

Federal Contract Opportunities Update

Notices for February 3-9, 2020

This update contains summaries of procurement notices issued between February 3-9, 2020 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

LABORATORY SERVICES (COMBINE)

SOL: 2020R3281016

DUE: Feb 12 (rsvp for site visit); Mar 4, 2020 (proposals)

NAICS: 541380. THIS PROCUREMENT IS A SMALL BUSINESS SET-ASIDE, NAICS code 541380 (Testing Laboratories), size standard \$1.6M. The award resulting from this solicitation will be a firm-fixed-price contract for services to be performed at the Nogales International Wastewater Treatment Plant (NIWTP), Rio Rico, Arizona, Santa Cruz County. The U.S. section of the International Boundary and Water Commission (USIBWC) operates and maintains the NIWTP in Rio Rico, Arizona. This contract is for comprehensive laboratory services for all the requirements of the USIBWC Nogales Field Office, including but not limited to environmental requirements for wastewater, surface water, groundwater and solid waste. The plant operates under the Arizona Pollutant Discharge Elimination System (AZPDES) permit and the Arizona Aquifer Protection Permit (APP). The current APP and AZPDES (Compliance Permits) were signed June 4, 2009, and March 31, 2014, respectively. The current AZPDES and APP are attached at beta.sam and form an integral part of the agreement. The permits were issued to both the City of Nogales and USIBWC as joint operators; however, this contract is for providing laboratory services exclusively to the USIBWC. Sampling and testing are mainly for regulatory compliance purposes as stipulated in the referenced permits; however, additional sampling and testing may be required for other events, including process trouble shooting, pretreatment and any other requirement along the US-Mexican border in Arizona. A new AZPDES permit is expected to be issued in early 2020. That permit will set-forth the AZPDES requirements for testing. Once issued, it will be considered an integral part of the section of the International Boundary and Water Commission (USIBWC) operates and maintains the Nogales International Wastewater Treatment Plant (NIWTP) in Rio Rico, Arizona. This contract is for comprehensive laboratory services for all the requirements of the USIBWC Nogales Field Office; including, but not limited to, environmental requirements for wastewater, surface water, groundwater and solid waste. A new AZPDES permit is expected to be issued in early 2020. That permit will set-forth the AZPDES requirements for testing. Once issued, it will be considered an integral part of the agreement. Once the new permit comes into effect a copy should be provided to the contractor. The Site Visit will be held at 9:00 AM MT on February 13, 2020, in Nogales, AZ; RSVP to attend no later than 3:00 PM MT on February 12. OFFERS ARE DUE VIA EMAIL BY 3:00 PM MT ON WEDNESDAY, MARCH 4, 2020.

GROUNDWATER MONITORING AND INTERIM MEASURES REMEDIAL OPERATIONS, MAINTENANCE, & MODIFICATIONS, KIRTLAND AIR FORCE BASE, NM (SRCSGT)

SOL: W912PP20R0009

DUE: Feb 20, 2020 NAICS Code: 562910. The purpose of this SOURCES SOUGHT notice is to gain knowledge of interest, capabilities and qualifications of various members of industry, to include the Small Business Community: Small Business, Section 8(a), HUBZone, Woman-Owned Small Business (WOSB), and Service-Disabled Veteran-Owned Small Business (SDVOSB). The U.S. Army Corps of Engineers, Albuquerque District has been tasked to solicit for and award an environmental remedial services contract for Groundwater Monitoring and Interim Remedial Measures Operations and Modification for the Bulk Fuels Facility (BFF) site at Kirtland Air Force Base (KAFB), New Mexico. The proposed solicitation will be for a competitive, firm-fixed price service contract, a Negotiated Procurement using a Best Value trade-off process. The results and analysis of this market research will finalize the procurement method and type of set-aside decision. The Government is seeking qualified, experienced sources capable of performing a full range of environmental remedial services necessary to meet stringent DoD quality requirements and to meet complex and evolving regulatory criteria. The services include planning; permitting; regulatory compliance; collection of contaminant, geochemical, lithologic, hydraulic, and mechanical data; interpretation of chemical data sets to make assessments of contaminant nature extent and degradation processes; use of operational data to generate optimized system designs; perform remedial treatment system operation and construct system upgrades; produce technical documents capable of withstanding subject matter expert scrutiny. The minimum/special capabilities required for this project are (1) Prime Contractor experienced with analysis of large environmental chemistry data sets and performing risk analysis according to federal and New Mexico state criteria; (2) Prime Contractor experience with groundwater remedial design, construction, and operation at a federal facility; (3) Prime Contractor experience with NMED regulations; and (4) Prime Contractor local presence or committed ability to maintain core project staff in the vicinity of Albuquerque, NM for the 5-year period of performance. The NAICS code for this procurement is 562910 (Remediation Services), small business size standard \$22M. Estimated duration of the project is 60 months (5 years). RESPONSES TO THIS SOURCES SOUGHT NOTICE MUST BE RECEIVED VIA EMAIL NO LATER THAN 5:00 PM MT ON FEBRUARY 20, 2020. NOTE: Firms that do not intend to submit a proposal for this project when it is formally advertised are requested not to submit a response to this sources sought notice. If inadequate responses are received, the solicitation

may be issued for full and open competition. Release of the solicitation is anticipated on or about April 10, 2020.

