

Federal Business Opportunities (FedBizOpps) Update

Notices for June 18-24, 2018

This update contains summaries of procurement notices issued between June 18-24, 2018 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

FUSRAP TRANSPORTATION AND DISPOSAL (SRCSGT)

SOL: W912P9-18-R-0034

DUE: 070218

POC: Kristina J Baker, kristina.j.baker@usace.army.mil, 314-331-8506; Angie Grimes, Contract Specialist, angie.l.grimes@usace.army.mil.

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/dd2f5115c30c92987b3541b94cd58cc7>

NAICS: 562211. This Sources Sought Notice is in support of a market survey being conducted by the St. Louis District, Corps of Engineers to identify interested Contractors within the District area for the Scope of Work listed at FedBizOpps. Radiological waste disposal services are required, primarily in support of the USACE St. Louis Formerly Utilized Remedial Action Program (FUSRAP) Sites. The BPAs awarded will be primarily for radiological disposal services from various known or suspected sites that have been impacted by radioactive material and/or contamination. Although not the primary focus of these agreements, the work may require actions to handle and transport commingled or incidental Other Wastes (RCRA, TSCA, or other hazardous/toxic materials). Work will be executed under BPA Calls using Performance Work Statements (PWSs) specific to that particular Call. Information provided by USACE St. Louis District will be dependent on the current status of the site. Each Call will define the requirements of the contractor. The Contractor, operating as an independent entity and not as an agent of the Government, shall provide all labor, materials, facilities, and equipment and shall perform all work identified in each individual Call. The Contractor may be required to perform work under Calls at different sites simultaneously. The Contractor shall be cognizant of and adhere to (includes all personnel, including suppliers and subcontractors) all appropriate laws, regulations, and guidance. Waste materials to be dealt with include AEA Regulated Wastes; LARW - Low Activity Radioactive Waste; LACW - Low Activity Comingled Waste; TENORM - Technologically Enhanced Naturally Occurring Radioactive Materials; TENORM Commingled Waste - Technologically Enhanced Naturally Occurring Radioactive Materials Commingled Waste; Mixed Waste (AEA wastes mixed with RCRA wastes); and Other Wastes (RCRA, TSCA, or other regulated wastes). Waste material can be in the form of soil or debris, as defined. The source of these materials will include the St. Louis FUSRAP Sites in North St. Louis County (NORCO), the St. Louis Downtown Site (SLDS), and to a lesser extent wastes from other St. Louis District supported projects. Transportation methods include use of bulk and non-bulk containers and transport via truck, rail, or a combination of truck and rail. The Contractor shall provide final inspection criteria that will be reviewed and agreed upon by Customer/Government and used prior to shipment, to accept loaded types of containers. Contractor shall be responsible for the waste material from the point of arrival at their facility forward. Wastes and containers will be specified in the specific Call. The applicable NAICS code is 562211 (Hazardous Waste Treatment and Disposal), size standard \$38.5M. The contract range is estimated at \$10M to \$50M. Any solicitation for the nature of work described in this sources sought is subject to the availability of funds. Should funding become available, the Government will use responses to this notice as Market Research to develop an acquisition strategy. RESPONSES MUST BE RECEIVED VIA EMAIL BY THE POC NO LATER THAN 3:00 PM CT ON JULY 2, 2018.

NAICS: 541620. THIS PROCUREMENT IS A 100% SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS SET-ASIDE, NAICS code 541620 (Environmental Consulting Services), size standard \$15M. The scope of this project is to provide a review of contractor certifications; compliance with regulations during abatement; air monitoring throughout the asbestos abatement; and a summary report, including clearance certification. Daily logs will be submitted along with all chains of custody as outlined in the regulations. The project will include air monitoring for abatement of approximately 2000 SF Asbestos tile with mastic in Building 6, ground floor corridor at the Canandaigua VAMC, located at 400 Fort Hill Avenue, Canandaigua, NY 14424. The CIH will assure quality and adherence to the specification; resolve problems; prevent the spread of contamination beyond the regulated area; take and provide results for background/initial sampling; and assure clearance at the end of the project. In addition, work includes performing the final inspection and testing to determine whether the regulated area or building has been adequately decontaminated. All asbestos air monitoring is to be done utilizing PCM/TEM. The government intends to award a firm-fixed-price purchase order. The total projected duration for these monitoring services is 30 days. Responses to the Request for Quote will be submitted through fedbizopps.gov on RFQ reference number 36C24218Q0395.

SUBMISSIONS MUST BE RECEIVED VIA EMAIL TO THE POC NO LATER THAN 4:00 PM ET ON MONDAY, JULY 9, 2018.

No site visit is planned.

