

# Federal Business Opportunities (FedBizOpps) Update

Notices for July 30-August 5, 2018

This update contains summaries of procurement notices issued between July 30-August 5, 2018 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

## **J--MAINTENANCE AND REPAIR SERVICES AT MOBILE FIREARMS RANGE LOCATED AT NAVAL AIR STATION OCEANA VIRGINIA BEACH, VIRGINIA. (COMBINE)**

**SOL:** N0018918Q0425

**POC:** 080718

**POC:** Diego Avila, [diego.i.avila@navy.mil](mailto:diego.i.avila@navy.mil).

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/DON/NAVSUP/N00189/N0018918Q0425/listing.html>

**NAICS:** 562910. THIS ACQUISITION IS SET ASIDE 100% FOR SMALL BUSINESS under NAICS code 562910, size standard \$20.5M. The Contracting Department, NAVSUP Fleet Logistics Center Norfolk, VA, intends to negotiate a firm-fixed-price (FFP), Definite Delivery Contract utilizing the policies and procedures of FAR Part 13, "Simplified Acquisition Procedures." The contractor shall provide services for Maintenance and Repair services for the Small Arms Range in support of Mobile Firearms Range located at Naval Air Station Oceana Virginia Beach, Virginia. Services include but are not limited to inspection, repair, cleaning, installation, and testing in accordance with the Original Equipment Manufacturer specifications of government-owned Mobile Firearms Range, i.e., maintenance on all bullet traps; cleaning the shooting range; and supplying, installing, and replacing side wall panels and HEPA filters. The vendor shall provide manufacturer's required system adjustments and all other work necessary to inspect, service, and clean the range system to a continuous operational state. All work performed shall be in accordance with Original Equipment Manufacturer specifications. Disruption of Security Department range operations shall be minimal during performance of tasks. The period of performance is anticipated to begin 20 August 2018 and shall be for one base year and four option years. A complete RFQ package is available at the NECO Website:

[https://www.neco.navy.mil/biz\\_ops/840-v5static.aspx?hkey=185296454](https://www.neco.navy.mil/biz_ops/840-v5static.aspx?hkey=185296454). QUOTES MUST BE RECEIVED NO LATER THAN 11:00 AM ET ON TUESDAY, AUGUST 7, 2018. Funds are not presently available for this contract.

**NAICS:** 562910. The U.S. Department of Energy's planned Pre-Solicitation Conference, Site Tour & Industry One-on-One Sessions for the Hanford 222-S Laboratory Contract procurement are scheduled for August 21-23, 2018. REGISTRATION FOR THE PRE-SOLICITATION CONFERENCE, SITE TOUR, AND INDUSTRY ONE-ON-ONE SESSIONS WILL CLOSE AT 2:00 PM PT ON AUGUST 10, 2018, to ensure adequate processing time. Please see the Pre-Solicitation Conference and Site Tour tab on the procurement website -- [https://www.emcbc.doe.gov/SEB/222S\\_Lab/](https://www.emcbc.doe.gov/SEB/222S_Lab/) -- for specific registration and event information. THIS FUTURE REQUIREMENT WILL BE A TOTAL SMALL BUSINESS SET-ASIDE under NAICS Code 562910, Remediation Services, size standard 750 employees. DOE requests review and comment from all interested parties on its DRAFT Request for Proposal pertaining to the Hanford 222-S Laboratory Contract procurement. The Draft RFP is being issued for informational purposes to assist DOE in developing a Final RFP for this procurement. DOE invites interested parties to submit comments in writing to [222-SLab@emcbc.doe.gov](mailto:222-SLab@emcbc.doe.gov). INPUT FROM INTERESTED PARTIES REGARDING THE DRAFT RFP MUST BE RECEIVED NO LATER THAN SEPTEMBER 7, 2018. During the development of the Final RFP DOE will consider the comments received from interested parties in response to the Draft RFP. Release of the Final RFP for this procurement currently is anticipated in the first quarter of Government FY 2019. Monitor both the procurement website and FedConnect for updates at

**S--HAZARDOUS WASTE DISPOSAL SERVICE (SRCSGT)**

**SOL:** 36C24218Q9810

**DUE:** 081318

**POC:** Brad Mills, Contracting Officer, 914.737.4400 x2074, [william.mills4@va.gov](mailto:william.mills4@va.gov).

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/VA/BroVANAP/VAMD/36C24218Q9810/listing.html>

