

Federal Business Opportunities (FedBizOpps) Update

Notices for October 21-27, 2019

This update contains summaries of procurement notices issued between October 21-27, 2019 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

MARKET SURVEY FOR ASBESTOS, LEAD, AND/OR MOLD MONITORING AND ASSESSMENTS IN THE SAN DIEGO, CA AREA (SRCSGT)

SOL: 47PK0520N0001

DUE: 110419

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/GSA/PBS/SDFO/47PK0520N0001/listing.html>

NAICS: 541620. The purpose of this sources sought notice is to determine the interest and capability of potential qualified small business firms for use in future acquisition planning, which includes determining whether a set-aside is appropriate, determining the type of set-aside (e.g., small business set-aside, 8(a), etc.), and determining whether existing Government contract vehicles (e.g., GSA Schedule) can be used. The contract is open to all small businesses and is NOT limited to GSA schedule holders. GSA is seeking qualified small business sources capable of performing asbestos, lead, and/or mold monitoring and assessments in the area of San Diego, CA. The NAICS code is 541620, small business size standard \$16.5M. Potential scope of work includes on-site observation monitoring, clearance inspections, sample taking and testing, and generation of summary reports. RESPONSES ARE DUE NO LATER THAN 4:30 PM PT ON NOVEMBER 4, 2019.

GREAT LAKES GROUP OPTIMIZED ENVIRONMENTAL REMEDIATION CONTRACT (SRCSGT)

SOL: W912QR-20-EnviroRemediationAF

DUE: 110519

WEB: FBO.gov Permalink at

<https://www.fbo.gov/spg/USA/COE/DACA27/W912QR-20-EnviroRemediationAF/listing.html>

NAICS: 562910. A market survey is being conducted for this future project to determine if a reasonable number of interested and qualified small business concerns exist to warrant a set-aside for small business, certified HUBZone, 8a, woman-owned small business, or service-disabled veteran-owned small business. The project involves environmental remediation activities to achieve performance objectives at 26 Installation Restoration Program sites: 16 sites at Wright-Patterson AFB, OH; five sites at Calumet Air Force Station, MI; three sites at Air Force Plant 85, OH; and two sites at Grissom Air Reserve Base, IN. The range of activities includes long-term O&M of established remedies; optimization implementation to enhance remedial progress at applicable sites; groundwater monitoring; report preparation for groundwater monitoring, land-use control inspections, and site closeout; completion of a RI/FS and associated documents, including proposed plan and record of decision; and achievement of other site-specific remediation objectives. Contract duration is estimated to be a 5-year base with four annual option periods for a potential total period of performance of 9 years. Responses are due by email no later than 2:00 PM ET on November 5, 2019.

SPECIAL NOTICE: INDUSTRY FORUM FOR RADMAC III (SNOTE)

SOL: N6247320RRADM

DUE: 110619

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/06c2356caf9a752e07cfdceed1a56d54>

NAICS: 562910. NAVFAC SW is preparing to release a solicitation for a firm-fixed-price IDIQ multiple-award contract for environmental remediation of radiological contaminants (RADMAC III) at various contaminated sites, predominately at Navy and Marine Corps installations within the NAVFAC SW, NAVFAC Pacific, and NAVFAC Atlantic areas of responsibility. This procurement will be solicited as full and open competition under NAICS code 562910 (Environmental Remediation). Prior to posting the pre-solicitation synopsis and solicitation, NAVFAC SW will hold an Industry Forum in San Diego for RADMAC III on November 13, 2019, to provide prospective offerors the opportunity to review the Government's Draft Performance Work Statements and Draft Evaluation Factors and to provide feedback or ask questions. The draft documents are to be added to the FedBizOpps notice as attachments by the end of October. THOSE INTERESTED IN ATTENDING THE INDUSTRY FORUM MUST REGISTER NO LATER THAN NOVEMBER 6, 2019. Each firm will be allowed only two attendees. The planned contract term is a 2-year base period and two 3-year option periods, for a maximum total period of eight years, not to exceed an aggregate maximum dollar value of \$495M. A minimum of three and a maximum of up to five contracts will be awarded. Release of the pre-solicitation synopsis followed by the RFP is tentatively planned for February 2020 and March 2020, respectively, on NECO (neco.navy.mil) and FedBizOpps.