S-HAZARDOUS MATERIALS AND RECYCLABLES DISPOSAL SERVICES AT THE CENTRAL TEXAS TEMPLE AND WACO FACILITIES (COMBINE)

SOL: 36C25718Q9516

DUE: 070918

POC: Antonio Jackson, antonio.jackson@va.gov.

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/VA/VASTHCS/VASTHCS/36C25718Q9516/listing.html>

NAICS: 562112. THIS ACQUISITION IS SET ASIDE 100% FOR SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESSES, NAICS code 562112. This contract is for services located at the following facilities: (1) Olin E. Teague VAMC, 1901 Veterans Memorial Drive, Temple, TX 76504; and (2) Doris Miller VAMC, 4800 Memorial Drive, Waco, TX 76711. On a quarterly basis, Contractor shall furnish all necessary transportation, labor, supervision, supplies, and equipment to pick up and dispose of all RCRA hazardous waste, universal waste, and recyclables that accumulate over a previous three-month period. Contractor shall furnish all packing and shipping containers and maintain an adequate number of packing and shipping containers to include properly fitting lids for use. These packing and shipping containers are used for transporting the hazardous and universal waste to a U.S. EPA- or TCEQ-approved treatment, disposal, or recycling facility. All packing and shipping containers provided shall meet or exceed current DOT regulations and standards. The Contractor shall be registered with the TCEQ and possess the necessary registrations, licenses and or permits necessary to perform the services. The Period of Performance is one 6-month Base Year and four one-year Options. Offerors shall complete sections 12, 17A, 30(a) (b) and (c) on the SF1449 attached to the FedBizOpps notice and return it to the POC along with the other requested documents specified within the solicitation. OFFERS MUST BE RECEIVED VIA EMAIL NO LATER THAN 2:00 PM CT ON JULY 9, 2018. Offerors are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. A SINGLE site visit will be conducted on Wednesday, June 27, 2018, at 10 AM CT at Olin E. Teague VA Medical Center, 1901 Veterans Memorial Blvd, Temple, TX 76502, Bldg 220 (Safety), Room 106. Please email your intent to attend the site visit to antonio.jackson@va.gov.

NAICS: 541990. THIS RFP IS ISSUED WITH A SMALL BUSINESS CASCADING PREFERENCE. It is set-aside for small business; however, in the event that no small business responds or is deemed eligible, responsive, responsible, or representing the best value for award, MARAD will evaluate any responsive and responsible large business offers received. This approach will eliminate the need to re-solicit the requirement as a result of inadequate competition among small businesses. The NAICS code for the effort is 541990 with a small business size standard of \$7M. This notice is issued by the U.S. Department of Transportation's Maritime Administration (MARAD) to select a source capable of providing oil pollution insurance and services of a Spill Management Team (SMT) to manage the cleanup activity in the event of an oil spill from MARAD-owned vessels of the RRF (Ready Reserve Force), RRF-like vessels, schoolships, and vessels for which MARAD has either title or custody. The source must be capable of providing insurance coverage 365 days per year (7 days per week, 24 hours per day). Requirements include but are not limited to Oil Pollution and Hazardous Substance Release Insurance w/o DOD OPCON; Oil Pollution and Hazardous Substance Release Insurance w/DOD OPCON; Annual Training Drills; Spill Management Team Planning Services and Spill Management Team Deductible Costs. The period of performance will be from September 1, 2018, thru August 31, 2023 (a one-year base period and four one-year options). PROPOSALS ARE DUE BY 4:00 PM ET ON FRIDAY, JULY 13, 2018 [NOTE: The text of this notice gives the proposal due date as both July 13 and July 20. Clarification is needed.].

NAICS: 562910. Although issued as FULL AND OPEN on June 19, the solicitation was modified to PARTIAL SMALL BUSINESS on June 21. Failure to attain the desired performance object shall result in re-solicitation OPEN MARKET. This solicitation supports the remediation of three abandoned mining features in the New Mexico region located in (1) New Lancers Mining District; (2) Lemitar, Socorro West, Magdalena; and (3) Hansonburg. The Bureau of Land Management (BLM) prefers a single award for all three projects, but BLM may consider independent awards in support of compressed schedule completions. Quote each project independently. Consider batching all three projects for collective cost considerations. Estimated project/contract performance period not to exceed one year from award date. All the details of this procurement are posted only on FedConnect at <https://www.fedconnect.net/FedConnect?doc=140L3018Q0012&agency=DOI> [Note: It might be necessary to copy and paste the URL into your browser for direct access]. NAICS: 541330. THIS ANNOUNCEMENT CONSTITUTES A REQUEST FOR SUBMITTAL OF SF330 PACKAGES. This opportunity is open to small businesses under NAICS code 541330. UP TO TWO FIRMS WILL BE SELECTED. Projects will be awarded by individual task orders. The maximum cumulative contract value for each contract is \$9M, for a total of \$18M between the two contracts. The contract period is five years with no options. The proposed services, which will be obtained by negotiated firm-fixed-price contracts, are for a variety of Architect/Engineer services (A/E) for various environmental support projects primarily within the Great Lakes and Ohio River Division mission boundaries, which is nationwide. Projects outside the primary mission area of responsibility may be added at the Government's discretion upon agreement of the A/E firm. The A/E Services required will include professional services to support military and civil environmental programs for several federal agencies, including but not limited to the Army, Army Reserves, National Guard, Air Force, Navy, Marine Corps, Defense Logistics Agency, other DoD Services and other federal agencies. Studies, designs, and other A/E services under this contract are anticipated to range from approximately \$100,000 to \$1,000,000 per task order. Contracts awarded as a result of this announcement will be