**NAICS:** 562112. The VA Network Contracting Office 2 is issuing this sources-sought synopsis to conduct market research to identify firms having an interest in and the resources to support a requirement for Hazardous Waste Disposal Services at the following locations: (1) VA Hudson Valley Healthcare System, Castle Point campus (Route 9D, Castle Point, NY 12511-0100) and (2) FDR Montrose campus (1384 Albany Post Road, Route 9A, Montrose, NY 10548-1454). The result of this market research will contribute to determining the method of procurement under NAICS code 562112 (Hazardous Waste Collection). The primary requirement is the characterization, classification, labeling, packing, transport, and ultimate disposal or treatment of hazardous waste and universal waste generated at the specified VA medical facilities. Typical hazardous wastes generated at these facilities include but are not limited to pharmaceutical waste, flammable liquid waste, corrosive liquid waste, reactive, non-regulated waste, lab packs (incineration and treatment), mercury waste, lead paint chips, silver-rich effluents from photographic processes, compressed gas cylinders (all sizes), paint waste, used oil, U.S. Drug Enforcement Administration (DEA) Controlled Substances that are also subject to RCRA, and universal waste. Typical universal waste generated at these facilities includes but is not limited to spent fluorescent lamps and batteries. Interested Parties must possess the necessary NYSDEC transportation license and a treatment, storage, and disposal facility (TSDF) permit issued by the regulatory agency where the offeror is located. There is no solicitation at this time. Organizations that have the potential capacity to perform these contract services are invited to provide a brief capability statement. RESPONSES MUST BE RECEIVED VIA EMAIL BY THE POC NO LATER THAN 9:30 AM ET ON AUGUST 13, 2018. Based on the responses to this sources-sought notice/market research, this requirement may be set-aside for small businesses or procured through full and open competition. Telephone inquiries will not be accepted or acknowledged, and no feedback or evaluations will be provided to companies regarding their submissions.

**NAICS:** 562211. CH2M HILL Plateau Remediation Company, LLC (CHPRC) as a prime contractor to the U.S. Department of Energy is issuing this Request for expression of interest as a means of conducting market research to identify parties having an interest in and the resources to provide low-level waste (LLW) and mixed low level waste (MLLW) treatment services at DOE's Hanford facility. CHPRC is seeking information regarding the ability and availability of qualified contractors to provide for treatment, and repackaging of either one or more of the following waste types: Class A, B, and C LLW and MLLW. These services are to be performed in accordance with the referenced laws and regulations in a permitted and licensed facility. Treated and repackaged waste will be returned to Hanford. DOE requests qualified, interested parties to demonstrate that they have, or can timely acquire, the capability and required authorizations, licenses, permits, facilities, personnel, and equipment to accomplish the acceptance, transportation, storage, repackaging, and treatment of DOE wastes. This includes development and maintenance of treatment plans, coordination and notification of regulators, and disposition of all residual, byproduct, and secondary wastes. The services to be acquired may include, but are not be limited to, the following activities: (1) treat MLLW and/or LLW using treatment technologies capable of making the waste compliant to meet the Hanford Site Waste Acceptance Criteria for disposal; (2) treat organic non-debris MLLW that requires thermal destruction; (3) perform neutralization and/or radiological stabilization for de-characterized MLLW and/or TSCA-LLW to meet the Hanford Site burial ground performance assessment; and (4) have the capability to reduce LLW volume. There is no solicitation at this time. This request for capability information does not constitute a request for proposals; submission of any information in response to this market survey is purely voluntary. CHPRC will evaluate market information to ascertain potential market capacity to provide services consistent with those described in this notice. Interested parties who consider themselves qualified to perform the above-listed services are invited to submit a capability statement and estimated pricing (15 pages max) in response to this notice. CAPABILITIES STATEMENTS MUST BE RECEIVED VIA EMAIL TO THE POC NO LATER THAN 4:30 PM PT ON AUGUST 15, 2018.

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/EPA/OAM/RegI/SOL-R1-14-00003/listing.html>

**NAICS:** 562910. The Environmental Services and Operations contracts are multiple-award contracts that provide services to support EPA's cleanup programs, primarily the Superfund program in EPA Regions 1-10. The ESO contracts provide technical support to EPA project managers in the oversight of the EPA contractor implementing the remedial action or a removal action under the EPA Remediation Environmental Services contract. The ESO contracts also give technical oversight of the environmental remediation work being financed and performed by another federal agency, state, tribe, or potentially responsible parties. On August 1, EPA awarded ESO contracts to the following companies: (1) Contract 68HE0118D0001, Arrowhead Contracting Inc., 10981 Eicher Dr., Lenexa, KS 66219-2601; and (2) Small Business Contract 68HE0118D0002, Dawson-HDR Services JV LLC, 1101 McMurtrie Dr., Ste D4, Huntsville, AL 35806-2470.
