

Federal Contract Opportunities Update

Notices for September 30-October 5, 2025

This update contains summaries of procurement notices issued between September 30-October 5, 2025 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

F -- DRAFT REQUEST FOR PROPOSAL (RFP) FOR FAIRCHILD AFB OPTIMIZED REMEDIATION CONTRACT AT FAIRCHILD AFB, WASHINGTON (PRESOL)

SOL: FA8903-25-R-0035

DUE: October 15, 2025

NAICS: 562910. WHEN THIS SOLICITATION IS RELEASED, IT WILL BE COMPETED AS AN 8(A) SET-ASIDE. The U.S. Department of the Air Force, Air Force Installation and Mission Support Center, at Joint Base San Antonio in Lackland, TX, is seeking questions related to a draft Request for Proposals (RFP) for an Optimized Remediation Services contract at Fairchild AFB in Washington State. The scope of this contract is to perform environmental remediation services, including Preliminary Assessments/Site Inspections (PA/SIs), and Remedial Investigations (RIs) or RI/Feasibility Studies (FSs), including Supplemental Investigations for selected sites. If the selected technical approach is determined to be ineffective, as evidenced by trends in the performance model, the Contractor shall develop and implement a revised approach to achieve the Program Objectives, including, if required, amendments to Decision Documents necessary to support the remedial approach. The Period of Performance (PoP) will be approximately 10 years from the date of award with one base year, and eight option years. QUESTIONS ARE DUE BY 2:00 PM EDT ON OCTOBER 15, 2025.

C -- ARCHITECT-ENGINEER SERVICES FOR COMPREHENSIVE LONG-TERM ENVIRONMENTAL ACTION NAVY (CLEAN VII) FOR NAVAL FACILITIES ENGINEERING SYSTEMS COMMAND PACIFIC (PRESOL)

SOL: N62742-25-R-1800

DUE: October 30, 2025

NAICS: 541330. THIS IS AN INVITATION FOR QUALIFIED FIRMS INTERESTED IN THIS FUTURE PROCUREMENT TO SUBMIT STANDARD FORM 330. The U.S. Department of the Navy, NAVFAC Pacific Command, at Joint Base Pearl Harbor Hickam in Hawaii requires a contractor for multi-discipline Architect-Engineer (AE) services in support of the Department of the Navy's Environmental Restoration Program consisting of the Installation Restoration (IR) Program and Munitions Response (MR) Program in compliance with the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and other similar programs. Required services will be performed at various Navy and Marine Corps facilities within the Naval Facilities Engineering Systems Command (NAVFAC) Pacific (PAC) Area of Responsibility (AOR). Work will be performed predominantly in NAVFAC Hawaii (HI), NAVFAC Marianas (MAR), NAVFAC Northwest (NW) and NAVFAC Southwest (SW) areas of responsibility. Although these are the principal geographical areas of performance, the Contractor(s) may be required to perform at other locations within the NAVFAC Pacific area of responsibility, including Japan, Okinawa, Diego Garcia and other areas in the Pacific and Indian Oceans. Work may also be added and performed anywhere outside of the NAVFAC Pacific AOR, as required by the Government. The exact location of the required effort will be specified in the individual Contract Task Orders (CTOs). The Contractor may also, on occasion, be tasked to perform work for other NAVFAC Components, Department of Defense (DoD) or other federal agencies as required by the Government. This contract may include performance of work on private, Federal or other than Federal lands that are associated with the environmental sites identified above. See Attachment A for the scope of services anticipated under the resultant contract. STANDARD FORM 330s ARE DUE BY 8:00 PM EDT ON OCTOBER 30, 2025.

F -- SOLICITATION DISTRICT 17 ENVIRONMENTAL REMEDIATION SERVICES MULTIPLE AWARD CONTRACT (SOL)

SOL: 70Z08725RJUNE28424423

DUE: November 30, 2025

NAICS: 562910. THIS IS AN 8(A) SMALL BUSINESS SET-ASIDE. The U.S. Coast Guard (USCG), Civil Engineering Unit, in Juneau, Alaska, requires a contractor to provide prompt responses on an as-needed basis for a wide variety of environmental services to address USCG needs associated with environmental restoration, liabilities, compliance, planning, and construction support. USCG shore infrastructure, real property, and other projects cover a wide range of activities, including but not limited to restoration, remediation, compliance, planning, remote field work, investigations, surveys, hazardous materials management, hazardous waste management, pollution prevention, operational activities (e.g., training, permitting, and response actions), and real property agreements/transfers. Services will be required at various facilities, buildings, and structures, both onshore and offshore (e.g., bases, small boat stations, lighthouses, aids-to-navigation facilities, and communications facilities). Services are often performed in remote, isolated areas of Alaska. Environmental services may include, but not be limited to, restoration and liabilities, environmental planning; and sustainability and training. The award will be an Indefinite Delivery/Indefinite Quantity (IDIQ) contract with Firm-Fixed Price (FFP) task orders for Environmental Remediation Services and a maximum total estimated at \$45M. The contract will include a Base ordering period of one (1) year and two (2) 3-year option ordering periods or until the \$45M contract capacity is expended, whichever occurs first. OFFERS ARE DUE BY 2:00 PM EST ON NOVEMBER 30, 2025.
