINs are anticipated for this contract. Special services may include management services, lab pack/loose pack, analysis and testing, providing containers and tank cleaning. Profile-based CLINs may include waste streams such as batteries, corrosives, flammables, compressed gas, non-RCRA, PCB, and recycling and recovery. Upon review of industry response to this sources sought notice, the Government will determine whether a set-aside acquisition is in the Government's best interest. The NAICS code for the project is 562211 (Hazardous Waste

Treatment and Disposal), size standard \$38.5M. Interested firms having relevant experience in the categories referenced above are invited to submit a brief capabilities statement package (no more than 3 pages in length, single-spaced, 12-point font minimum) demonstrating ability to perform the required services. SUBMITTALS MUST BE RECEIVED NO LATER THAN 4:00 PM ET ON MAY 30, 2018.

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/DOF/FAA/WJHTC/30117/listing.html>

**NAICS:** 562910. This notice is a sources sought request for information only. The FAA William J. Hughes Technical Center is seeking interest and capability statements from vendors that can provide Superfund environmental remediation services in accordance with CERCLA (Superfund). All work shall be performed in accordance with applicable U.S. EPA, New Jersey Department of Protection, and local regulatory requirements. Site activities require personnel be trained according to OSHA HAZWOPER requirements (including 1910.120 and 1926.65). The grounds and waters of the FAA William J. Hughes Technical Center, located at the Atlantic City International Airport, constitute the majority of the watershed for the Atlantic City Municipal Utilities Authority (ACMUA). ACMUA provides drinking water to the City of Atlantic City and nearby onshore communities. Both surface water and groundwater are used for this purpose. In 1985, when the ACMUA well field was in the process of being located on the Technical Center, the NJDEP issued the Technical Center an Administrative Consent Order for contamination of several areas on the property. The Center was listed on the NPL of Superfund sites in 1990, and a legally binding Federal Facility Agreement (FFA) was signed between the EPA and FAA for conduct of the Superfund remediation activities at the FAA Technical Center in 1993. The requirement is for all aspects of Remediation Services related to Superfund cleanup only. CAPABILITIES STATEMENTS MUST BE RECEIVED NO LATER THAN 3:00 PM ET ON JUNE 6, 2018.

**NAICS:** 562910. THIS ACQUISITION IS SET ASIDE FOR SMALL BUSINESS under NAICS code 562910, \$20.5M size standard. Quotes are being requested. The Contractor shall furnish all non-personal services to include labor, supervision, vehicles, tools, equipment, parts, personal protective equipment, and services to perform inspection, maintenance, and repair services on the Small Arms Training Range Bullet Trap System and Contech Storm Filtration System at JBLE-Langley, VA. The Bullet Trap System is manufactured by Savage Range Systems and is the Model 800HD Dry Snail Trap. The system includes an automatic bullet recovery system, a deceleration chamber, an auger and an air barrier system, which is the "Environmental Dust Collection System" (DCU). The range also contains two Contech Storm Filtration System catch basins. Each basin contains two 18" ZPG Media filled filter cartridges and screens to catch solid material. The storm water from the range runs into the catch basin, filters through the cartridges and goes into the outfall behind the range. This requirement is for the period 1 July 2018 through 30 June 2023 in accordance with the PWS, consisting of one base year plus four one-year options. Offerors are required to quote on all line items. Incomplete quotes will not be evaluated for consideration of award. QUOTES MUST BE RECEIVED VIA EMAIL NO LATER THAN 2:00 PM ET ON JUNE 8, 2018, to both POCs. A site visit is scheduled for May 16, 2018 at 2:00 PM ET. Location will be Security Forces facility, Bldg. 1018.

