

# Federal Business Opportunities (FedBizOpps) Update

Notices for June 3-9, 2019

This update contains summaries of procurement notices issued between June 3-9, 2019 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

## DOE OFFICE OF ENVIRONMENTAL MANAGEMENT BUSINESS OPPORTUNITIES FORUM -6-2019 (SNOTE)

**SOL:** EM\_BUSINESS\_FORUM\_6-2019

**DUE:** 061019

**WEB:** FBO.gov Permalink at [https://www.fbo.gov/spg/DOE/PAM/HQ/EM\\_BUSINESS\\_FORUM\\_6-2019/listing.html](https://www.fbo.gov/spg/DOE/PAM/HQ/EM_BUSINESS_FORUM_6-2019/listing.html)

**NAICS:** 562910. DOE's next Office of Environmental Management Business Opportunities Forum has been scheduled for June 12, 2019, 2:15 PM - 3:30 PM ET. Topics will include a discussion on status of ongoing and upcoming procurement opportunities. The event will be held during the Energy, Technology, and Environmental Business Association (ETEBA) Savannah River Federal Business Opportunities Forum at the Augusta Marriott Conference Center in Augusta, Georgia. Attendees must be registered for the ETEBA forum to gain physical access. For those not attending the ETEBA Forum, EM offers participation via WebEx capability. There is no separate charge to attend, but pre-registration is a must. INFORMATION ON CONNECTING VIA THE WEB WILL BE SENT OUT PRIOR TO THE FORUM TO THOSE WHO PRE-REGISTER BY 4:00 PM ON JUNE 10, 2019.

## FMC LEXINGTON, ATTIC ASBESTOS ABATEMENT (PHASE V) (SRCSGT)

**SOL:** 15B10919B00000001

**DUE:** 061319

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/DOJ/BPR/30020/15B10919B00000001/listing.html>

**NAICS:** 562910. This notice is a sources sought issued for market research purposes only. The Federal Bureau of Prisons (FBOP) anticipates issuance of solicitation 15B10919B00000001 for the award of a firm-fixed-price construction contract for a project entitled "Attic Asbestos Abatement - Phase IV," at the Federal Medical Center (FMC Lexington), located in Lexington, Kentucky. FMC Lexington is in need of a contractor to remove asbestos-containing material (ACM) in the form of pipe insulation and contaminated debris. Piping sizes vary from 3/4" to 6" in diameter and consist of steam, condensate, and water lines. Since the materials are friable, all surfaces are to be cleaned and sprayed with an approved lockdown deeming the areas free of asbestos. The FBOP is seeking expressions of interest from small business contractors for this project by adding their names to the Interested Vendors List for this posting on FedBizOpps. The NAICS code is 562910, size standard \$20.5M. The estimated magnitude of the project lies between \$250,000 and \$500,000. The synopsis of proposed contract action will include further instructions for responding to this opportunity.

#### **HAZARDOUS WASTE REMOVAL AND DISPOSAL FOR ALASKA (SRCSGT)**

**SOL:** Alaska\_19-BE-099

**DUE:** 061319

**WEB:** FBO.gov Permalink at [https://www.fbo.gov/spg/DLA/J3/DRMS/Alaska\\_19-BE-099/listing.html](https://www.fbo.gov/spg/DLA/J3/DRMS/Alaska_19-BE-099/listing.html)

**NAICS:** 562211. The intent of this sources sought synopsis is to identify qualified HUBZone, 8(a), woman-owned, service-disabled veteran-owned, and small businesses for a firm-fixed-price IDIQ contract for RCRA Hazardous, State-Regulated, PCBs, CGCs, and Non-Hazardous Waste Removal, Transportation, and Disposal for the Alaska hazardous waste contract, NAICS code 562211 (Hazardous Waste Treatment and Disposal), size standard \$38.5M. Special services are also required, such as management services, analysis and testing, and tank cleaning. Upon review of industry response to this sources sought notice, the Government will determine whether a set-aside acquisition is in the Government's best interest. Contract duration is anticipated to be for one 30-month base period from date of initial contract award and one 30-month option period. CAPABILITIES STATEMENTS MUST BE RECEIVED NO LATER THAN 3:00 PM ET ON JUNE 13, 2019.

