

**MINISTRY OF THE ENVIRONMENT OF THE CZECH  
REPUBLIC**

# **Environmental Liabilities**

## **Summary**

**Environmental Damage Department**

**Květoslav Vlk, Josef Tomas**

**2007**

# Environmental Damages and Remediation of them(1)

- Remediation of contaminated sites of privatised plants (financed by National Property Fund and from 2006 by Ministry of Finance)
- Remediation of contaminated sites polluted by The Soviet Army (financed by ME )
- Contaminated sites – flooding and other water pollution accidents - Water Act no. 254/2001 (financed by ME CR)

# The Soviet Army contaminated sites (2)

- GD ČSFR no. 577/1991,
- GD ČR no. 2/1993,
- SA occupied in CR **73** localities, **60** localities were heavily contaminated,
- Total amount of contaminated soil was cca **1 240 000 m<sup>3</sup>**.
- Ground water pollution - petroleum hydrocarbons, chlorinated hydrocarbons, PCB, heavy metals and indications of chemical weapons,
- Actually remediated 5 locations (largest - former military air base **Hradčany**, Milovice – base, Milovice – former military air base Boží Dar, smaller locations - Všejaný – les, Bruntál).

# Long term and flood accidents (3)

- Danger of hard distress or pollution of surface and/or ground water in case of delay
- Funding is possible since 1.1. 2004 by regions up to 10 000 000 CZK,
- Examples: KOVO Bzenec, Agrolip Louka, Bor u Skutče, Milevsko, Bukovany, DUP Pelhřimov, Rakovník etc.
- Funding of acute flood accidents creating pollution of surface and/or ground water

# **Remediation of polluted sites left after mining and processing of mineral resources (4)**

- Remediation and revitalisation of brown coal opencast mining areas in North Bohemian regions (financed by MF)
- Remediation and revitalisation of North Moravian black coal mining district (financed by MF)
- Remediation of uranium in-situ leaching and underground mines, mills and impoundments (financed by MF and Ministry of Industry and Trade)
- Safeguarding the old mine sites (financed by ME)

# Contaminated sites evidence system
