BASE KETCHIKAN HOUSING ENVIRONMENTAL RISK ASSESSMENT (COMBINE)

SOL: 70Z045-20-Q-PZR73900

DUE: Mar 12, 2020

NAICS: 541620. THIS REQUIREMENT IS A TOTAL SMALL BUSINESS SET-ASIDE under NAICS code 541620. The U.S. Coast Guard has a requirement for Alaska State-Certified Contractor services to Conduct Environmental Risk Assessments At Coast Guard Housing Sites located in Juneau, Sitka, Petersburg, and Ketchikan, Alaska. Provide all professional services necessary to conduct a thorough risk assessment in accordance with EPA and HUD guidelines for 73 housing units/areas at Juneau, Sitka, Petersburg, and Ketchikan for asbestos-containing materials (ACM), lead-based paint (LBP) and radon. The risk assessments must include an on-site investigation to determine the presence, type, severity, and location of LBP, ACM, and Radon hazards (including lead hazards in paint, dust, and soil) and provide suggested ways to control them. The risk assessments shall be legally performed only by a certified risk assessor. The risk assessment shall include the home interior and exterior areas out to the drip line of the home. Period of Performance: Assessment of all 73 units to begin upon notice

of contract award. All assessments and field work shall be completed within 30 calendar days of contract award date. Final reports shall be delivered within 30 calendar days of final housing unit assessment, not to exceed 60 calendar days from award of contract. QUOTES ARE DUE BY 1159 ALASKA TIME ON MARCH 12, 2020.

JBLM DPW ANALYTICAL LABORATORY TESTING SERVICES (SOL)

SOL: 47QFAA20R0001

DUE: Mar 12, 2020

NAICS: 541380. THIS ACQUISITION IS UNRESTRICTED under NAICS code 541380 (Laboratory Services). This firm-fixed-price IDIQ contract is for analytical services support for JBLM. In executing environmental sampling and monitoring under requirements of RCRA, TSCA, CAA, CWA, and SDWA in addition to environmental permits issued to the installation, JBLM has need for analytical laboratories to provide timely chemical analysis of the following generic categories of matrices: soil/sludge, compost, wastewater, stormwater, drinking water, biosolids, and air. The objective of this contract is to obtain chemical data that is technically valid, of known quality, and legally defensible, that will meet or exceed the required project-specific Data Quality Objectives. Due to sample hold times for analysis, the Prime Contractor must own at least one testing laboratory located within 50 miles of JBLM Main Gate at 2012 Liggett Ave. The term of this contract will be one year from the date of award with a one year option. OFFERS ARE DUE BY 4 PM PT ON MARCH 12, 2020.

ENVIRONMENTAL QUALITY SERVICES AT JOINT BASE LEWIS MCCHORD, WA (SOL)

SOL: W912DW20R0003

DUE: Mar 12, 2020

NAICS: 541620. THIS PROCUREMENT IS A COMPETITIVE 8(A) SET-ASIDE, NAICS code 541620, Size Standard \$16.5M. The requirement is for a non-personal services firm-fixed-price contract to provide Environmental Quality (EQ) Services at Joint Base Lewis-McChord (JBLM), Washington. Contractor shall provide all trained personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and non-personal services necessary to provide environmental compliance support activities necessary to support JBLM Public Works Environmental Department (PW-ED). The Army EQ Program includes three program areas: Compliance, Conservation, and Pollution Prevention (P2), and PW-ED is responsible for managing and executing requirements in these EQ Program areas at JBLM. The overall scope of the work is to provide environmental compliance support activities necessary to support JBLM's PW-ED environmental compliance requirements. The scope of services also includes limited environmental cleanup program support as well as advising public works and installation command regarding significant regulatory, technical, and/or compliance aspects of the various environmental programs at JBLM. Period of performance shall be for a base period of 10 months and four optional periods of 12 months each. RESPONSES ARE DUE BY 2:00 PM PT ON MARCH 12, 2020.

FOLLOW-ON ENVIRONMENTAL A&E SERVICES, FAA-MMAC (SRCSGT)

SOL: 6973GH-20-ENVAE

DUE: Mar 13, 2020

NAICS: 541620. This notice constitutes a market survey for a follow-on requirement to perform Environmental Architecture and Engineering Services for the Federal Aviation Administration. This effort is currently under contract. The FAA Mike Monroney Aeronautical Center has a requirement for environmental architecture and engineering (A&E) services under NAICS code 541620 (Environmental Consulting Services), size standard \$16.5M. Prospective activities include field investigations; surveys; production of plans, specifications, studies, calculations & estimates; preparation of worker health and safety, sampling, and other plans; field sampling (including groundwater, soil, sediment, surface water and air); laboratory analyses, and detailed countermeasure plans; noise evaluations; industrial waste water pretreatment; air quality (including indoor air quality and air emissions inventories); environmental impact statements under NEPA; environmental site assessments under CERCLA; hazardous material storage and handling; groundwater assessments; SARA Title III program; PCB abatement; pollution prevention opportunity assessment; environmental compliance audits; drinking water quality analysis and treatment; remediation of air, soil, sediment, groundwater and/or surface water contamination, using green and sustainable remediation; and attention to environmental contaminants of emerging concern, including per-and polyfluoroalkyl substances. The FAA contemplates awarding an IDIQ follow-on contract that will include option provisions to renew for four one-year periods. It is anticipated the contract will include time-and-materials type pricing. The FAA will review the responses to this market survey; the survey results will assist the FAA to determine the extent of the requirement that might be set aside for small businesses, socially and economically disadvantaged small businesses, 8(a), service-disabled veteran-owned small businesses, and woman-owned small businesses. RESPONSES TO THIS MARKET SURVEY MUST BE RECEIVED BY 4:00 PM CT ON FRIDAY, MARCH 13, 2020.

COBRATF TRAINING OPERATIONS AND SUPPORT SERVICES (PRESOL)

SOL: 70FA2020R00000004

NAICS: 562211. THIS FORTHCOMING COMPETITIVE ACQUISITION WILL BE LIMITED TO ELIGIBLE SMALL BUSINESS CONCERNS ONLY. The Center for Domestic Preparedness (CDP) is a national training facility located in Anniston, Alabama, that prepares federal, state, local and tribal emergency response personnel to respond to all hazards, including terrorist attacks using weapons of mass destruction, by providing advanced, hands-on training. The training courses provide specific knowledge and expertise for deterrence, prevention, response, mitigation and recovery to chemical, biological, radiological, nuclear and explosive (CBRNE) incidents; mass casualty incidents; and incidents involving hazardous materials. This national training program was developed for state, local, tribal, federal, private sector, and international responders. The Acquisition Operations Division/Preparedness Section intends to award a firm-fixed-price / cost-reimbursement hybrid contract to obtain reliable, efficient, and effective training operations and support services. The COBRATF has unique requirements to manage a training venue where chemical agents (GB and VX) and biological agents (Ricin A Chain and Bacillus anthracis delta Sterne) are used in a specialized training environment, which requires supervision on a 24-hour, 7-day-a-week basis. RELEASE OF THE SOLICITATION IS ANTICIPATED ON OR ABOUT MARCH 2, 2020.