OPERATIONS AND MAINTENANCE SERVICES FOR ROCKY MOUNTAIN ARSENAL (SRCSGT)

SOL: PANAPG19P0000024220

DUE: Feb 28, 2020

NAICS: 562910. This notice is a market research tool being utilized to determine the availability of potential qualified contractors before determining the method of acquisition and whether there is sufficient interest from qualified small businesses to warrant a total small business set-aside for this procurement action. The U.S. Army (Rocky Mountain Arsenal) requests letters of interest from qualified SMALL BUSINESSES interested in performing work under a proposed contract for Operations and Maintenance of the Army's Rocky Mountain Arsenal (RMA) property and facilities located near Commerce City, Colorado. Responses to this Notice will be used for planning purposes for an upcoming procurement. Contractor shall provide all personnel, equipment, vehicles, tools, supplies, materials, and other items and services necessary to perform all functions required for the O&M of the Army-retained facilities and land on the RMA. This work includes but is not limited to O&M of the Groundwater Treatment Plants; bid and provide construction management oversight of a new Groundwater Treatment Plant; Sampling and Monitoring of Groundwater Wells and Surface Water; Maintenance of Landfills and Covers; Maintenance of Infrastructure and Facilities; Regulatory Interface Support; Program Records and Reporting; Land Use Controls Compliance; Environmental Compliance; and Records Management and Geographic Information Systems (GIS) support. CAPABILITIES STATEMENTS ARE DUE NO LATER THAN 1:30 PM ET ON FEBRUARY 28, 2020.

EMERGENCY AND RAPID RESPONSE SERVICES - EPA R10 (SOL)

SOL: 68HE0720R0011

DUE: Mar 2, 2020

NAICS: 562910. THIS PROCUREMENT IS A TOTAL SMALL BUSINESS SET-ASIDE for emergency and rapid responses services (ERRS) for environmental cleanup services for release of hazardous substances/wastes/pollutants and contaminant/materials and petroleum products/oil for EPA Region 10. Environmental cleanup in response to natural and manmade disasters, terrorist activities, weapons of mass destruction, and nuclear, biological, or chemical incidents may also be required under this contract. A response in another EPA region may be requested under this contract. It is also anticipated that under rare circumstances international responses may be required. Technical requirements under this contract include emergency response, sampling, monitoring, site stabilization, controlling spilled material, waste treatment, restoration, removal actions, transportation, treatment and disposal of hazardous substances, oil, petroleum products, pollutants or contaminants. The list of technical requirements does not encompass all possible response activities but is an extensive sample of types of activities that may be required under this contract. The contractor shall also provide environmental response cleanup services for terrorist, weapons of mass destruction, and chemical-biological-radiological and nuclear incidents as specified in Task Orders. See the files posted on FedConnect for details and updates at <https://www.fedconnect.net/FedConnect/?doc=68HE0720R0011&agency=EPA>. PROPOSALS MUST BE SUBMITTED VIA FEDCONNECT BY 2359 ET ON MARCH 2, 2020.

Z--NCO 5 ASBESTOS LEAD MOLD IDIQ (SOL)

SOL: 36C24519R0111

DUE: Mar 12, 2020

NAICS: 562910. THIS PROCUREMENT IS A SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS (SDVOSB) SET-ASIDE, NAICS code 562910 (Remediation Services), small business size standard \$36.5M. The Department of Veterans Affairs, Veterans Integrated Service Network (VISN) 5, Network Contracting Office (NCO) 5 has a requirement for on-going asbestos, mold, lead abatement, located within structures and other real property at medical facilities within VISN 5. The intent is to make multiple awards of IDIQ abatement contracts for the Veterans Affairs Maryland Healthcare System (VAMHCS), VA Medical Centers in Central/Eastern West Virginia, VA Medical Centers in Western West Virginia, and the VA Medical Center in Washington, DC, including any community-based clinics supported by VISN 5. Contractors may compete to perform services at one, two, three or all four of the geographic areas noted below. Offeror is reminded if proposing for more than one geographic area, an independent and complete package that corresponds to each of their area must be submitted for award consideration. If awarded an IDIQ contract, contractors will be provided a fair opportunity to compete for task orders at those geographic locations for which the contract has been awarded. The term of the asbestos, mold, lead abatement IDIQ will be for a one-year Base Period from date of award, with four one-year options. The resulting contracts will not have fixed unit costs. Under the asbestos, mold, lead abatement IDIQ all contract work will be completed through individual task orders awarded for individual projects in VISN 5/NCO 5. The overall value of the IDIQ MATOC contracts shall not exceed \$15M, base year and all options combined. OFFERS ARE DUE BY 1:00 PM ET ON MARCH 12, 2020.
