

# Federal Contract Opportunities Update

Notices for June 24-30, 2024

This update contains summaries of procurement notices issued between June 24-30, 2024 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](https://www.fedbizopps.gov).

## **F -- 12905B24SS0045 - SOURCES SOUGHT FOR BUILDING 413 ASBESTOS REMOVAL CARL HAYDEN BEE RESEARCH CENTER TUCSON AZ (SRCSGT)**

**SOL:** 12905B24SS0045

**DUE:** July 8, 2024

**NAICS:** 562910. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH PURPOSES ONLY. The U.S. Department of Agriculture, Agriculture Research Service, seeks to obtain information regarding the availability and capability of qualified sources including small businesses; HUBZone small businesses; service-disabled, veteran-owned small businesses; 8(a) small businesses; veteran-owned small businesses; woman-owned small businesses; or small disadvantaged businesses interested in providing asbestos removal services. The scope of work will include the removal of approximately 2,084 square feet of asbestos-containing linoleum flooring (and mastic that does not contain asbestos). The contractor will be required to set necessary plastic barriers to contain and seal off a section of each unit including vents, windows, doors, and miscellaneous openings; place HEPA-equipped negative air machines for the duration of the project; remove materials by mechanical, and non-mechanical means; supply proper packaging, transport, dispose of waste at the WM Landfill in Marana, Arizona; and provide a manifest upon completion of the work. Materials are considered CAT I non-friable & RACM. Post-abatement air clearance testing and analysis will be performed by an independent third party. Responses to the information requested will assist the Government in determining the appropriate acquisition method, including whether a set-aside is possible. There is no solicitation at this time. CAPABILITY STATEMENTS ARE DUE BY 5:00 PM EDT ON JULY 8, 2024.

## **F -- SOURCES SOUGHT - REMEDIAL ACTION-OPERATION AND LONG-TERM MONITORING AT FAIRCHILD AFB, WA (SRCSGT)**

**SOL:** FA890324R9004

**DUE:** July 8, 2024

**NAICS:** 562910. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH PURPOSES ONLY. The U.S. Department of the Air Force is seeking notices of interest and capabilities statements regarding a potential FY24 requirement for environmental remediation activities at Fairchild Air Force Base near Spokane, Washington. The range of activities includes maintenance of established remedies, optimization at applicable sites, and achievement of site-specific objectives. The Contractor shall undertake Remedial Action-Operation (RA-O) and Long-Term Monitoring (LTM) activities, in accordance with existing Records of Decision (ROD) and Decision Documents (DD), to achieve Performance Objectives (POs) at sixteen (16) Installation Restoration Program (IRP) sites and three (3) Military Munitions Response Program (MMRP) sites. There is no solicitation at this time. CAPABILITY STATEMENTS ARE DUE BY 2:00 PM CDT ON JULY 8, 2024.

**F -- ASBESTOS ABATEMENT (COMBINE)**

**SOL:** FA489724QC034

**DUE:** July 12, 2024

**NAICS:** 562910. THIS IS A TOTAL SMALL BUSINESS SET-ASIDE. The U.S. Department of the Air Force requires a contractor to abate and remove asbestos from approximately 5,200 square feet of office space at Building 1300 on Mountain Home AFB in Idaho. The contractor shall construct a two-phase containment process so that occupants may gain access to the building's main entrance while containing the abatement area. Abatement shall start on the Southwest end of the building at the women's restroom. Removal of the suspended ceiling system, 300 linear feet of stud walls, and the floor coverings and mastic to reveal bare concrete is required. Upon completion of abatement, a third-party testing firm shall provide Clearance Air Sampling. The award will be a firm-fixed-price contract with a 60-day period of performance after award. OFFERS ARE DUE BY 10:00 AM MDT ON JULY 12, 2024.

**F -- R7 CHEROKEE COUNTY SUPERFUND SITE REMEDIAL ACTION FOR TAR CREEK PILES OPERABLE (PRESOL)**

**SOL:** 68HE0724R0027

**NAICS:** 562910. WHEN THIS SOLICITATION IS RELEASED ON OR ABOUT JULY 10, 2024, IT WILL BE COMPETED AS A SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS (SDVOSB) SET-ASIDE. The U.S. Environmental Protection Agency (EPA) Region 7, Acquisition Management Branch, is seeking the services of an experienced firm to provide remedial action for the mine waste located at the Tar Creek Mine Waste Piles in the Treece subsite, Operable Unit #04 (OU4), of the Cherokee County Superfund Site. The Treece OU4 subsite is located along the Kansas-Oklahoma border in the south-central portion of Cherokee County, Kansas. It covers approximately 1.5 square miles and has been subdivided into 5 stages for design and remediation purposes. This requirement addresses surficial mine waste areas and underlying contaminated soils. The selected remedy for OU4 consists of excavation, consolidation, and disposal of mine waste and associated soil/sediments contaminated with heavy metals. The remedial action will be conducted for the U.S. Environmental Protection Agency (EPA) in accordance with the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), the National Contingency Plan, the final plans and specifications developed during the remedial design and the 1997 Record of Decision (ROD) and the ROD Amendments issued in September 2006 and September 2016. To achieve this, work includes: 1) Site Preparation; 2) Mine Waste Removal; 3) Erosion and Sediment Controls; 4) Regrading and Restoration; 5) Revegetation; 6) Fill Mine Shafts, Vent Pipes, Small Subsidence Pits, and Wells; and 7) Surveys. The contractor shall be required to comply with all applicable federal, state, and local laws and regulations. Remediation will be conducted pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) as amended by the Superfund Amendments and Reauthorization Action (SARA), and National Contingency Plan (NCP) requirements. EPA anticipates issuing a fixed-unit-price contract consisting of a one-year base period and one one-year option period with an estimated dollar value between \$10M - \$15M. There is no solicitation at this time.
