

Federal Business Opportunities (FedBizOpps) Update

Notices for March 11-17, 2019

This update contains summaries of procurement notices issued between March 11-17, 2019 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

Z--INDOOR FIRING RANGE CLEAN UP AND HAZARDOUS WASTE REMOVAL (VA-18-00046526) (COMBINE)

SOL: 36C10X19Q0072

DUE: 032019

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/VA/AFMLOVASS/VASSMD/36C10X19Q0072/listing.html>

NAICS: 562910. THIS REQUIREMENT IS 100% SET-ASIDE FOR SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESSES (SDVOSBs) under NAICS code 562910 (Remediation & Reclamation Services), size standard 750 employees. To be eligible to quote, vendors must be small under the NAICS code and verified in the Veteran Information Pages at <https://www.vip.vetbiz.gov/Default.aspx>. The VA Law Enforcement Training Center (LETC) in North Little Rock, Arkansas requires a vendor to provide labor, material, insurance, licenses, and equipment required to clean and mine two shooting ranges and to dispose of hazardous lead waste resulting from provisions of such services in an EPA-approved landfill. There are two indoor shooting ranges. One visit per range per year is required. Two services per year is required with ranges being alternated for mining and cleaning during the period of performance. Each range is required to have a complete rubber replacement once every three years. Period of performance: 4-month base year with four 12-month option years. Services shall be performed in the months of May and September. This is a firm-fixed-price effort. OFFERS ARE DUE NO LATER THAN 10:00 AM ET ON MARCH 20, 2019.

F--RING SEAL GATE ABATEMENT PROJECT (SRCSGT)

SOL: 140R1719Q0024

DUE: 032519

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/e24b8a2f02a7e12ad76ed01f11a1b42b>

NAICS: 562910. The Bureau of Reclamation, a water management agency within the Department of the Interior, is conducting market research to ascertain the capabilities of any entities interested in providing services for Lead Paint and Coal Tar removal and disposal on outlet tube components located at the Grand Coulee Dam, Grand Coulee, Washington. This RFI is issued solely for information and planning purposes. Grand Coulee Power Office has a requirement for the removal and proper disposal of lead paint and coal tar from two outlet tubes a year consisting of four cast iron follower gate pieces, four cast steel ring gate pieces, four cast steel assemblies consisting of two upper bonnet covers and one bonnet base for each assembly. The follower gate weighs about 14,000 lbs.; the ring gate weighs about 24,000 lbs. each; upper bonnet cover weighs about 400 lbs. each; and the bonnet base weighs about 5,600 lbs. each. The pieces to be sandblasted will be disassembled and prepped for sandblasting with protective covers installed before shipment by government labor. The items will be staged and loaded by government forces directly onto the contractor's transport. The primary purpose is for the Contractor to furnish all labor, transportation, equipment and materials to perform lead paint and coal tar removal from the cast steel/iron parts via sand blasting to clean metal. STATEMENTS OF INTEREST AND CAPABILITY MUST BE RECEIVED NO LATER THAN 5:00 PM ET ON MARCH 25, 2019, preferably via email. [The notice also asked for comments on a Draft Performance Work Statement, but interested parties must contact the Reclamation POC to request a copy.]

SERDP/ESTCP: SUSTAINMENT ANALYSIS FOR ESTCP INVESTMENT STRATEGY (SRCSGT)

SOL: W9128F-19-R-3TBD

DUE: 032519

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA45/W9128F-19-R-3TBD/listing.html>

NAICS: 541990. The USACE Environmental Branch is conducting market research to gain knowledge of potential qualified sources interested in providing SEIES advisory services for the Strategic Environmental Research and Development Program (SERDP) and the Environmental Security Technology Certification Program (ESTCP). The Government will not review general capability statements; please ensure responses are tailored to this requirement as requested. The Government's original contract holder was issued to a small business that grew into an other than small business concern. The original business performed multiple task orders issued off the base contract. This sources

sought is to validate if the Draft PWS is a follow-on contract that will need to be supported by a Justification and Approval or if the Draft PWS can be competed, i.e., Is any small business capable of performing the requirements? or What is needed to allow small businesses to compete? To meet the SERDP/ESTCP, DoD, and Services needs for Advisory Assistance and Acquisition Support (AA&AS) services, satisfy complex mission requirements, and provide the government with professional support, the Contractor shall satisfy the following criteria: (1) be organizationally free of conflict of interest in accordance with FAR 9.500; (2) be capable of providing independent, objective advice; (3) be an organization that has a proven record of providing technical support; (4) be an organization that governs itself to avoid business alliances with large defense contractors and systems integrators; and (5) be fully qualified to provide AA&AS to DoD, SERDP/ESTCP, and the Services throughout the range of environmental, energy, or climate change mission responsibilities. During the course of this contract, the Contractor shall refrain from providing consulting services of a character or to a business that could result in a conflict of interest with responsibilities to SERDP/ESTCP, DoD, and the Services under this contract. The Contractor shall provide AA&AS support of the following general types: Strategic Evaluation and Planning, including Science and Technology, Business Process, and Acquisition Support as associated with Environmental Restoration; Resource Conservation and Climate Change Impacts; Weapons Systems and Platforms Life-Cycle Issues, to include Evaluation/Assessment of Risk Associated with Chemicals/Materials (to include New and Emerging); Munitions Response Program/Planning; and Energy and Water Sustainability. THREE ADDITIONAL SOURCES SOUGHT NOTICES POSTED ON FEDBIZOPPS ARE COMPANIONS TO THIS NOTICE: (1) Sustainable

USACE ALASKA DISTRICT \$140M ENVIRONMENTAL REMEDIATION SERVICES - SB SET-ASIDE (PRESOL)

SOL: W911KB19R0007

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA85/W911KB19R0007/listing.html>

NAICS: 562910. WHEN THIS SOLICITATION IS RELEASED, IT WILL BE A TOTAL SMALL BUSINESS SET-ASIDE, NAICS code 562910 (Environmental Remediation Services), size standard 750 employees. The acquisition for Environmental Remediation Services (ERS) Multiple-Award Task-Order Contracts (MATOC), primarily in Alaska will be awarded as IDIQ task-order contracts consisting of a three-year base period and two one-year option periods. The Government intends to award up to five small business IDIQ contracts. The overall capacity of \$140M for this small business ERS MATOC will be shared among all MATOC awardees. One of the limitations is that the contractor's accounting system must be adequate for determining costs; therefore, no contract award can be made to an offeror whose accounting system has not been approved as adequate for cost reimbursement contracts. RELEASE OF THE SOLICITATION FOR THIS ACQUISITION IS ANTICIPATED ON OR ABOUT MARCH 29, 2019, on FedBizOpps.

NOTICE OF INTENT TO EXTEND CONTRACT DE-AC09-09SR22505 [SAVANNAH RIVER SITE WASTE DISPOSAL] (SNOTE)

SOL: NA

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/4db3e25d984d5c2ce2e30bd80d690455>

NAICS: 562211. DOE's Savannah River Operations Office intends to extend the current contract with Savannah River Remediation LLC (SRR) at the Savannah River Site (SRS) for a period of 18 months (April 1, 2019, through September 30, 2020). The current contract with SRR ends March 31, 2019. This proposed extension will enable DOE-SR to continue critical requirements for treatment and disposal of liquid waste at SRS while the follow-on competitive procurement is completed.
