Federal Contract Opportunities Update

Notices for March 30-April 5, 2020

This update contains summaries of procurement notices issued between March 30-April 5, 2020 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the FedBizOpps website.

**PFAS LAB ANALYSIS (SOL)**
**SOL:** 140G0220Q0089
**DUE:** Apr 14, 2020
**NAICS:** 541380. THIS IS A 100% SMALL BUSINESS SET-ASIDE, NAICS code 541380 (Testing Laboratories). The U.S. Geological Survey has a requirement for laboratory analysis of water, sediment, and tissue samples for per- and polyfluoroalkyl substances (PFAS) in accordance with solicitation 140G0220Q0089, which is available only on FedConnect at https://www.fedconnect.net/FedConnect/?doc=140G0220Q0089&agency=DOI. QUOTES ARE DUE BY 5:00 PM ET ON APRIL 14, 2020.

**CHEMICAL ANALYSIS TO SUPPORT HEALTH ASSESSMENT (COMBINE)**
**SOL:** 68HEOB20Q0136
**DUE:** Apr 17, 2020
**NAICS:** 541380. THIS ACQUISITION IS UNRESTRICTED. The Government intends to award a firm-fixed-price Purchase Order to the responsible offeror whose offer conforms to the solicitation and is most advantageous to the Government, cost or other factors considered. Contractor shall perform a comprehensive, integrated study that provides both quantitative and qualitative chemical analyses on water samples in coordination with and in support of the need to understand the potential human health risks associated with human use of and consumption of water disinfected with oxidizing agents such as chlorine or chloramine. Chemical analysis will be performed on water samples for U.S. EPA's Center for Public Health and Environmental Assessment. Contractor shall quantitate precursor substances and unregulated and regulated disinfection byproducts and conduct both qualitative and semi-quantitative with both low- and high-resolution electron ionization (EI)-MS for several types of water samples, including source water, drinking water, waste water, recycled water, land-use-practice impacted water and water concentrates. Drinking water samples may be disinfected with a variety of common, emerging, and under-development disinfection scenarios, such as chlorine, chloramine, and UV among others; however, it is anticipated that the majority of the samples will be disinfected with chlorine or chloramine. The largest portion of the samples will be concentrated water. Project period: 35 months from beginning of contract period, assuming a June 2020 Start Date. OFFERS ARE DUE BY 4:30 PM ET ON APRIL 17, 2020.

**DRILL HOLES IN ASBESTOS TILE FLOOR (COMBINE)**
**SOL:** 70202720QQN95300
**DUE:** Apr 17, 2020
**NAICS:** 562910. THIS REQUIREMENT IS ISSUED AS A TOTAL SMALL BUSINESS SET-ASIDE, NAICS code 562910. USCG Base Portsmouth, VA, issues this solicitation notice of a synopsis/solicitation to drill holes in asbestos tile floor at USCG Training Center Cape May, 1
Munro Ave, Cape May, NJ 08204. Interested vendors can download the solicitation package from beta.sam. The estimated price of this project is less than $25,000. OFFERS AND DOCUMENTS ARE DUE BY CLOSE OF BUSINESS ON 17 APRIL 2020 and must be submitted via email at Angel.Pol@uscg.mil or fax (757) 483-8623. The Government will issue a purchase order resulting from this solicitation to the responsible quoter whose quote conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate quotes: Price, technical capability, past performance and delivery time.