administered by the Louisville District; however, the Contracting Officer reserves the right to approve capacity requests from other Districts outside LRD's mission boundaries. The estimated start date is November 2018. Firms must be capable of performing work on a wide variety of HTRW sites in addition to other environmental sites in a manner that complies with federal, state, and local regulations and laws, and within timeframes required. A-E Services required under this contract include but are not limited to performing environmental studies, designs, and general support of environmental issues under RCRA, CERCLA, SARA, TSCA, CWA, and other federal programs. SF330 PACKAGES MUST BE RECEIVED NO LATER THAN 2:00 PM ET ON WEDNESDAY, JULY 25, 2018.

NAICS: 562910. DOE's next Office of Environmental Management Business Opportunity Forum has been scheduled for July 31, 2018, from 10:15 AM - 12:00 PM. Topics will include a discussion on status of ongoing and upcoming procurement opportunities and the latest news on doing business with the Office of Environmental Management. The event will be held in the large auditorium, ground floor in the Forrestal Building, 1000 Independence Ave., SW, Washington, DC. There is no charge to attend, but pre-registration is a must. To do so, please contact the POC by July 25, 2018, with your name, title, company name, and whether or not you are a U.S. citizen. If you are from the following states -- American Samoa, Arizona, Louisiana, Maine, Minnesota, New York, Oklahoma or Washington -- a passport or other identification that comports with the REAL ID Act will be required to gain entry. For those individuals with current HSPD-12 badges, please inform Ms. Wilson at pre-registration. For those unable to attend the event in person, DOE will offer WebEx capability for which pre-registration with the POC is also required to receive the connection information. Information for connecting via the web will be sent out prior to the forum.

NAICS: 924110. The United States Section of the International Boundary and Water Commission plans to issue a solicitation for the Ocean Outfall Sampling and Monitoring Program for the South Bay International Wastewater Treatment Plant, San Ysidro, California. The Contractor shall provide all labor, material, supervision, management, overhead, O&M, and other resources required to perform water quality sampling, analysis monitoring, benthic monitoring, and fish monitoring for the wastewater discharge to the Pacific Ocean through the South Bay Ocean Outfall in San Diego, California. The Contractor shall also provide all the laboratory services, data interpretation, trend analyses, and reporting required for the sampling monitoring program. The monitoring program shall be in compliance with NPDES Permit No: CA0108928, Order Number: R9-2014-0009 as amended by order nos. R9-2014-0094 and R9-2017-0024, and with the California Regional Water Quality Control Board Monitoring and Reporting Program as outlined in the permit. Familiarity with the permit is critical to the success of the program and will be a requirement of the contract. The work is located in San Diego County, California. The work will be performed under NAICS Code 924110. The period of performance will be one Base Year (October 1, 2018 - September 30, 2019) and 4 option years. RELEASE OF THE SOLICITATION AND SOW IS ANTICIPATED ON OR ABOUT JULY 6, 2018. This is a target date that might slip or change.

NAICS: 541620. THIS PROCUREMENT WILL BE SET ASIDE FOR THE SBA 8(a) PROGRAM, NAICS code 541620, size standard \$15M. Within 15 to 45 days from the date that this notice is published, U.S. DOE anticipates the release of RFP 89304018REM000005 for the Hanford Site Technical Support Services. It is anticipated that a multi-award IDIQ will be awarded to up to five offerors. The Hanford Site Technical Support Services contractors will provide services for technical support activities involving engineering services, management consulting services, and hazardous waste collection and treatment at the Hanford Site. Contractors shall provide high-quality, highly qualified, team-oriented, cost-conscious innovative professionals and technical and subject-matter experts, as needed, for DOE Hanford Site, to provide the personnel, materials, supplies, and services. The new contracts resulting from this acquisition will replace current individual 8(a) contracts (which begin to expire October 31, 2018) that cover the same scope. Monitor FedConnect for updates at <https://www.fedconnect.net/FedConnect/?doc=89304018REM000005&agency=DOE> [Note: It might be necessary to copy and paste the URL into your browser for direct access].
