R--CBFO TECHNICAL ASSISTANCE CONTRACT - REQUEST FOR INFORMATION (RFI) (SRCSGT)

SOL: 89303319NEM000022

DUE: 091619

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/DOE/PAM/HO/89303319NEM000022/listing.html>

NAICS: 562910. DOE's Office of Environmental Management (EM) is currently in the acquisition planning stage for a new Technical Assistance Contract (TAC) to perform support services on behalf of DOE-EM's Carlsbad Field Office (CBFO) in southeastern New Mexico. The purpose of this RFI/Sources Sought is to solicit input via capability statements and answers from interested parties with the specialized capabilities necessary to perform all or part of the requirements. CBFO is responsible for ensuring safe and efficient characterization and certification of transuranic (TRU) waste at DOE sites and the transportation activities associated with TRU waste. CBFO oversees the management and operations of the Waste Isolation Pilot Plant (WIPP) and is directly responsible for the management and integration of the National Transuranic Waste Program (NTP), which includes all DOE TRU waste sites, including the WIPP site. To support its mission, the CBFO requires a contractor to provide expert technical advice and assistance in the following areas: WIPP waste acceptance; chemical compatibility and acceptable knowledge; audits and assessments; security; program management; WIPP site operations; environmental and regulatory compliance; nuclear and industrial safety; scientific and international programs; TRU waste characterization and certification; TRU waste transportation and packaging; general business operations; information technology; document control; and executive management support. Responses to the questions found in the attachment to the FedBizOpps notice will assist DOE with identifying interested and capable sources for developing its acquisition strategy. CAPABILITY STATEMENTS MUST BE SUBMITTED VIA EMAIL NO LATER THAN 7:30 AM ET ON MONDAY, SEPTEMBER 16, 2019. No solicitation is available at this time. This RFI/sources sought is issued solely for the purpose of conducting market research.

A--TOXICOLOGICAL AND ECOLOGICAL RESEARCH SUPPORT (PRESOL)

SOL: 68HERC19R0046

WEB: FBO.gov Permalink at <https://www.fbo.gov/spg/EPA/OAM/OH/68HERC19R0046/listing.html>

NAICS: 541715. WHEN THE SOLICITATION IS RELEASED, EPA INTENDS TO CONDUCT A COMPETITIVE 8(A) SET-ASIDE ACQUISITION (NAICS code 541715) and award a single contract with an ordering ceiling of \$10M. U.S. EPA's Mid-Continent Ecology Division in Duluth, Minnesota, has a future requirement for toxicological and ecological research support services. The Government anticipates the award of an IDIQ-type contract with time-and-materials and firm-fixed-price task orders over a 5-year ordering period. This acquisition will support the following goals: Addressing Climate Change and Improving Air Quality, Protecting America's Waters, Cleaning Up Communities and Advancing Sustainable Development, Ensuring the Safety of Chemicals, and Preventing Pollution. This acquisition also supports EPA's Chemical Safety for Sustainability (CSS) Research Program. The ultimate goal is to enable EPA to address impacts of existing chemicals, anticipate impacts of new chemicals and materials, and evaluate complex interactions of chemical and biological systems to support EPA's decisions. The services to be performed are: (1) On-site technical support to MED facilities in Duluth, Minnesota, and (for short periods) at off-site and remote field sites within the United States, including minimal international travel to attend international meetings/symposia to present scientific information and papers or to gather information considered useful in completing task orders under this contract; and (2) Chemical, physical, biological, biochemical, statistical, geographical, and other standardized analyses. The successful contractor of any resultant contract will be expected to provide all necessary labor, materials, supplies and vehicles in support of the efforts delineated by the Performance Work Statement attached to the FedBizOpps notice. RELEASE OF THE SOLICITATION IS ANTICIPATED IN EARLY SEPTEMBER 2019.