**WEB:** FBO.gov Permalink at <https://www.fedconnect.net/FedConnect/?doc=68HE0H18R0023&agency=EPA>

**NAICS:** 541990. The U.S. Environmental Protection Agency is performing market research to identify contractors that possess the capabilities to provide support for EPA's Office of General Council, Alternative Dispute Resolution Law Office, Conflict Prevention and Resolution Center. The objective of the contract is to obtain contractor support to implement on a nationwide level EPA's Alternative Dispute Resolution (ADR) Policy (65 FR 81858). This policy was established under the Administrative Dispute Resolution Act of 1996 and to implement EPA's Public Involvement Policy (65 FR 82335). Under EPA's ADR Policy, the Agency encourages the use of ADR techniques to prevent and resolve disputes with internal and external parties in many contexts, including adjudications, rulemaking, policy development, administrative and civil judicial enforcement actions, permit issuance, protests of contract awards, administration of contracts and grants, stakeholder involvement, negotiations, and litigation. In addition, the policy encourages the use of ADR techniques to prevent and resolve internal disputes, such as workplace grievances and equal opportunity employment complaints, and to improve labor-management partnerships. EPA's Public Involvement Policy encourages Agency management and staff to provide for meaningful public involvement in EPA decision-making and offers guidance and direction on how to accomplish this mission. This requirement is currently performed as a fixed rate for services and firm-fixed-price IDIQ contract under Contract No. EP-W-14-020. THE GOVERNMENT EXPECTS TO CONDUCT THE PROCUREMENT AS A FULL-AND-OPEN COMPETITIVE NEGOTIATED ACQUISITION and award a fixed rate for services and firm-fixed-price IDIQ contract under a single award scenario. The resultant contract is anticipated to have a total period of performance of 60 months. Interested parties are invited to submit a brief capability statement demonstrating how they are capable of meeting this requirement. Details of this sources sought are available only on FedConnect at <https://www.fedconnect.net/FedConnect/?doc=68HE0H18R0023&agency=EPA> [Note: It might be necessary to copy and paste the URL into your browser for direct access]. **NAICS:** 541380. THIS REQUIREMENT WILL BE PROCURED AS A SMALL BUSINESS SET-ASIDE under NAICS code 541380, size standard \$15M. The U.S. Bureau of Reclamation, Upper Colorado Region intends to solicit for proposals for water quality analysis services for the Bureau of Reclamation Durango field office. Based on market research, it was determined that there were sufficient numbers of qualified small businesses to perform the required work. The resulting contract will be a performance-based, firm-fixed-price type contract. The government is contemplating award of a one-year contract. The objective of this contract is to acquire a laboratory contractor to provide services to analyze water samples collected by Bureau employees from reservoirs, rivers, canals and wells. Samples will be collected for both Western Colorado Area Offices (WCAO Durango/Farmington, NM) from numerous sites in the Upper Colorado Region, including the Animas River in Colorado and New Mexico and the San Juan River in New Mexico, where these water samples are obtained for analysis. The Year 2000 Final Supplemental Environmental Impact Statement developed for the Animas-La Plata Project requires Reclamation to develop and implement a water quality monitoring program in the Animas River from the pumping plant to the confluence with the San Juan River and to sample trace element levels in the water sites significant to Reclamation stipulations. The number of samples to be submitted for analysis during the year is approximately 5,906 individual collected sample bottles. THE RELEASE OF SOLICITATION NUMBER 140R4018Q0057 IS ANTICIPATED IN EARLY TO MID-MAY 2018. Monitor FedConnect for additional information at <https://www.fedconnect.net/FedConnect/?doc=140R4018Q0057&agency=DOI> [Note: It might be necessary to copy and paste the URL into your browser for direct access].

**NAICS:** 541380. THIS PROCUREMENT WILL BE OTHER THAN FULL AND OPEN under NAICS code 541380, Size Standard \$15M. The U.S. Army Corps of Engineers - New England District is issuing a Pre-Solicitation Notice for a Blanket Purchase Agreement (BPA) to provide an indefinite quantity of chemical analyses of environmental samples. The Contractor shall furnish all labor, equipment and materials necessary for chemical analyses of environmental samples for each BPA Call under the agreement. The intent of the BPA is to provide the government with a cost-effective rapid response way to support the U.S. Army Corps of Engineers' projects throughout New England. The period of performance of the resulting agreement will be a period of 12 months from the date of award. In addition, the Government may exercise two 12-month optional years with the same scope of services. The BPA Master Limit is \$100,000. No single BPA Call may exceed \$25,000 in total cost. THIS SOLICITATION WILL BE RELEASED ON OR ABOUT MAY 22, 2018, on FedBizOpps to vendors/citizens who are registered on FedBizOpps. No additional information will be available until the solicitation is released.

**NAICS:** 541620. THIS PROCUREMENT WILL BE A SMALL BUSINESS SET-ASIDE, NAICS code 541620. DLA-Energy, as a best management practice, intends to procure the services of a contractor to provide spill prevention and response exercises for installations where there are DLA-Energy-funded Defense Fuel Support Point (DFSP) operations contracts in place. These services are to ensure compliance with Executive Order 12088, Federal Compliance with Pollution Control Standards. The exercises shall be in accordance with the applicable current laws, rules, regulations, and guidance for each foreign or domestic site. The period of performance is a four-year period, January 1, 2019, through December 31, 2022, and a six-month extension provision, January 1, 2023, through June 30, 2023. The Government anticipates awarding a firm-fixed-price contract. DLA-ENERGY ANTICIPATES ISSUING A REQUEST FOR PROPOSAL WITHIN THE NEXT 30 DAYS on FedBizOpps.

