

# Federal Contract Opportunities Update

Notices for July 6-12, 2020

This update contains summaries of procurement notices issued between July 6-12, 2020 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

## **HAZARDOUS WASTE REMOVAL SERVICES (SRCSGT)**

**SOL:** 36C24720Q0742

**DUE:** 071520

**NAICS:** 562211. The purpose of this synopsis is to gain knowledge of potential qualified sources and their size classifications (service-disabled/veteran-owned small business (SDVOSB/VOSB), HUBZone, 8(a), small business, small disadvantaged business, woman-owned small business, FSS/GSA contract schedule holders, or large business) relative to NAICS 562211 (Hazardous Waste Treatment and Disposal), size standard \$41.5M. Responses to this synopsis will be used by the Government to make appropriate acquisition decisions. Network Contracting Office 7, Charleston, SC, is seeking sources for a potential contractor to provide the following services at the Ralph H. Johnson VA Medical Center (RHJVAMC), 109 Bee Street, Charleston, SC 29403, and the RHJVAMC Warehouse, 3151 W. Montague Avenue, N. Charleston, SC 29418. These services shall include all services, materials, supplies, containers, labor, analysis and support to categorize, package, transport, document, and dispose of hazardous waste with the exception of bio-hazardous and/or radioactive waste. Contractor shall also provide quarterly and annual waste summary reports. Period of performance is anticipated as one base year and 4 option years. RESPONSES ARE DUE VIA EMAIL BY 2:00 PM ET ON JULY 15, 2020.

## **HEXAVALENT CHROMIUM TESTING SERVICES (SRCSGT)**

**SOL:** 70Z03820IE0000005

**DUE:** 071620

**NAICS:** 541380. The U.S. Coast Guard's Aviation Logistics Center is conducting market research to determine a solution for analyzing submitted samples taken on a quarterly basis for the presence of hexavalent chromium [Cr(VI)]. Responses to this sources sought will help the government determine what commercial solutions and sources exist. The government will further use this information to help determine an appropriate acquisition strategy for this effort. The contracted environmental laboratory must be equipped to analyze Cr(VI) samples using OSHA W4001. Samples must be analyzed for this particular species of chromium, and

not for total chromium. The contracted environmental laboratory must be certified by the American Industrial Hygiene Association-Laboratory Accreditation Program (AIHA-LAP) (ISO/IEC 17025 Accreditation). RESPONSES ARE DUE BY 10:00 AM ET ON JULY 16, 2020.

### **S222--HAZARDOUS WASTE DISPOSAL (SRCSGT)**

**SOL:** 36C25020Q0867

**DUE:** 071720

**NAICS:** 562211. This sources sought notice is issued for market research purposes to determine the presence of any businesses capable of satisfying the John D. Dingell VA Medical Center's (JDDVAMC, 4646 John R, Detroit, MI 48201) requirements for an industrial services contractor under NAICS code 562211. The JDDVAMC has a requirement for a contractor to perform industrial waste removal, including waste determination, waste preparation, waste transportation to the waste destination facility, as well as recycling, treatment and disposal or destruction of industrial waste. The JDDVAMC's industrial waste includes hazardous waste, non-hazardous waste, liquid industrial waste, and recyclables. CAPABILITIES STATEMENTS ARE DUE BY 4:00 PM ET ON JULY 17, 2020.

### **99 -- FY 2020 DOE OFFICE OF ENVIRONMENTAL MANAGEMENT (DOE-EM) MINORITY SERVING INSTITUTIONS PARTNERSHIP PROGRAM (MSIPP) (SRCSGT)**

