R--ENVIRONMENTAL MANAGEMENT, ASSESSMENT, AND PERFORMANCE (EMAP) (COMBINE MOD)

SOL: 140D0419Q0069

DUE: 022619

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/350b33cf2d1f08821ce663ef8ac3d64c>

NAICS: 541620. THIS SOLICITATION IS AN INDIAN SMALL BUSINESS ECONOMIC ENTERPRISE (ISBEE) SET-ASIDE.

The purpose of this Amendment is to correct an FBO posting system error by reopening the solicitation period until 2:00 PM ET on February 26, 2019. If any ISBEE intends to submit a quote in response to this solicitation, they will notify via email the Contracting Officer, Morgan_Schickler@ibc.doi.gov, and Contract Specialist, Russell_Pfeiffer@ibc.doi.gov of their intent by no later than February 26, 2019 at 2:00 PM ET. If no notifications of intent from an ISBEE are received by the specified date and time, the solicitation period will be considered closed. If any notifications are received, the solicitation period will be extended and all ISBEE Offerors are required to submit their quotes via email to Russell_Pfeiffer@ibc.doi.gov and Morgan_Schickler@ibc.doi.gov by or before 2:00 PM ET on March 11, 2019. EMAP is a program under the Division of Environmental and Cultural Resources Management, Bureau of Indian Affairs. The EMAP Program has the authority to verify performance of Indian Affairs' (IA) program operations and activities for compliance with federal environmental laws to protect human health, welfare, and the environment. The EMAP compliance audits occur on a continuous three-year cycle, with each facility audited at least once during each cycle and recorded on the Environmental Management System. The objective of this effort is to clear the total number of sites from environmental issues according to the EPA Global settlement Agreement. The SOW is divided in three sections: (A) Bureau of Indian Education (BIE) - 166 BIE schools (166/3 = 55.33 schools per year). (B) Bureau of Indian Affairs (BIA) - 27 water systems serving BIE schools (comprising BIA operated buildings and facilities). Lab results shall be verified via email (see Task C.) (C) Office of Justice Services (OJS) - The OJS is a subdivision of the BIA. 8 detention center water pump systems. The SOW identifies tasks for Environmental Audits, which includes Bureau of Indian Affairs-controlled facilities within Tribal Reservations and the BIE, BIA and OJS. Many of the BIE, BIA, and OJS sites overlap and can be the same location.

S--PORTSMOUTH AND PADUCAH INFRASTRUCTURE SUPPORT (SRCSGT)

SOL: 89303319NEM000018

DUE: 030519

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DOE/PAM/HQ/89303319NEM000018/listing.html>

NAICS: 561210. The purpose of this sources sought synopsis is to seek responses from small business concerns with specialized capabilities to meet all, or part of, the requirements defined in the draft Performance Work Statements (PWSs, posted on FedConnect) with the intent of assessing set-aside possibilities. DOE is currently in the acquisition planning stage for potential award of a contract for the continuation of Infrastructure Support Services (ISS) at the Portsmouth/Paducah Project Office, i.e., at the Portsmouth DOE reservation, known as the Portsmouth Gaseous Diffusion Plant (GDP) site near Piketon, Ohio; and at the Paducah GDP on a federal reservation in Western Kentucky. Continuous operation of the Portsmouth GDP (about 3,700 acres) since 1954 has resulted in the accumulation of years of inorganic, organic, and low-level radioactive waste materials. The Paducah site (about 3,556 acres + 133 acres of off-site easements) is a government-owned uranium enrichment plant constructed in the early 1950s. The site includes Hazard Category 2 Nuclear Facilities, primarily based on the uranium inventory, as well as other radioactive materials, such as transuranics. The range of contractor support services shall include computer, telecommunication, and cyber security services; safeguards and security; grounds maintenance (including roads and parking lots), snow removal, and pest control; training services; environmental, safety, health and quality (ESH&Q) program; environmental management including waste management and pollution prevention; facility maintenance, surveillance, and repair; real and personal property management; janitorial services; records management and document control; mail services; fleet management; transition/contract closeout; and other project support to DOE as appropriate. The NAICS code for the current Portsmouth and Paducah contracts is 561210 (Facilities Support Services), small business size standard \$35.5M. Small business concerns shall identify their company as one or more of the following: small business; 8(a) business; HUBZone small business; small disadvantaged business; woman-owned small business; economically disadvantaged woman-owned small business; or service-disabled veteran-owned small business. All interested parties are invited to submit a capability statement (15 pages max). Small business teams or joint ventures shall identify the