**NAICS:** 562910. By this presolicitation notice, the National Park Service announces its intent to issue a Request for Proposals (RFP) for remediation of targeted lead-contaminated soil removal action at the Decision Unit-Northeast-1 (DU-NE-1) Site and restoration of the site to a natural condition for the National Park Service at the Fort Vancouver National Historic Site. In addition, the Contractor will dispose of 11 steel drums (55-gallon type) previously stockpiled with potentially lead-contaminated soil. The project location is Fort Vancouver National Historic Site at the Decision Unit-Northeast-1 (DU-NE-1) Site at 612 E. Reserve St, Vancouver, Washington 98661. An organized site visit will be scheduled for all interested parties at a time and date to be announced in the solicitation. THIS PROJECT WILL BE SOLICITED AND AWARDED AS A 100% SMALL BUSINESS SET-ASIDE, NAICS code 562910 (Remediation Services), small business size standard of 750 employees. The magnitude of construction for this project is between \$250,000 and \$500,000. [Note, the magnitude range is required in accordance with FAR 36.204 and is not the government's estimate.] A single firm-fixed-price construction contract will be awarded as a result of the solicitation. Solicitation number 140P8318Q0058 will be issued as a Request for Proposals on FedBizOpps, with a link to FedConnect to retrieve the solicitation form (SF-1442) and all associated attachments at

<https://www.fedconnect.net/FedConnect/?doc=140P8318Q0058&agency=DOI> [Note: It might be necessary to copy and paste the URL into your browser for direct access]. THE RFP IS ANTICIPATED TO BE AVAILABLE ON OR AFTER JUNE 8, 2018, with a response date 30 days thereafter.

**SPECIAL NOTICE FOR NAVAL FACILITIES ENGINEERING COMMAND SOUTHWEST (NAVFAC SW) MULTIPLE AWARD REMEDIAL ACTION CONTRACT (MARAC) (SNOTE)**

**SOL:** N62473-18-R-2418

**POC:** Not given.

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/DON/NAVFAC/N68711A6A/N6247318R2418/listing.html>

**NAICS:** 562910. The Naval Facilities Engineering Command Southwest (NAVFAC SW), San Diego, California, will be procuring a Multiple Award Remedial Action Contract (MARAC). The requirement is for a cost-type contract for remedial actions (focusing on the Post-ROD stage) at environmentally contaminated sites predominately at Navy and Marine Corps installations. The sites will consist of those ranked on the Superfund National Priorities List (NPL), as well as non-NPL sites regulated under CERCLA, RCRA, UST, or MMRP, and other sites that might require remedial action. Requirements may focus primarily on environmental restoration projects, but could involve other environmental work such as compliance projects. The work to be ordered under this contract will be performed at various locations within the Naval Facilities Engineering Command, Southwest (NAVFAC SW) footprint. Work may be predominantly located in California, Arizona, Nevada, Utah, New Mexico, and Colorado as well as in Alaska, Hawaii, Idaho, Montana, Oregon, and Washington. Although these are the principal geographical areas of performance, the contractor may be required to perform at other Naval and Marine Corps activities, including Base Realignment and Closure (BRAC) Program and non-CERCLA sites within the NAVFAC area of responsibility. However, the majority of the work is expected to be performed in California. The NAICS Code for this acquisition is 562910 (Remediation Services). THIS REQUIREMENT WILL BE PROCURED AS A TOTAL SMALL BUSINESS SET-ASIDE with a size standard of 750 employees. It is anticipated that the resultant contract term will be for one 24-month base period and one 36-month ordering period, for a total maximum contract term of five years. The aggregate maximum dollar value of this procurement, including the base year and the ordering period, shall not exceed \$240M. RELEASE OF THE RFP/SOLICITATION IS ANTICIPATED IN JULY 2018. This special notice is for information and planning purposes only and is not to be construed as a commitment by the Government as it is NOT a solicitation announcement or Request for Proposal. No proposals will be accepted as a result of this announcement. No contract will be awarded as a result of this announcement.