LAB ANALYSIS (SRCSGT)

SOL: FA860120R0024

DUE: Apr 20, 2020

NAICS: 541380. The U.S. Air Force, LCMC/Operational Contracting Division, Wright-Patterson AFB, Ohio is seeking capabilities packages from potential sources, including small business, 8(a), HUBZone, Woman-Owned, and Service-Disabled Veteran-Owned small businesses that are capable performing chemical testing of water and hazardous waste characterization testing as defined in the Performance Work Statement (PWS) posted with the notice at beta.sam. Contractor shall perform chemical testing of water samples for compliance with National Pollutant Discharge Elimination System (NPDES) Permit requirements based on Ohio Environmental Protection Agency standards and the standards specified in the PWS. Contractor shall supply shipping containers, packing materials, ice/refrigerants, preservatives, labels, proper markings/identification, sample collection instructions, custody seals, and chain-of-custody forms for all samples to be analyzed. This will be a blanket purchase agreement. Detailed specifications are listed in the attachment at beta.sam. The NAICS code assigned to the forthcoming solicitation is 541380 (Testing Laboratories), small business size standard $15M. A key factor in determining an acquisition to be a Small Business Set-Aside is that small business prime contractors must perform at least 50% of the effort, as defined in FAR clause 52.219-14. The Government’s assessment of the capability statements received will factor into whether any forthcoming solicitation will be conducted as a full and open competition or as a set-aside for any small business program. Interested parties shall submit a capabilities package (25 pages max) with a cover letter. RESPONSES ARE DUE NO LATER THAN 12:00 NOON ET ON April 20, 2020.

MULTIPLE AWARD MILITARY MUNITIONS SERVICES, III (SOL)

SOL: W912DR-19-R-0051

DUE: May 19, 2020

NAICS: 562910. THIS ACQUISITION IS ISSUED AS A PARTIAL SMALL BUSINESS SET-ASIDE. The multiple-award military munitions services (MAMMS III) contracts are intended to provide the described services to support the USACE Baltimore District, Environmental & Munitions Design Center (EMDC) mission areas with respect to military munitions and maximized performance outcomes. For MAMMS III contracts for munitions and environmental responses services located within the Continental United States (CONUS), Alaska, Hawaii and U.S. Territories, Contractors shall primarily perform Military Munitions Response Program (MMRP) services to protect human health and environmental from hazards associated military munitions and contaminants of potential concern (COPCs). HTRW services incidental to MMRP shall also be performed, if required. For the purpose of this contract, the term HTRW response represents any and all remediation of hazardous substances required under DoD’s Installation Restoration Program (IRP) and FUDS HTRW projects. The ordering period will be
five years from the date of contract award and can be extended for up to 2 years by valid exercise of option to extend. OFFERS ARE DUE BY 1:00 PM ET ON MAY 19, 2020.

ARCHITECT AND ENGINEERING (AE) SERVICES TO SUPPORT THE USACE SOUTH ATLANTIC DIVISION, MOBILE DISTRICT'S ENVIRONMENTAL QUALITY PROGRAM FOR MILITARY, CIVIL WORKS, AND FEDERAL AGENCIES (SOL)

SOL: W9127819R0059
DUE: May 28, 2020
NAICS: 541330. THIS PROCUREMENT (NAICS code 541330) IS OPEN TO ALL AE FIRMS REGARDLESS OF SIZE. The Government intends to award approximately 11 contracts, including five or more unrestricted awards, three or more small business awards, and three or more 8(a) small business awards. The total shared capacity of all awards will be $249M broken down as follows: $199M UNRESTRICTED SHARED CAPACITY; $40M SMALL BUSINESS SET-ASIDE SHARED CAPACITY; AND $10M 8(A) SMALL BUSINESS SET-ASIDE SHARED CAPACITY for a term not to exceed five years. Work under this contract will be subject to satisfactory negotiation of individual firm-fixed-price task orders. Rates will be negotiated for each 12-month period of the contract. AE services to support Mobile District’s Environmental Quality Program for military, civil, and federal agencies will provide services for all products and studies associated with complex environmental compliance, planning, pollution prevention, conservation/NEPA, restoration/remediation design, and miscellaneous sustainment projects to include strategy development, plans, data gathering, analysis, evaluations, studies, designs and permitting action support that meet the definition of AE Services as defined in 40 U.S.C. 1101 and FAR 2.101. Interested AE firms or joint ventures with the capabilities to perform this work are invited to submit one complete PDF of their SF330 (Architect-Engineer Qualifications) proposal through DoD SAFE at https://safe.apps.mil/. SF330 PACKAGES MUST BE RECEIVED NO LATER THAN 12:00 NOON CT ON MAY 28, 2020.