#### **ENVIRONMENTAL REMEDIATION SERVICES MATOC UNRESTRICTED, VARIOUS LOCATIONS PRIMARILY ALASKA AND PACIFIC RIM (SRCSGT)**

**SOL:** W911KB19R0007-SS

**DUE:** 061819

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/USA/COE/DACA85/W911KB19R0007-SS/listing.html>

**NAICS:** This notice constitutes market research by the USACE Alaska District, which is contemplating a multiple-award IDIQ contract with capacity of approximately \$100M to perform environmental remediation services in support of a wide range of customers serviced by the USACE Alaska District. The NAICS code is 562910 (Environmental Remediation Services), small business size standard 750 employees. Work executed under the new IDIQ contracts will primarily include investigations, studies, engineering support, remedial designs, removal and remedial actions, and operation and maintenance activities for USACE customers. The contracts will support the District's Formerly Used Defense Sites (FUDS) program, Army and Air Force environmental programs, and the environmental programs of other non-DoD customers. Task orders may be firm-fixed-price or cost reimbursement (cost-plus-fixed-fee completion form); therefore potential contractors must possess accounting systems adequate for award of cost reimbursement work. All interested firms are invited to submit a capabilities package (not exceeding 3 pages) demonstrating the ability to perform the work. RESPONSES MUST BE RECEIVED NO LATER THAN 2:00 PM ALASKA TIME ON JUNE 18, 2019.

#### **F--ENVIRONMENTAL RESTORATION STUDIES AND MONITORING, ENVIRONMENTAL PLANNING, CERCLA AND RCRA ANALYSES AND STUDIES, AND OTHER SCIENTIFIC AND TECHNOLOGICAL INVESTIGATIONS. (SRCSGT)**

**SOL:** N6945019S0606

**DUE:** 062119

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/notices/18d8dd79d8dfbd8db5aee5b4f71dae57>

**NAICS:** 562910. THE PROPOSED CONTRACT IS BEING CONSIDERED FOR CERTIFIED 8(A) BUSINESSES, NAICS code 562910, size standard \$20.5M. The Naval Facilities Engineering Command Southeast (NAVFAC SE) invites submission of statements of interest and capability. Work under this contract, to be conducted with a focus on supporting NAVFAC SE military and environmental missions, involves multi-disciplinary planning and environmental investigations for a wide variety of environmental restoration projects and tasks. These include but are not limited to environmental restoration studies and monitoring, environmental planning, CERCLA and RCRA analyses and studies, and other scientific and technological investigations, including remediation system design, feasibility study analyses, and small-scale bench and pilot demonstration studies. Work will include sampling of various environmental media, such as terrestrial and aquatic media (i.e., surface water, groundwater, estuarine and marine systems, surface, and subsurface soils) required to support requested investigations, inventories, and/or assessments. This contract will primarily encompass the geographic area of NAVFAC SE's area of responsibility, which includes South Carolina, Georgia, Florida, Alabama, Tennessee, Mississippi, Louisiana, Arkansas, Missouri, Texas, Kansas, Oklahoma, and the Caribbean (Puerto Rico, Guantanamo Bay Cuba, etc.). This anticipated firm-fixed-price IDIQ contract is valued at \$4M over the life of the contract. The contract shall not exceed the 5-year ordering period or \$4M. RESPONSES ARE DUE BY 5:00 PM ET ON JUNE 21, 2019. This information will be used only to determine if there is interest by qualified firms and will not be used in award.

#### **A--TOXICOLOGICAL AND ECOLOGICAL RESEARCH SUPPORT (SRCSGT)**

**SOL:** 68HERC19R0046

**DUE:** 062119

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/EPA/OAM/OH/68HERC19R0046/listing.html>

**NAICS:** 541715. Via this source sought notice, U.S. EPA is performing market search in preparation for a future procurement for technical support for research activities at the National Health and Environmental Effects Research Laboratory (NHEERL) within EPA's Mid-Continent Ecology Division. This source sought is for capabilities statements only. It is anticipated that any future contract for these services will be an IDIQ-type contract with a 5-year ordering period. The Government anticipates establishing a maximum order ceiling of \$10M. Task Orders will be issued under the contract as time-and-materials or firm-fixed-price type orders. The applicable NAICS code is 541715 (Research and development in the physical, engineering, and life sciences), size standard 500 employees. This acquisition will support the following goals: addressing climate change and improving air quality, protecting America's waters, cleaning up communities and advancing sustainable development, ensuring the safety of chemicals, and preventing pollution. This acquisition also supports EPA's Chemical Safety for Sustainability Research Program. The ultimate goal is to enable EPA to address impacts of existing chemicals, anticipate impacts of new chemicals and materials, and evaluate complex interactions of chemical and biological systems to support EPA's decisions. The draft performance work statement for this acquisition is available only on FedConnect at

<https://www.fedconnect.net/FedConnect/?doc=68HERC19R0046&agency=EPA> [Note: It might be necessary to copy and paste the URL into your browser for direct access]. ALL RESPONSES TO THIS NOTICE MUST BE SUBMITTED THROUGH FEDCONNECT BY JUNE 21, 2019.

