R--SUPERFUND TECHNICAL ASSESSMENT AND RESPONSE TEAM V (START V) (SRCSGT)

SOL: 68HE0719R0013

DUE: 061019

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/EPA/OAM/ReqVII/68HE0719R0013/listing.html>

NAICS: 541620. This sources sought notice is published only for market research purposes to request information that will assist U.S. EPA Region 10 with internal acquisition planning. Responses are sought only from companies that are considered Small Business (e.g., small disadvantaged, HUBZone, woman-owned, veteran-owned, 8(a), and other small businesses) under NAICS code 541620. The purpose of this notice is to determine the availability of small businesses capable of performing the requirements of the statement of work (SOW) to EPA On-Scene Coordinators (OSCs) and other federal officials implementing EPA responsibilities under the national response system for the Superfund Technical Assessment and Response Team (START) class of contracts. These services primarily support the Superfund and Emergency Management Division of U.S. EPA Region 10. The contractor shall be prepared to provide professional scientific and technical support services and align its activities with U.S. EPA activities to respond to the release or threat of release of hazardous materials, oil, and weapons of mass destruction to protect human health and the environment. Award of a single IDIQ-type contract is anticipated. An example of the Draft SOW is available only on FedConnect at <https://www.fedconnect.net/FedConnect/?doc=68HE0719R0013&agency=EPA> [Note: It might be necessary to copy and paste the URL into your browser for direct access]. ALL SUBMISSIONS MUST BE MADE THROUGH FEDCONNECT NO LATER THAN 10:00 AM CT ON JUNE 10, 2019.

EMERGENCY & RAPID RESPONSE SERVICES FOR EPA REGION VIII (SRCSGT)

SOL: 68HE0819R0013

DUE: 061119

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/EPA/OAM/8TMS-G/68HE0819R0013/listing.html>

NAICS: 562910. U.S. EPA is performing market research for large and small businesses in preparation for a future procurement. EPA requires contractor support for fast and responsive environmental cleanup services for hazardous substances/wastes/contaminants/materials and petroleum products/oil for Region VIII (CO, WY, MT, UT, ND, and SD). Environmental cleanup response to natural and man-made disasters; terrorist activities; weapons of mass destruction; and nuclear, biological or chemical incidents may also be required under the new contract. The Statement of Work (SOW) from the previous contract for these services (Contract EP-S8-13-02 with Environmental Restoration, LLC) is available only on FedConnect at <https://www.fedconnect.net/FedConnect/?doc=68HE0819R0013&agency=EPA> [Note: It might be necessary to copy and paste the URL into your browser for direct access]. It is anticipated that the new award will be a single-award IDIQ contract with a 5-year ordering period and one additional year for task completion. The government anticipates the issuance of firm-fixed-price and time-and-materials task orders. A total level of effort of approximately 216,000 hours is anticipated over the 5-year contract period. The applicable NAICS code is 562910, small business size standard 750 employees. Interested parties with the capability of providing the services described in the SOW are invited to submit a 10-page capabilities statement. RESPONSES MUST BE SUBMITTED THROUGH THE FEDCONNECT PORTAL MESSAGE CENTER BY 4:00 PM MT ON JUNE 11, 2019.

CLOSURE OF WEST POINT MUNICIPAL SOLID WASTE TRANSFER STATION (COMBINE)

SOL: W911SD-19-R-0092

DUE: 061219

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/03c8d4c040307b3b423add23495e52c3>

NAICS: 541620. THIS REQUIREMENT IS 100% SET ASIDE FOR SMALL BUSINESS GSA CONTRACT HOLDERS under

NAICS code 541620 (Environmental Consulting), size standard \$15M and FSC/PSC B510. MICC-West Point is issuing this combined synopsis/solicitation for closure of the municipal solid waste transfer station located in the vicinity of Range 4 and 5 off NYS Route 293 at West Point, NY. The Contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items necessary to develop and execute a Closure Plan for the site under the NYSDEC regulations for Solid Waste Management Facilities. The Closure Plan shall include appropriate environmental sampling of the site to determine if a release of contamination to the environment occurred. The site does not meet current NYSDEC regulations and ceased processing waste in February 2019. A Closure Plan for the site was never developed. In order to close out the permit, a Work Plan must be developed that includes a field investigation plan to determine if waste management activities have contaminated the site. If sampling determines contamination is present, a future contract will be developed to further investigate the site and determine the nature and extent of contamination. The Contractor shall be responsible for fully executing this firm-fixed-price contract under a Performance-Based Acquisition. The period of performance is not to exceed 1 year from award, inclusive of all options. OFFERS MUST BE RECEIVED NO LATER THAN 12:00 NOON ET ON JUNE 12, 2019.