ENVIRONMENTAL CONSULTING SERVICES (SRCSGT)

SOL: W52P1J19SENVTEST

DUE: 110719

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/1861816627b653f7f53d2caa69e3f214>

NAICS: 541620. The U.S. Army Contracting Command - Rock Island (ACC-RI) on behalf of the Product Director for Demilitarization is conducting market research seeking potential business sources who are capable of providing environmental consulting services at Naval Surface Warfare Center (NSWC), Crane, Indiana. The purpose of this synopsis is to gain knowledge of interest, capabilities, and qualifications of various members of the small business community: 8(a), HUBZone, service-disabled veteran-owned small business (SDVOSB), or woman-owned small business (WOSB) under NAICS code 541620, size standard \$16.5M. The use of thermal treatment systems, such as rotary kiln incinerators, is a key method of demilitarization. The required services are to provide technical consultative support regarding Clean Air Act maximum achievable control technology rule requirements for thermal treatment systems, CAA/RCRA regulatory requirements, and other current or proposed regulations that might have the potential to affect thermal treatment systems. Contractor shall provide oversight of the comprehensive performance test (CPT), provide stack testing services, develop the CPT report, and develop the notification of compliance. Interested parties are invited to provide information regarding their relevant capabilities. SUBMIT RESPONSES VIA EMAIL NO LATER THAN 4:00 PM CT ON NOVEMBER 7, 2019.

STRATEGIC ENVIRONMENTAL RESEARCH AND DEVELOPMENT PROGRAM (SERDP) CORE

SOL: W912HQ20S0004

DUE: 010720

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA72/W912HQ20S0004/listing.html>

NAICS: 541715. DoD's Strategic Environmental Research and Development Program (SERDP) Office is interested in receiving pre-proposals for innovative research focusing on the following FY2021 Environmental Restoration/Munitions Response statements of need: ERSON-21-C1 - Improved Understanding of Thermal Destruction Technologies for Materials Laden with Per- and Polyfluoroalkyl Substances; ERSON-21-C2 - Improved Understanding of Processes Influencing the Effectiveness and Fate of Particulate Amendments; and MRSON-21-C1 - Detection, Classification, and Remediation of Military Munitions Underwater. SERDP intends to competitively fund research and development for environmental research that addresses these statements of need. The Program Announcement and complete submittal instructions are found at

<https://www.serdp-estcp.org/Funding-Opportunities/SERDP-Solicitations/Non-Federal-Core-Proposal-Instructions>. TO BE ELIGIBLE FOR CONSIDERATION, THOSE WHO WISH TO RESPOND TO THIS ANNOUNCEMENT MUST SUBMIT A PRE-PROPOSAL NO LATER THAN 2:00 PM ET ON JANUARY 7, 2020. About \$12M in program funding is anticipated depending upon the quality of proposals received and availability of funds. The NAICS code is 541715, small business size standard 1000 employees. Businesses both large and small are encouraged to respond.

SOL: 68HE0419R0011

DUE: 110819

NAICS: 562910. This update is another sources sought notice. EPA Regions 4, 5 and 6 are performing market research for informational purposes only to determine the availability of small businesses, small disadvantaged businesses, 8(a) small businesses, woman-owned small businesses, HUBZone small businesses and service-disabled veteran-owned small businesses capable of meeting the requirements of the DRAFT performance work statement (PWS), DRAFT Quality Assurance Surveillance Plan (QASP), and DRAFT Reports of Work attached to the FedConnect notice. This requirement is for the follow-on Emergency and Rapid Response Services (ERRS) contracts for the three regions. Region 4 encompasses Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina and Tennessee. Region 5 encompasses Illinois, Indiana, Michigan, Minnesota, Ohio and Wisconsin. Region 6 encompasses New Mexico, Texas, Oklahoma, Arkansas and Louisiana. NAICS code 562910 (Environmental Remediation Services), small business size standard 750 employees, is applicable to this notice. The purpose of the ERRS contract is to conduct emergency responses, time-critical and non-time-critical removals, and remedial actions with respect to the release or threat of release of oil, hazardous and toxic wastes, petroleum products, hazardous substances, or pollutants, contaminants or fire or explosion hazards, that pose an actual or potential threat to human health or welfare, or the environment. This effort will also include the cleanup for incidents involving weapons of mass destruction, acts of terrorism, and nuclear, biological and chemical incidents. Interested parties are invited to submit comments and questions on the attached DRAFT documents (PWS/SOW, QASP, Reports of Work) along with their responses for each of the Regions. These comments and questions are excluded from the 20-page capabilities statement limitation. RESPONSES ARE DUE NO LATER THAN 12:00 NOON ET ON FRIDAY, NOVEMBER 8, 2019. Monitor FedConnect for updates.