#### **WASTE H2O SAMPLE AND ANALYZE (SRCSGT)**

**SOL:** W912L219Q5004

**DUE:** 070219

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/spg/USA/NGB/DAHA02-1/W912L219Q5004/listing.html>

**NAICS:** 562211. The purpose of this Sources Sought notice is to identify qualified small business entities in any of the associated socioeconomic categories that are interested in and capable of performing the required work. This notice is posted as a market research tool only. The Government will utilize the responses in determining an acquisition strategy. Sources are sought from firms with an NAICS code of 541620 (Environmental Consulting Services), 562211 (Hazardous Waste Treatment and Disposal), or 562910 (Remediation Services), annual receipts less than \$20.5M. The Goldwater Air National Guard Base is contemplating a firm-fixed-price contract for environmental services for the one-time collection, analysis, and evaluation of waste samples for the purposes of hazardous waste characterization and disposal determination, in accordance with federal and state regulations. All analytical sample analyses must be performed in environmental laboratories licensed by the Arizona Department of Health Services for performing test methods for evaluating solid waste (SW-846). Additionally, samples will be analyzed for perfluorinated compound concentration, specifically perfluorooctanoic acid (PFOA) and perfluorooctane sulfonate (PFOS). This project requires the collection of liquid samples from underground tanks located several feet below grade, with the media accessible from manholes. CAPABILITIES STATEMENTS MUST BE RECEIVED NO LATER THAN 1:00 PM ET ON JULY 2, 2019.

**NAICS:** 562910. THIS ACQUISITION IS A TOTAL SMALL BUSINESS SET-ASIDE under NAICS code 562910, size standard 750 employees. The USACE Kansas City District is issuing an RFP for Construction and Remediation Services

work in support of the Former Sunflower Army Ammunition Plant, located in DeSoto, Kansas. The required work includes removal and decontamination of potentially explosive sewers and underground infrastructure, to include investigation and cleanup of environmental contamination underneath explosive sewers after the explosive hazards have been removed and the soil certified as Material Documented As Safe. This contract will provide for remediation of 9 separate areas at the site. The selected contractor will have to have the ability to work in multiple remediation areas concurrently and adapt to changing requirements. The contractor will be required to simultaneously manage the logistics of performing large-scale corrective measures at sites with facilities potentially contaminated with explosives, evaluate large amounts of confirmation data, and manage the disposal of all waste streams created during implementation of corrective measures. The total duration of this contract, including the exercise of any options, shall not exceed 5 years and 6 months from the date of contract award. OFFERS MUST BE RECEIVED NO LATER THAN 2:00 PM CT ON JULY 3, 2019.

**ANALYTICAL LABORATORY TESTING (COMBINE)**

**SOL:** PANMCC-19-P-000-017371

**WEB:** FBO.gov Permalink at <https://www.fbo.gov/notices/7ce3ea175f947f137ae1ebc7a401197e>

**NAICS:** 541380. THIS REQUIREMENT IS A TOTAL SMALL BUSINESS SET-ASIDE, NAICS code 541380. This contract is for analytical services support for the Joint Base Lewis McChord (JBLM). In executing environmental sampling and monitoring under requirements of Clean Water Act and Safe Drinking Water Act and permits issued to the installation, JBLM has need for an analytical laboratory to provide timely chemical analysis of the following generic categories of matrices: Soil/Sludge Water, and Biosolids. The objective of this contract is to obtain chemical data that are technically valid, of known quality, legally defensible, and that will meet or exceed the required project-specific DQOs. The Government anticipates issuing a firm-fixed-price indefinite delivery order contract for a period not to exceed one year. Due to sample short hold times for some analyses, the contractor laboratory must be located within 90 miles of the JBLM Main Gate to allow for JBLM to drop off samples within the analytical hold time. The Government's satisfaction with the overall quality of analysis accomplished under the contract will be a determining factor in consideration of a potential future contract. The Contractor shall maintain ELAP accreditation. Analytes will include diesel range organics, semivolatiles, heavy metals, PCBs, and other compounds that might fall within one or more of the following types of federal or Washington State criteria: drinking water standards or maximum contaminant levels (MCLs); Washington State Model Toxics Control Act (MTCA); groundwater and surface water quality standards; toxicity characteristic leaching procedure (TCLP) criteria; residential and non-residential soil cleanup standards; and sediment quality standards. OFFERS MUST BE RECEIVED NO LATER THAN 5:00 PM PT ON JULY 5, 2019.

[Note: It might be necessary to copy and paste the URL into your browser for direct access]. All questions/responses to this notice or to the RFP must be submitted through FedConnect. The proposed contract requires that the contractor provide support to the Office of Water (OW), Office of Science and Technology, National Water Programs, and other OW offices, including the Office of Ground Water and Drinking Water; the Office of Wetlands, Oceans and Watersheds; and the Office of Wastewater Management by providing professional services to develop, revise, and implement ecological criteria for the protection of water quality on a national, state, and site-specific basis. The Government anticipates single-award IDIQ contracts with a 5-year ordering period allowing for both firm-fixed-price and time-and-materials task orders. The