AE ENVIRONMENTAL SERVICES - NE AREA (COMBINE)

SOL: 104267-19-A-0014

DUE: 062819

WEB: FBO.gov Permalink at <https://www.fbo.gov/notices/aad9664a91ef0d3e06565fd3d555e774>

NAICS: 541310. THIS NOTICE CONSTITUTES A REQUEST FOR SUBMITTAL OF SF330 PACKAGES. INTERESTED FIRMS MUST REQUEST A COPY OF THE SOLICITATION AND INSTRUCTIONS DETAILING HOW TO SUBMIT A PROPOSAL VIA EMAIL. The U.S. Postal Service is seeking sources for the performance of a variety of environmental services: (1) investigative surveys and reports, including environmental due diligence and regulatory response; (2) development of environmentally related scopes of work, design specifications, and cost estimates; (3) site remediation activities; (4) industrial hygiene services, including but not limited to a focus on asbestos-containing materials, lead-based paint, mold and indoor air quality; (5) procurement and submittal of environmental permits and related reports; (6) hazardous waste management and disposal services; (7) emergency response, including but not limited to facility condition assessments and environmentally related corrective measures; and (8) minor environmentally related construction. These services will cover leased and owned facilities in the states of CT, MA, ME, NH, RI, VT, NY, and NJ. Contractors must also be able to support and manage tasks in the Caribbean, specifically Puerto Rico and the Virgin Islands. The total amount of all Work Orders under all contracts awarded under this solicitation shall not exceed \$9.9M for the 10-year period of performance. The awarded contracts will have a 2-year base ordering period with four 2-year options. The base (master agreement) IDIQ contract will establish the terms and conditions within which work will be performed and under which individual project-specific work orders will be issued. Projects/service are issued on an "as needed" basis. Contracts may be awarded for one state, multiple states, or all the aforementioned states. The USPS reserves the right to select more than one firm. Firms that possess the qualifications to perform the services described are invited to submit a completed Offerors Package. All offerors MUST submit their proposals via the USPS SLFT portal; offers not received through this platform will not be considered. OFFEROR PACKAGES MUST BE RECEIVED NO LATER THAN 3:00 PM ET ON JUNE 28, 2019.

RAPID RESPONSE 6 ENVIRONMENTAL REMEDIATION SERVICES (PRESOL)

SOL: W9128F19R0060

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA45/W9128F19R0060/listing.html>

NAICS: 562910. THE GOVERNMENT INTENDS TO ISSUE AN UNRESTRICTED RFP ON OR ABOUT JUNE 5, 2019, FOR A RAPID RESPONSE ENVIRONMENTAL REMEDIATION SERVICES (ERS) SINGLE-AWARD TASK-ORDER CONTRACT (SATOC). The IDIQ contract awarded under this solicitation will be for emergency/immediate/rapid response under NAICS code 562910, in support of the US Army Corps of Engineers, Omaha District and its customers in the Continental United States, including Alaska and Hawaii, the South Atlantic Division Area of Responsibility (AOR), and the Pacific Ocean Division AOR. The awarded contract will include both cost reimbursement and firm-fixed-price task orders for response actions and remediation of various hazardous waste sites as identified in Section C of the RFP. There is no limit of the number of task orders that may be executed against this contract. The SATOC will have a base ordering period of three years with a 4-year option, or until the \$80M contract capacity is expended, whichever occurs first.

R--NATIONAL ACADEMY OF SCIENCES: ENSURING CREDIBLE SCIENCE FOR SCIENCE-BASED DECISION-MAKING AT EPA

SOL: 68HERC19R0032

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/EPA/OAM/OH/68HERC19R0032/listing.html>

NAICS: 541690. The synopsis and all other documentation relevant to this notice are available only on FedConnect at <https://www.fedconnect.net/FedConnect/?doc=68HERC19R0032&agency=EPA> [Note: It might be necessary to copy and paste the URL into your browser for direct access]. U.S. EPA requires the National Academy of Sciences (NAS) to assess and validate scientific and engineering excellence in EPA's mission and programs; inform the Agency of relevant scientific and technical data and related views of experts about its research and science activities; apply the judgments of science and engineering to public policy; and otherwise contribute to the vitality and productivity of the Agency's scientific enterprise. To the extent that the Agency determines that it is in the public interest for its decision-making processes to receive independent scientific and technical advice of unparalleled objectivity and of the highest quality, which possesses an inherent degree of public acceptability, NAS shall examine, analyze, and/or report as required on any subject of science or technology relevant to the Agency's mission, programs, and activities.
