#### **A -- SCIENTIFIC, TECHNICAL, ENGINEERING AND PROGRAM SUPPORT SERVICES (SRCSGT)**

**SOL:** W911SR-19-R-STEPSS

**DUE:** 070620

**NAICS:** This sources sought constitutes market research and is for informational purposes only. The Army Contracting Command-Aberdeen Proving Ground (ACC-APG) is posting this draft Performance Work Statement for its requirement for Scientific, Technical, Engineering and Program Support Services (STEPSS). Contractors are encouraged to review the draft PWS and submit questions and comments to the contracting office. When the solicitation is

released, it will be for an IDIQ contract with, when applicable, performance-based task and delivery orders for the Combat Capabilities Development Command (CCDC) Chemical Biological Center. The CCDC Chemical Biological Center develops technologies such as protective masks and respiratory systems; biological agent detectors and warning devices; and decontamination systems to protect both soldiers on the battlefield and civilians here at home. The contract will provide acquisition life-cycle support services to include administrative, project management, technical support for research, development, test and evaluation, engineering and acquisition support, and logistics/sustainment support. The purpose of the contract is to service the needs of CBRNE (chemical, biological, radiological, nuclear, and explosives) defense agencies. RESPONSES ARE DUE BY 5:00 PM ET ON JULY 6, 2020.

#### **DISMANTLING, DEMOLITION, OR REMOVAL OF IMPROVEMENTS (DDR) CONTRACT FOR WORK AT A FEDERAL FACILITY (SOL)**

**SOL:** W912DQ20R4008

**DUE:** 071020

**NAICS:** 562910. THIS PROCUREMENT IS FULL AND OPEN under NAICS code 562910 (Remediation Services), small business size standard \$22M. The U.S. Army Corps of Engineers (USACE) Kansas City District intends to issue a single firm-fixed-price DDR contract for work at a federal facility located in the Kansas City metro area. The requirements awarded under this contract will be for environmental survey and demolition of contaminated and non-contaminated facilities, which will include environmental contamination assessment, remediation services, demolition/disposal and incidental engineering services. Key aspects of this project include coordination with Government and installation operating contractor; preparation of work plans; field investigations; reports; obtaining environmental and safety permits; well abandonment; meetings; range clearance activities; other military munitions activities; environmental services; and demolition. Environmental services include but are not limited to environmental contamination assessment; sampling; laboratory analysis; documenting / reporting the existence of hazardous materials, including quantities; and minor soil remediation. Hazardous materials may include lead, asbestos, explosive residue, chemical materials, chemical wastes, metals, munitions and unexploded ordnance. Demolition requirements include demolition of explosive facilities, non-explosive facilities, and supporting/ancillary infrastructure. Work includes asbestos remediation; lead remediation;

explosive decontamination/ removal/ neutralization/ disposal; other hazardous waste removal and disposal; well abandonment; removal of drives, roadways, sidewalks and other pavements; removal of earthen berms; and removal/abandonment of underground/aboveground utilities. The work encompasses multiple facility types, such as the well pump house, equipment pad, wash pad, storage facility, office building, lab facility, chlorine storage facility, air compressor facility, wastewater lift station, and the storage tank and range support facility. The Government will evaluate the performance capability of offerors in accordance with the criteria described in the solicitation and award the contract based upon a best-value trade-off process. The estimated magnitude of this project is between \$1M to \$5M. Performance period is about 470 calendar days from Notice to Proceed. The official solicitation package will be posted to the Plan Room via [www.projnet.org](http://www.projnet.org). Only U.S.-registered companies with active SAM registration under NAICS code 562910 will be provided the Plan Room key. RESPONSES ARE DUE BY 10:00 AM CT ON JULY 10, 2020.