S205--PACKAGING, TRANSPORTATION, AND DISPOSAL OF HAZARDOUS AND UNIVERSAL WASTE SERVICES (PRESOL)

SOL: 36C25620Q0487
NAICS: 562211. When the solicitation is released, THIS ACQUISITION WILL BE ISSUED AS A SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS (SDVOSB) SET-ASIDE. The Little Rock VA Medical Center (VAMC) located at 4300 W 7th St, Little Rock, AR 72205 has a requirement for contract packaging, transportation, and disposal of hazardous and universal waste services. Contractor shall provide all labor and personnel for hazardous waste, nonhazardous waste and universal waste service to include completion of manifests, materials, supervision, equipment, labels, collection, analyzing, sorting, transportation and disposal of hazardous waste by means of incineration, fuel blending, and/or reclaiming/recycling for John L. McClellan Memorial Veterans Hospital in Little Rock, AR, and the Eugene Towbin Medical Center in North Little Rock, AR, together known as Central Arkansas Veterans Healthcare System (CAVHS). This is a pre-solicitation notice only. RELEASE OF THE SOLICITATION IS ANTICIPATED ON OR ABOUT FRIDAY, APRIL 10, 2020.

R&D FOR WATER QUALITY (PRESOL)

SOL: W912HZ20R0009
NAICS: 541715. When it is released, THIS REQUIREMENT WILL BE ISSUED AS A TOTAL SMALL BUSINESS SET-ASIDE under NAICS code 541715. The US Army Engineer Research and Development Center (ERDC), Environmental Laboratory (EL), Water Quality and Contaminants Modeling Branch (EPW) Numerical Models for Assessment of Watershed Contaminants and Living Resources Team and the Cognitive Ecology and Ecohydraulics Team
requires tasks and deliverables for the development and application of predictive mathematical models to solve complex environmental challenges through multi-disciplinary integration of science and engineering. Outcomes of this research are to elucidate the ecological process issues that reduce the contamination of waterways and groundwater to protect the environment, fish, and wildlife. RELEASE OF THE SOLICITATION IS ANTICIPATED ON OR ABOUT APRIL 13, 2020. No technical questions will be considered prior to release of the solicitation.

ENVIRONMENTAL SAMPLING NSA, CRANE, IN (PRESOL)

SOL: N4008520R1202

NAICS: 541380. When the solicitation is released, IT WILL BE ISSUED AS A 100% SMALL BUSINESS SET-ASIDE under NAICS code 541380 (Testing Laboratories), size standard $15M. The NAVFAC MIDLANT Public Works Department (PWD) at Crane, Indiana, intends to utilize the contract resulting from this solicitation to accomplish environmental sampling services. The resulting award will be an IDIQ contract with non-recurring work requirements for sampling services related to asbestos, lead, PCBs, and additional other services as needed, including a Private Qualified Person (PQP). Sampling will take place in Indiana at various buildings at Naval Support Activity (NSA) Crane and Glendora Testing Facility, Sullivan. Contractor shall provide all labor, equipment, tools, supplies, transportation, supervision, quality control, and management necessary to perform all work requirements for environmental sampling to meet required standards. Asbestos inspections must be done by Asbestos Hazard Emergency Response Act (AHERA)-trained and certified technicians licensed in the State of Indiana. The contract will be competitively awarded using Low Price-Technically Acceptable selection procedures, which will consist of the submission of price and technical proposals. The contract will have a one-time guaranteed minimum of $2,500 and a contract maximum of $5M. The contract term will be a 12-month base period and four 12-month option periods, not to exceed 60 months. There is no procurement history as this is a first-time procurement. RELEASE OF THE SOLICITATION IS ANTICIPATED ON OR ABOUT APRIL 15, 2020, with proposals due no earlier than 30 calendar days after the actual release date.