HAZARDOUS WASTE DISPOSAL SERVICES CORPUS CHRISTI (SRCSGT)**SOL:** 19BE148_CorpusChristi**DUE:** 110819**WEB:** FBO.gov Permalink at https://www.fbo.gov/spg/DLA/J3/DRMS/19BE148_CorpusChristi/listing.html

NAICS: 562211. This notice constitutes market research to identify capable and interested businesses with the ability to perform the requirements for transportation and disposal of RCRA hazardous wastes, non-RCRA wastes, compressed gas cylinders, state-regulated waste, non-hazardous waste, and PCBs located in or around Corpus Christi, Texas, or within a 50-mile radius of any pick-up point listed on the contract. Offeror/Contractor agrees to not pay more than 50% of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities (i.e., to large business TSDFs). The Government intends to solicit proposals on FedBizOpps and award a firm-fixed-price IDIQ services contract for a period of performance of one 30-month base period, followed by one 30-month option period. No solicitation is available at this time. CAPABILITIES STATEMENTS ARE DUE NO LATER THAN 2:00 PM ET ON NOVEMBER 8, 2019. Upon review of industry response to this Sources Sought, the Government will determine whether a set-aside acquisition is in the Government's best interest.

NAICS: 562910. This pre-solicitation notice is being issued for the purpose of advising potential offerors of the Government's requirement for follow-on performance-based contracts to current Base Realignment and Closure environmental remediation activities at 40 BRAC installations. This new effort will be called the BRAC Environmental Construction Optimization Services (BECOS). At present this work is accomplished through multiple performance-based remediation (PBR) task orders at multiple installations managed by BRAC/CIB, Joint Base San Antonio - Lackland. The BECOS efforts will transition from the existing PBR contracts/task orders. Should the Air Force determine to proceed with this requirement, it will be issued as a single RFP with intention to award six individual single-award IDIQ contracts, one per annotated region that will include full/open, 8(a) set-aside, and 100% small business set-aside, resulting in a firm-fixed-price with cost reimbursable CLINs, D-type contract. Offerors may be selected for award of one or maximum of two for which they propose. The IDIQ will include a 10-year period of performance anticipated to run from July 31, 2020, through July 30, 2030 [initial ordering period ranges 7-31-2020 to 7-30-2025 with the option to extend three more years, through July 30, 2028]. The contract will permit performance up to two years after the end of the ordering period to complete existing task orders by July 30, 2030. Copies of the DRAFT solicitation will be made available on FedBizOpps, and any questions concerning the DRAFT RFP are due by 10:00 AM CT on November 4, 2019. THE GOVERNMENT ANTICIPATES THE RELEASE OF THE FINAL SOLICITATION IN NOVEMBER 2019.

NAICS: 237990. THIS WORK WILL BE ADVERTISED THE 4TH QUARTER OF 2019. The Custer Gallatin National Forest is conducting a removal action as part of the Riley Pass Uranium Mines CERCLA response action in Harding County, South Dakota. The Riley Pass site comprises several abandoned uranium mines with elevated levels of heavy metals and radioactive isotopes. The work involves excavating and moving approximately 20,000 CY of contaminated mine waste to a designated consolidation area, regrading excavated areas, and placing 15,000 CY of soil cover over the consolidated waste and removal areas. Erosion control, dust control, soil amendments, and revegetation are part of the contract requirements. This work is being performed under the Forest Service's CERCLA authority, and all personnel must have current 40-hr HAZWOPER certification. A pre-solicitation site visit is scheduled for 9:00 AM on November 19, 2019.