**SOL:** 2020-SRNS-MSIPP

**DUE:** 072420

**NAICS:** 541713 / 541714 / 541715 / 611310. Savannah River Nuclear Solutions (SRNS) solicits expressions of interest from Minority Serving Institutions (MSI) that provide research, design, development, engineering, test and evaluation, and educational services to assist in the accomplishment of the current and future missions of the DOE's Office of Environmental Management. Services shall include all areas of professional development that support defined DOE-EM research and development needs. Collaboration with partners and funding agencies, preparation of written reports, and presentations of results shall be elements of provided services. This program covers applied research and related activities in science, technology, engineering, and mathematics (STEM) that support defined EM needs in site restoration and tank waste. Activities performed in collaboration with DOE laboratories are especially encouraged. The hub national laboratory for the MSIPP is Savannah River National Laboratory. To be considered eligible for the MSIPP, an MSI must (1) award bachelor's degrees in STEM disciplines; (2) be an accredited postsecondary public or private institution; (3) be a nonprofit institution; and (4) enroll populations with significant percentages of undergraduate minority students, or serve certain populations of minority students under various programs created by Congress. Any eligible MSI interested in submitting a proposal for financial assistance for applied research and related STEM activities on the Sub-Program Priority Areas and Research Needs listed must respond via email with a letter of interest. RESPONSES ARE DUE BY 5:00 PM ET ON JULY 24, 2020.

#### **P -- ATTWATER ASBESTOS REMOVAL & RESIDENCE DEMO (COMBINE)**

**SOL:** 140F0220R0030

**DUE:** 081320

**NAICS:** 562910. THIS REQUIREMENT IS A TOTAL SMALL BUSINESS SET-ASIDE. A residence formerly used as a bunkhouse at the Attwater Prairie Chicken National Wildlife Refuge must undergo asbestos abatement prior to demolition and safe removal of all materials, foundations, and debris from the area. Scope includes all of the above. The building is approximately 1588 square feet on a primarily pier and beam foundation with central A/C. Construction material is primarily wood with hardy plank and shiplac materials, and it has an existing metal roof. Details are available only on FedConnect at

<https://www.fedconnect.net/FedConnect/?doc=140F0220R0030&agency=DOI>. OFFERS ARE DUE BY 10:00 AM ET ON AUGUST 13, 2020.

#### **F -- CORRECTIVE MEASURES IMPLEMENTATION (CMI) FOR EIGHT (8) SOLID WASTE MANAGEMENT UNIT (SWMU) SITES, HAWTHORNE ARMY DEPOT, NEVADA (PRESOL)**

**SOL:** W9123820R0065

**NAICS:** 562910. This will be a competitive acquisition for award of a firm-fixed-price contract TO BE ISSUED AS A SET-ASIDE FOR 8(A) SMALL BUSINESS. The solicitation will be publicized

as such on beta.SAM.gov. The U.S. Army Corps of Engineers, Sacramento District, intends to issue an RFP solicitation for corrective measures implementation for 8 solid waste management unit (SWMU) sites, Hawthorne Army Depot, Mineral County, Nevada. The installation occupies approximately 147,236 acres. Contractor shall be responsible for providing full environmental restoration services for which the U.S. Department of the Army is statutorily responsible; addressing any and all environmental, explosive safety, scheduling, and regulatory issues; and assuming contractual liability and responsibility for the achievement of the performance objectives for the cleanup sites at Hawthorne Army Depot, including any sites with off-installation contamination for which the Army is responsible. Corrective measures implementation is being conducted pursuant to RCRA with regulatory coordination with the Nevada Division of Environmental Protection. The estimated period of performance is 5 years from award date. RELEASE OF THE SOLICITATION IS ANTICIPATED ON OR ABOUT JULY 24, 2020, and proposals likely will be due on or about August 24, 2020.

### **INTERNATIONAL REMEDIATION ENVIRONMENTAL SERVICES - GENERATION TWO (IRES2) (SNOTE)**

**SOL:** PANHES-20-P-0000-000391

**NAICS:** 562910. This notice is issued to provide an update on the future solicitation for IRES2. The U.S. Army Corps of Engineers Huntsville Engineering and Support Center (CEHNC), Ordnance & Explosives Directorate is planning an acquisition for the procurement of International Remediation and Environmental Services-Generation Two (IRES2). CEHNC is designated a Military Munitions Design Center for conventional munitions and is the only design center authorized to execute any phase of Chemical Warfare Materiel response projects for USACE. The multiple-award task-order IDIQ contract will be a hybrid consisting of both FFP and CPFF task orders due to the complexity of the work and the unknown. The total shared capacity is \$750M with a period of performance of five years (36-month base and two 12-month option periods). The ESTIMATED milestones are as follows: Issue Synopsis - May FY21; Issue RFP - June FY21; Award Date - August FY22.
