

Bradley D. Cross, R.G, P.G., is a Principal Hydrogeologist and Subject Matter Expert at ERM with over 35 years of experience in environmental consulting, water resources, and petroleum exploration. Specific areas of expertise include stratigraphy & sedimentology, hydrogeology, geophysics, and high-resolution site characterization. He holds a B.S. in Geology from Colorado State University and an M.S. in Geology from Texas A&M University.

For the past 10 years, Mr. Cross has been a pioneer in the application of nuclear magnetic resonance (NMR) geophysics to the environmental industry. He has worked with both regulators and industry, and has implemented numerous NMR investigations at sites across North America in a variety of geologic settings.
