FORT HOOD LABORATORY ANALYTICAL SERVICES W91151-21-Q-0009 (PRESOL)

SOL: W91151-21-Q-0009

DUE: 010620

NAICS: 541380. The Mission and Installation Contracting Command (MICC) Fort Hood is issuing this presolicitation notice of its intent to advertise for a firm-fixed-price service contract to provide laboratory analytical services for various environmental samples in support of the Fort Hood Directorate of Public Works (DPW), Environmental Division, Fort Hood, Texas, as a 100% SMALL BUSINESS SET-ASIDE under NAICS 541380 (Testing Laboratories), size standard \$16.5M. This acquisition will be a follow-on non-personal service contract. Fort Hood currently has one Texas Pollutant Discharge Elimination System wastewater permit and one industrial storm water permit that require the collection and analysis of both recurring weekly and quarterly samples, as well as various unscheduled samples, some of which depend on the weather (i.e., sufficient rainfall). In addition to liquid samples, occasionally soils, other solids and semi-solids, and/or gaseous samples may need to be collected and submitted for laboratory analysis. Contractor shall provide all personnel, management, direct oversight, quality control, and any other items and services not government furnished necessary to pick up or ship and analyze various environmental samples from the DPW at Fort Hood. Work will also include disposal of all samples and submission of complete reports of the lab test results. Period of performance: Contract base year period of performance is anticipated to begin on or about 02/01/21 and conclude on or about 01/31/22. Providing that all options are exercised, period of performance will end on or about 01/31/26. RELEASE OF THE SOLICITATION IS ANTICIPATED ON OR ABOUT JANUARY 7, 2021.

F -- \$50M MEGA MATOC ERS FOR FUDS FT. DOUGLAS (PRESOL)

SOL: W91238-21-R-0021

NAICS: 562910. When it is released, THE SOLICITATION WILL BE A PARTIAL SMALL BUSINESS SET-ASIDE under NAICS code 562910 (Remediation Services). This is a presolicitation notice regarding the upcoming MEGA MATOC by the USACE-Sacramento District. The overall MATOC target is five IDIQ contract awards, including at least one award of a small business reserve target. FUDS Fort Douglas, Utah, will be the seed task order at time of MEGA solicitation/award and will be used in part to evaluate responses for both the full and open and small business reserve portions of the solicitation. Provided with this presolicitation at beta.sam are the base PWS and seed PWS, which currently are DRAFTS and thus subject to change prior to solicitation. The revised DoD travel restriction surrounding the coronavirus prevents a site visit from occurring until further notice; however, a possible virtual site visit might be scheduled following solicitation issuance. RELEASE OF THE SOLICITATION IS ANTICIPATED ON OR AROUND JANUARY 30, 2021. Monitor beta.sam for updates.