socio-economic status of each member and shall provide a description of the work that each member would perform under contract. CAPABILITY STATEMENTS ARE DUE NO LATER THAN 3:00 PM ET ON MARCH 5, 2019.

F--ERAS ANALYTICAL ECONOMIC SUPPORT (SRCSGT)

SOL: 68HERH19R0004

DUE: 031319

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/EPA/OAM/HQ/68HERH19R0004/listing.html>

NAICS: 541620. The result of this market research will contribute to determining the method of procurement for EPA's requirement for analytical economic support for the economics and risk analysis staff (ERAS) in the Office of Land & Emergency Management (OLEM), Office of Resource Conservation and Recovery (ORCR). The resultant contract would support ORCR and its mission to encourage land-based practices that help ensure economic and environmental sustainability, safe materials/waste management, and ongoing waste reduction in accordance with the Performance Work Statement (PWS), which is available only on FedConnect. The scope of work for this contract is extensive and includes a wide variety of tasks that require multidisciplinary and highly specialized expertise. The applicable NAICS code is 541620 (Environmental Consulting Services), size standard \$15M; however, the NAICS code may change. Responses to this notice will be used to determine whether this requirement might be most effectively procured as a set-aside, multiple awards, or full and open competition. RESPONSES MUST BE SUBMITTED THROUGH FEDCONNECT NO LATER THAN 4:30 PM ET ON MARCH 13, 2019.

A-E ENVIRONMENTAL SERVICES (NE AREA) (COMBINE)

SOL: 104267-19-A-0007

DUE: 040119

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/99650b03db81e90afe8ad6d82b6ec118>

NAICS: 541310. THIS NOTICE CONSTITUTES A REQUEST FOR SUBMITTAL OF SF330 RESPONSES. The U.S. Postal Service is seeking services for the performance of environmental services including, but not limited to (1) investigative surveys and reports, including environmental due diligence and regulatory response; (2) development of environmentally related scopes of work, design specifications and cost estimates; (3) site remediation activities; (4) industrial hygiene services, including but not limited to a focus on asbestos-containing materials, lead-based paint, mold and indoor air quality; (5) procurement and submittal of environmental permits and related reports; (6) hazardous waste management and disposal services; (7) emergency response, including but not limited to facility condition assessments and environmentally related corrective measures; and (8) minor environmentally related construction. These services will cover leased and owned facilities in the following states: CT, MA, ME, NH, RI, VT, NY, and NJ. Contractors must also be able to support and manage tasks in the Caribbean, specifically Puerto Rico and the Virgin Islands. Contracts may be awarded for one state, multiple states, or all the aforementioned states. The USPS reserves the right to select more than one firm. The base (master agreement) IDIQ contract will establish the terms and conditions within which work will be performed, and under which individual project-specific work orders will be issued. The awarded contracts will have a two-year base ordering period with four two-year options. The total amount of all Work Orders under all contracts awarded under this solicitation shall not exceed \$9.9M for the 10-year period of performance. Firms that possess the qualifications to perform the services described are invited to submit a completed Offerors Package. OFFERS MUST BE RECEIVED NO LATER THAN 3:00 PM ET ON APRIL 1, 2019. The ability to meet selection criteria will be established for a firm or specific branch office of a firm with a combined use of the Standard Form 330, Architect-Engineer Qualifications, Part I: Contract-specific Qualifications and Part II: General qualifications of a firm or a specific branch office of a firm. In addition, firms will be required to address ALL evaluation criterion listed in the solicitation package.
