**NAICS:** 562910. This is a sources sought notice for market research only to determine the most appropriate acquisition strategy for two separate Military Munitions Response Program (MMRP) projects. No award will be made from this sources sought. The particular purpose of this notice is to gain knowledge of potential business sources operating under NAICS code 562910 (small business size standard 750 employees) for both the (1) MGRC MRS 01 Bombing Target surface plus sub-surface removal of military munitions and the (2) MGRC MRS-05 Bombing Range #73 surface removal of military munitions projects. The MRS-05 Bombing Range #73 project objectives are to actively search for and remove munitions and explosives of concern (UXO and discarded military munitions) present on the surface, execute and document these activities with sufficient rigor to confidently state that all surface munitions have been removed, and with the implementation of land use controls, show that "inadvertent exposure to potential explosive safety hazards potentially remaining at the site" has been minimized as required by the Decision Document. Only on MRS-01 does the work include an Advanced Geophysical Classification survey on 100% of accessible areas of the site, and subsequent subsurface clearance. BOTH PROJECTS ARE PLANNED FOR ADVERTISING IN WINTER 2019. The resulting contract type is expected to be firm fixed price. Potential offerors of all size-statuses having the skill, capabilities, and bonding necessary to perform the described project are invited to provide feedback via email. RESPONSES ARE DUE VIA EMAIL BY 2:00 PM PT ON AUGUST 20, 2019.
